ARTICLE I - RECOGNITION
For the purposes of collective bargaining with respect to salaries, hours, and other conditions of employment, the negotiation of collective bargaining agreements and any questions arising there under, the School Committee recognizes the Association as the exclusive bargaining agent for the professional employees covered by this contract. This contract shall presently cover classroom teachers, guidance counselors, coaches, nurses, educators, specialists, and any other teaching positions that shall develop within the school, but shall exclude coaches who are not teachers in the Medfield Public School System.

ARTICLE II - COMMITTEE RIGHTS CLAUSE
The Committee is a public body established under, and with the powers provided by, the statutes of the Commonwealth of Massachusetts. As the elected representatives of the citizens of Medfield charged with the responsibility for the quality of education in, and the efficient and economical operation of, the Medfield Public Schools, it is acknowledged that the Committee has the legal responsibility to establish the educational policies of the Medfield Public Schools.

Nothing in this Agreement shall be deemed to derogate or impair the powers and responsibilities of the Committee under the statutes of the Commonwealth or the rules and regulations of any agencies of the Commonwealth. Said rights and powers include, but in no way are construed as limited to, the subjects included in the contents of this Agreement.

As to every matter not covered by this Agreement, and except as is modified by the express language in any provision of this Agreement, the Committee retains to itself all rights and powers that it has, or may hereafter be granted by law, and may exercise the same at its discretion.

ARTICLE III - GRIEVANCE PROCEDURE
A. Definitions
1. A grievance shall be a dispute between an employee covered by this Agreement and the Committee over the interpretation or application of the provisions of this Agreement.

2. An “aggrieved person” is a person or persons making the claim.

3. A “party of interest” is the person or persons making the claim and any person who might be required to take action or against whom action might be taken in order to resolve the claim.

B. Purpose
1. The purpose of this procedure is to secure, at the lowest possible administrative level, equitable solutions to the problems which may from time to time arise affecting the welfare or working conditions of teachers. Both parties agree that these proceedings
will be kept as informal and confidential as may be appropriate at any level of the procedure.

2. Nothing herein contained will be construed as limiting the right of any teacher having a grievance to discuss the matter informally with any appropriate member of the administration, and having the grievance adjusted without intervention of the Association, provided the adjustment is not inconsistent with the terms of this Agreement and that the Association has been given the opportunity to be present at such adjustment and to state its views.

C. Procedure
Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level is the maximum, and every effort should be made to expedite the process.

In the event a grievance is filed on or after June 1, which if left unresolved until the beginning of the following school year could result in irreparable harm to a party in interest, the time limits set forth herein will be reduced so that the grievance procedure may be exhausted prior to the end of the school term or as soon thereafter as is practicable.

1. Level One - A teacher with a grievance will first discuss it with his/her principal or immediate superior, either directly or through the Association’s school representative, with the objective of resolving the matter informally.

2. Level Two -
   a. If the aggrieved person is not satisfied with the disposition of his/her grievance at Level One, or if no decision has been rendered within ten (10) school days after presentation of the grievance, he/she may file the grievance in writing with the Chairperson of the Association’s Committee on Professional Rights and Responsibilities (hereinafter referred to as the “PR&R Committee”) within five (5) school days after the decision at Level One or fifteen (15) school days after the grievance was presented, whichever is sooner. Within five (5) school days after receiving the written grievance, the Chairperson of the PR&R Committee will refer it to the Superintendent of Schools.

   b. The Superintendent will represent the administration at this level of the grievance procedure. Within ten (10) school days after receipt of the written grievance by the Superintendent, the Superintendent will meet with the aggrieved person in an effort to resolve it.

   c. If a teacher does not file a grievance in writing with the Chairperson of the PR&R Committee and the written grievance is not forwarded to the Superintendent within thirty (30) school days after the teacher knew or should have known of the act or condition on which the grievance is based, then the grievance will be considered as waived. A dispute as to whether a grievance has been waived under this paragraph will be subject to arbitration pursuant to Level Four.
3. **Level Three** – Level Three is available for grievances which concern matters which remain under the jurisdiction of the School Committee as a result of the Education Reform Act of 1993. Level Three shall not apply to disciplinary or operational matters. If Level Three does not apply, grievances shall proceed to Level Four. If the aggrieved person is not satisfied with the disposition of his/her grievance at Level Two, or if no decision has been rendered within ten (10) school days after he/she has first met with the Superintendent, he/she may file the grievance in writing with the Chairperson of the PR&R Committee within five (5) school days after a decision by the Superintendent, or fifteen (15) school days after he/she has first met with the Superintendent, whichever is sooner. Within five (5) school days after receiving the written grievance, the Chairperson of the P&R Committee will refer it to the School Committee. Within ten (10) school days after receiving the written grievance, the School Committee will meet with the aggrieved person for the purpose of resolving the grievance. The ultimate decision on the grievance at Level Three will, however, be rendered by the School Committee at the next normal, or regular School Committee meeting.

4. **Level Four** - If the aggrieved person is not satisfied with the disposition of his/her grievance at Level Three, or if no decision has been rendered within ten (10) school days after he/she has first met with the School Committee, he/she may, within five (5) school days after a decision by the School Committee or fifteen (15) school days after he/she has first met with the School Committee, whichever is sooner, request in writing the Chairperson of the PR&R Committee to submit his/her grievance to arbitration.

The Chairperson of the PR&R Committee will notify the School Committee within seven (7) school days from this time as to whether or not the grievance will proceed to arbitration.

D. **Arbitration**

1. In the event either party elects to submit a grievance to arbitration, the arbitrator shall be selected according to and shall be governed by the following procedure:

   a. The arbitrator is to be mutually selected by the Committee and the Association. If the Committee and the Association cannot agree within ten (10) school days after written notice of intention to arbitrate has been received by either party, then the party demanding arbitration shall, within five (5) school days thereafter, upon written notice to the other, request the American Arbitration Association to provide a panel of arbitrators, said arbitrator then to be selected under the provisions of the Voluntary Labor Arbitration Rules.

   b. Each party shall bear the expense of its representatives, participants, witnesses and for the preparation and representation of its own case. The fees and expenses (if any) of the Arbitrator and the American Arbitration Association shall be shared equally by the parties, provided that the obligation of the Committee to pay shall be limited to the obligation which the Committee can legally undertake in that connection. In no event shall any present or future member of the Committee
have any personal obligation for any payment under any provision of this arbitration procedure.

c. The arbitrator shall be bound by the procedure set forth in the Voluntary Labor Arbitration Rules as now in effect or hereafter established by the American Arbitration Association. He/she shall arrive at his/her decision solely upon the facts, evidence, and contentions as presented by the parties through the arbitration proceedings. The Arbitrator shall have no power to add to, subtract from, or modify any of the terms of this agreement in reaching his/her decision shall interpret this agreement in accordance with the commonly accepted meaning of the words used herein and the principle that there are no restrictions intended upon the rights and authority of the Committee other than those expressly set forth herein. Subject to the foregoing, the decision of the arbitrator shall be final and binding upon the parties.

d. Notwithstanding anything to the contrary, no dispute or controversy shall be the subject for arbitration unless it involves a grievance as specifically defined in this contract.

E. Rights of Teachers to Representation
1. No reprisals of any kind will be taken by the School Committee or by any member of the Administration against any party in interest, any School Representative, any member of the PR&R Committee or any other participant in the grievance procedure by reason of participation in the processing of a grievance.

2. Any party in interest may be represented at all stages of the grievance procedure by a person of his/her own choosing, except that he/she may not be represented by a representative or an officer of any teacher organization other than the Association. When a teacher is not represented by the Association, the Association shall have the right to be present and to state its views at all stages of the grievance procedure. Five (5) days prior to any meeting a letter will be sent to the School Committee stating who will represent the teacher.

F. Miscellaneous
1. If, in the judgment of the PR&R Committee, a grievance affects a group or class of teachers, the PR&R Committee may submit such grievance in writing to the Superintendent directly and the processing of such grievance will be commenced at Level Two.

2. The PR&R Committee shall only pursue a grievance with the permission of the person directly involved with the grievance.

3. A grievance must be brought to the attention of the principal or the immediate supervisor of a teacher within five (5) working days of the date of the grievance. Failure to file a grievance or to process it within stated periods shall be deemed a waiver of the grievance. In the event there is no answer to the grievance at the appropriate level within the stated time, it shall be considered denied and the teacher may file it at the next step of the procedure.
4. Decisions rendered at Levels One, Two and Three of the grievance procedure will be in writing setting forth the decision and the reasons therefore and will be transmitted promptly to all parties in interest and to the Chairperson of the PR&R Committee.

5. All documents, communications, and records dealing with the processing of a grievance will be filed separately from the personnel files of the participants.

**ARTICLE IV - COMPENSATION**

A. Subject to the provisions of this contract and the policies of the School Committee, the salaries, hours, and other conditions of employment applicable on the effective date of this contract to the employees covered by this contract shall continue to be so applicable, except as noted in Appendices A1 and A2.

The attached salary schedules reflect the following agreement regarding salary increases:

1. September 1, 2019: All steps will receive a 2% increase.
2. July 1, 2020: All steps will receive a 2% increase.
3. July 1, 2021: All steps will receive a 2% increase on Day 1 of the contract, plus a 0.25% increase on Day 91.

B. **Teacher Payments:**

1. Teachers will be paid bi-weekly every other Thursday in twenty-six (26) payments. The first payment shall be made no later than the second Thursday after the first day of attendance required for teachers.

2. In the event of the retirement or termination of a teacher, all monies earned and owed to said teacher shall be paid at the next pay period. In the event of death of a teacher, all monies earned and owed to said teacher shall be paid to the duly-appointed administrator or executor of the deceased teacher’s estate.

3. Teachers shall have their health and/or dental insurance premiums deducted in twenty-four (24) equal sums. These deductions will be made in the first two paychecks of each month.

C. **Summer Salary:** Teachers will be granted the option of receiving the balance of their salary in June for the remainder of the current contract, provided all obligations have been fulfilled. Written requests must be filed in the Superintendent’s Office on or before April 30.

D. **Increments:** Formal increments will be in accordance with the salary schedule, if granted by the Superintendent of Schools, but only when the performance of the teacher has been deemed satisfactory. Such increments shall be paid until the appropriate maximum for the degree held has been reached, provided that the requirement of paragraph F of Article IV has been satisfied.
Any teacher presently on maximum on an existing salary schedule will not automatically move to maximum when a new salary schedule is adopted, providing that the withholding of a raise is for failure to complete satisfactorily three approved credits in the teacher’s major teaching area or in an area related to his/her teaching assignment every three years or for professional reasons as noted below.

The withholding of a raise for professional reasons will be initiated only after efforts have been made to assist in improvement and after notification of intention to withhold for professional reasons. This will be based upon systematic reports and/or evaluations.

When necessary, administrators are required to explain the specific efforts and actions taken to assist affected teachers in becoming successful in their work. Reasons for withholding and the opportunity for a hearing will be provided upon request.

**E. Course Credit for Non-Professional Status Teacher:** A teacher with non-professional status must complete one 3-credit course during the three year probationary period. Should a teacher not complete this requirement, the Superintendent has the right to withhold a step increase on the salary scale in the fourth year of the teacher’s service until said teacher completes the above requirement. Teachers who do not complete the course requirement during their first three years in Medfield will not receive retroactive pay for the period of time during which their step increase has been withheld.

**F. Course Credit:** After attaining Professional Teacher Status, the minimum requirement shall be one 3-credit course in each three-year period. In the event that the minimum requirement is not met, no annual increments will be granted until such time as this minimum requirement has been satisfied. It is expected that the course taken will be part of an approved college or university program leading to an advanced degree; but in any case the course selected shall be submitted to the Principal and Superintendent for review and action in accordance with its guidelines. Course credit requirements will be waived if the professional teacher has attained a recognized advanced degree in education or content area in accordance with the DESE licensure regulations.

Effective September 1, 2004, the language set forth in Article IV, section D, paragraph two and section F shall be held in abeyance provided that the Department of Education continues to maintain its current certification requirements for professional staff. In the event that the Board of Education adopts less demanding standards than are currently in place (i.e., 2003-2004 school year), the existing language in Article IV, section D, paragraph two and section F shall be automatically re instituted and all bargaining members shall be subject to the requirements set forth therein.

**G.** In the event that the Superintendent requests a teacher to take a course and the teacher agrees, the Committee shall reimburse the teacher for a graduate course from an accredited institution within the teacher’s area of certification and/or the teacher’s area
of teaching, provided that the teacher receives a grade of B or better, or if the course is offered on a pass/fail basis, the teacher receives a pass.

In the event that a teacher chooses to take a course in pedagogy or in his/her area of certification or teaching from an accredited institution or other course/program, provided that the course/program allows for the option of earning graduate college credit and the course/program is approved in advance by the Superintendent, the following provisions will apply. The Committee shall reimburse a teacher for a course(s)/program(s) approved in advance by the Superintendent in an amount not to exceed the schedule below:

Effective September 1, 2014 $750.00

Notwithstanding the foregoing provisions, the maximum amount to be expended by the Committee for such course reimbursement shall follow the schedule below:

Effective September 1, 2014 $42,500

For the first year of this contract and continuing forward, teachers shall apply for course reimbursement on a first-come, first-serve basis. Beginning July 1st preceding each school year, teachers are eligible to apply for reimbursement for one (1) course they are planning to take that summer, fall or the following spring. The Superintendent shall maintain a list of those employees who have made application for and have been granted such reimbursement. It is understood that teachers taking courses in the summer prior to the start of the school year shall not receive reimbursement until after September 1st, when the teacher submits documentation that he/she received a grade of B or better, or if the course is offered on a pass/fail basis, the teacher receives a pass. Also, beginning July 1st preceding each school year, teachers are eligible to apply for reimbursement for a second course they are planning to take that summer, fall or the following spring. In the event that there are remaining course reimbursement monies after April 1st, teachers will be eligible for reimbursement for their second course based on the date on which they submitted their request for reimbursement for a second course. Prior to April 1st a written update will be provided to the staff of available funds for reimbursement.

A teacher shall be required to teach in Medfield for a minimum of one year following receipt of tuition reimbursement, absent extenuating circumstances; otherwise the teacher shall refund any tuition reimbursement received to the school district. The parties understand and agree that no teacher shall be eligible for a second course until all other eligible teachers have been given an opportunity to apply for reimbursement for a first course.

H. Credit for Experience: For teachers new to the Medfield Public Schools, previous teaching experience, special skills and other non-teaching experience will be given due consideration in determining the initial salary step. While not bargaining unit members, if a long-term substitute works ninety-one (91) or more consecutive days as a long-term substitute and is subsequently re-hired the following year, the employee will receive one year’s credit for his/her service.

I. Credit for Earning Advanced Degrees:
1. For teachers who are new to the Medfield Public Schools and hold degrees beyond the Bachelor’s Degree, full credit will be given in accordance with the salary schedule.

3. M60/CAGS
   
   a. Beginning July 1, 2022, teachers who earn a CAGS degree will be eligible for lane movement into the Master’s + 60 (M+60) salary lane. Any employee who holds a CAGS degree will be eligible to apply for lane movement beginning September 2, 2021.
   
   b. Beginning July 1, 2022, the M+60 lane on the salary schedule shall be renamed “M+60 / CAGS” to reflect the above agreement.

J. Salary adjustments will be effective in September. In order for lane movement to be retroactive to September 1, all teachers must complete the following steps: 1) all teachers who contemplate moving to a new lane shall complete their coursework by no later than September 1st; 2) all teachers shall notify the Superintendent’s office in writing by no later than September 1st of their movement; and, 3) all teachers shall provide the Superintendent’s office with documentation that they have completed their coursework supporting the lane change by no later than January 1st.

K. If teachers have completed their work day and are called back by the Administration to attend core meetings, said teachers will be compensated at the rate of $16.86 per hour.

L. Effective September 1, 2006, compensation for chaperoning overnight trips will be increased to $100.00 per night. For purposes of this section, whenever the Washington, D.C. trip returns to Medfield after 10:00 p.m., participating teachers shall be eligible for the stipend for that night. Teachers who normally receive a stipend for supervising an activity that organizes overnight activities will not be eligible for this additional compensation.

M. A teacher will receive salary increment if the teacher has worked a minimum of 92 days in the school year.

N. Effective September 1, 2005, members of the bargaining unit, who have served at least twenty (20) years as a teacher in the Medfield Public Schools, but less than twenty-five (25) years, shall be eligible for a longevity payment in the amount of seven hundred fifty dollars ($750.00). Members of the bargaining unit who have served at least twenty-five years (25) as a teacher in the Medfield Public Schools shall be eligible for a longevity payment in the amount of one thousand dollars ($1,000.00). Length of service to qualify for longevity payments does not revert to zero in the
event an employee has a break in service; however, any time during a break in service shall not count toward eligibility for longevity.

Effective September 1, 2016, members of the bargaining unit, who have served at least the following years as a teacher in the Medfield Public Schools shall be eligible for the following longevity payment:

**ARTICLE XV - SABBATICAL LEAVE**

The policy of sabbatical leave is intended to help maintain and improve the quality and efficiency of instructional service in the Medfield Public Schools. It is an additional opportunity for teachers to extend their professional competence and to better serve the Medfield Schools.

A. The Superintendent of Schools may grant the request of such leave if he/she judges it will enlarge the professional competence of the applicant and improve the general efficiency of the teaching services.

B. All professional employees are eligible for sabbatical leave and are considered in the following regulation in the term “teacher”.

C. All professional employees recognized by this contract are eligible for sabbatical leave. Sabbatical leave shall be granted in accordance with the following provisions:

1. Any teacher who has completed seven or more years of continuous satisfactory service in the Medfield Public Schools may be granted a leave of absence for one semester or two semesters for study or research on a full time basis. Said teacher shall receive 50% of his/her salary.

2. The applicant shall not be eligible for subsequent leaves until he or she has served another period of seven continuous years of successful service. Those using only a part of their sabbatical will be eligible upon reapplication for the remainder without serving an additional seven years.

3. *Number of Leaves Authorized:* Not more than one (1) teacher of all teachers in the system shall be granted sabbatical leave during any given academic year. Preference to be given to requests for full year sabbaticals.

4. *Application for Leave:*
   a. Application shall be made on or before February 1 of any year. If approved, such leave shall officially begin at the beginning of either the first or second semester of the year immediately following. Each applicant shall be notified as to the disposition of his or her application no later than April 30.
b. Application shall be made upon a form prescribed by the Superintendent, and shall include a program of study or research to be followed by the teacher during the period of leave.

c. In reviewing sabbatical leaves of absence, the Superintendent shall give consideration to the use to be made of the requested leave and to seniority in service. Similarly, consideration shall be given to the reasonable and equitable distribution of the application among the different schools, grade levels, and departments.

5. If the number of teachers who apply for sabbatical leave in any year exceeds one (1) member of the total professional staff, then selection of the teacher for sabbatical leave will be made from the following groups:

a. Teachers with long periods of service without sabbatical leave who require support in order to serve efficiently.

b. Teachers who wish to upgrade skills in accordance with a plan for improved teaching effectiveness or improved classroom practices.

c. Teachers who are engaged in a significant research study which will benefit the Medfield Public Schools or education in general.

d. Teachers whose sabbatical study will lead to an advanced degree.

The application of these criteria will not be used to deny a sabbatical leave to a teacher who is eligible for sabbatical leave.

6. Subsequent Service: Prior to granting such leave, teachers shall enter into a written agreement with the Superintendent that upon termination of such leave he/she will return to service in the Public Schools of Medfield for a period equal to twice the length of such leave, and that in default of completing such service, he/she will refund to the Town of Medfield an amount equal to such proportion of salary received by him/her while on leave as the amount of service not actually rendered as agreed bears to the whole amount of service agreed to be rendered, unless such teacher is incapacitated, has been discharged, or has been released for good and sufficient reasons by the Committee from this obligation.

7. Professional Teacher Status and Pension Status: Contributions to the retirement fund by the teacher shall continue through the period of sabbatical leave and shall count as regular service for such retirement. Professional teacher status privileges and salary increments shall continue just as they might in normal employment. Group insurance will be continued during the duration of the leave.

8. Illness or Accident: Should the program of study or research being pursued by the teacher on sabbatical leave be interrupted by serious accident or illness verified by the Superintendent, this unforeseen fact shall not be considered as a breach of the contractual agreement nor prejudice the teacher against receiving all rights and
benefits provided for under the terms of the sabbatical leave policy, providing the Superintendent was notified of such accident or illness by registered letter within fifteen (15) days of its occurrence.

9. **Forfeiture of Leave:** If, in the opinion of the Superintendent, the teacher on sabbatical leave is not fulfilling the purpose as stated under eligibility Section 4B for which the leave was granted, the Superintendent may terminate the leave of absence as of the date of its abuse. In the event of such termination, the teacher will return to active duty as assigned by the Superintendent.

10. **Return to Active Duty:** A teacher on sabbatical leave for the first semester of any school year shall notify the Superintendent in writing on or before December 1 of that year of his or her intention to return to duty the following semester. If leave has been granted for the second semester or the entire school year, the teacher shall give such notification on or before April 1.

11. **Reinstatement:** Upon the termination of the sabbatical leave, the teacher who has complied with the regulations set in the aforementioned paragraphs shall be reinstated in the position he or she held at the time such leave was granted, or an equivalent position, unless he or she shall agree otherwise.

E. The teacher shall, at the expiration of his/her sabbatical leave, present satisfactory evidence that the period of leave has been utilized in good faith for the purpose of which it was granted before the aforementioned reinstatement is exercised.

F. The Association shall not be held liable in the event a teacher fails to render his/her required service following his/her leave.

**ARTICLE XVI – MATERNITY/PATERNITY/ADOPTION LEAVE**

A. Maternity leave: Teachers shall be granted maternity leave. Such leaves to be governed by the following condition:

1. Employee without Professional Teacher Status. An employee without professional teacher status, who has been employed by the Committee for at least three (3) consecutive months as a full-time employee, shall be entitled to maternity leave for a period not to exceed twelve (12) weeks (8 weeks of which may be paid provided that the teacher in question has sufficient accrued sick leave available); if any regularly scheduled school vacation days fall during any portion of the eight week period of leave, the employee shall be entitled to additional days equal to the same number of scheduled school vacation days. This provision does not apply to summer vacation periods or Saturdays and Sundays, which fall during a school vacation period. Said leave shall be for the purpose of giving birth and recovery from any disability resulting there from. The employee shall give at least sixty (60) calendar days written notice to the Superintendent of Schools of her anticipated date of departure and intention to return to duty. Such notice shall include a written statement from her physician attesting to the employee’s ability to continue performing the full duties and responsibilities of her position and giving his/her estimate of the delivery date and
shall be considered as a request for leave under the provisions of the Family and Medical Leave Act of 1993. She shall be permitted to continue on active duty until such date, provided she does perform the full duties and responsibilities of her position and furnishes additional statements from her physician upon the reasonable request of the Superintendent or his/her designee.

2. Employee with Professional Teacher Status. An employee with professional teacher status may be entitled to maternity leave for a period of up to two (2) years, except as is otherwise provided herein, from the date of its commencement, provided, wherever possible, she gives at least sixty (60) calendar days written notice to the Superintendent of Schools of her anticipated date of departure and intention to return to duty. Such notice shall include a written statement from her physician attesting to the employee’s ability to continue performing the full duties and responsibilities of her position and giving his/her estimate of the delivery date and shall be considered as a request for leave under the provisions of the Family and Medical Leave Act of 1993. She shall be permitted to continue on active duty until such date, provided she does perform the full duties and responsibilities of her position and furnishes additional statements from her physician upon the reasonable request of the Superintendent or his/her designee. Normally, the employee will be permitted to return to duty only at the beginning of a school year, unless she returns within twelve (12) weeks after the commencement of her maternity leave. In the event an employee’s leave of absence of one (1) year shall expire after the beginning of the school year, the leave of absence shall be extended to the beginning of the next school year to permit the employee’s return to duty at such time. Under the exceptional circumstances, (such as but not limited to miscarriage or death of a child) a teacher desiring to return to her teaching duties at a time other than those set forth above may make written application for reinstatement to the Superintendent. The Superintendent may grant such reinstatement.

The employee with professional teacher status may elect to use her accumulated sick leave during her period of physical disability as a result of childbearing for a period of eight (8) weeks. Sick leave shall be paid only during the time period in which a physician certifies the employee to be physically disabled and only to the extent of the number of sick leave days the employee has accumulated. The request to use accrued sick leave shall be made in writing to the Superintendent.

3. In the event an employee fails to return to duty at the expiration of her maternity leave, the employee shall be deemed to have resigned, and the obligation of the Committee to provide a position for her shall cease.

4. All benefits to which the employee was entitled at the time of her leave of absence commenced, including any unused accumulated sick leave shall, except as is otherwise provided herein, be restored to her upon her return, and she shall, as otherwise provided herein, be assigned to the same teaching position which she held at the time such leave commenced, if such position is available, or if it is not available, to a substantially equivalent teaching position. Upon her return, the employee shall not advance in increment unless she shall have worked at least one hundred (100) days in the school year in which her leave commenced either in the
Medfield Public School system or in another school system. The Committee shall not be required to restore an employee on maternity leave to her previous or similar position due to economic conditions or other changes in operating conditions affecting employment during the period of her maternity leave; provided, however, that the employee on maternity leave shall retain any preferential consideration for any other position to which she may be entitled as of the date her leave commenced.

5. The parties recognize that the Family and Medical Leave Act (FMLA), as amended, may establish rights different from those expressed in this article. The extent that this is true, the greater of those rights (i.e. FMLA rights vs rights under this article) will control, but those greater rights will not be in addition to the lesser rights. Where an employee takes leave under one of the articles set forth in this agreement for a reason which would entitle the employee to leave under the FMLA, such leave will also be considered FMLA leave and will be deducted from the employee’s statutory FMLA leave entitlement.

B. Paternity Leave: Teachers shall be granted paternity leave. Such leaves to be governed by the following conditions:

A teacher whose spouse is hospitalized for the purpose of child bearing and recovery shall be entitled to utilize up to five (5) consecutive days of accrued sick leave upon the birth of the baby and shall be granted two additional days of paid personal leave. Said two additional days of paid personal leave must be used during the period from two weeks following delivery.

C. Adoption Policy:
Bargaining unit members who adopt a child shall be entitled to utilize up to ten (10) days of accrued sick leave for adoption-related travel, court appearances, appointments with social workers or adoption agencies or attendance at other meetings or processes required in connection with the adoption of a child. Adoptive parent(s) shall be entitled to utilize up to five (5) days of accrued sick leave upon the child’s arrival home. Additional time may be granted at the discretion of the Superintendent.

In such cases, deductions for new employees would begin with the first paycheck in January.

E. All regular full time and regular part-time employees, as long as the part-time employee is at least half time, covered by this Agreement hired after December 7, 1992, will be subject to the terms of an Agency Service Fee, which shall be consistent with the regulations of the Labor Relations Commission.

As a condition of employment during the life of this Agreement, every full time member of the bargaining unit who is not also a member of the Association shall pay or, by payroll deduction, shall have agreed to pay to the Association an Agency Service Fee in an amount permitted by law.
Whenever such unit member shall not have fulfilled this condition of employment, the Committee shall act to dismiss him/her pursuant to Massachusetts General Laws Chapter 71, Section 42.

F. The Committee agrees to deduct from the salaries of its employees, the premium for either short or long-term disability insurance issued by UNUM/Vista Financial Group. Employees shall be responsible for paying 100% of the premium.

When reasonably necessary, a teacher will be on duty to discharge his/her professional responsibilities, such as Open House and Parent/Teacher Conferences. On any day that a teacher is expected to perform duties such as those mentioned
above, that teacher shall have the option to leave ten (10) minutes after the student

D. Each teacher in the system shall have a duty-free lunch period of at least the length of
the regular student lunch period. If this is impossible to schedule, particularly at the

to be 184 days. No personal days will be granted on the last non-school work day for
teachers.

F. Teachers may leave their buildings in enough time to be able to attend 3:00 p.m.
Association meetings if all their professional duties are completed.

G. The current practice pertaining to the level of the work load in school year 1984-85
shall continue through the life of the Agreement.

H. Common Planning time: Teachers will meet once a week with their team/department
for common planning time. These meetings will be used for common planning time
and collaboration among staff members. This time may be used for grade level, cross
grade and collaborative team work where professional learning communities engage
in activities encompassing instruction, assessment and/or curriculum matters. These
meetings will take place during the teacher contracted day.

I. Staff meeting: There will be one full faculty meeting per month September through

Teachers will be notified of the grades and/or subjects that they will teach, and any special or unusual classes that they will have for the coming school year prior to the close of school in June, or by mail as soon as determined. Teachers who have not been notified per above by the close of school in June should inquire of their principal as to the whereabouts of their notification.

B. In order to ensure that pupils are taught by teachers working within their area of competence, teachers will not be assigned, except temporarily and for good cause, outside the scope of their teaching licensure and/or their major or minor fields of study, and/or previous teaching experience.

C. In arranging the schedules for teachers who are assigned to more than one school, an effort will be made to limit the amount of inter-school travel. Such teachers will be notified of any changes in their schedules as soon as practicable.

D. Teacher assignments will be made without regard to race, creed, color, religion, nationality, gender or age.

E. Teachers who desire a change in grade or subject assignment will file a written request for the change with the Content Area Specialist (if applicable), Principal, and Superintendent not later than April 1. As soon as practicable, but not later than June 30, the Superintendent will notify each teacher requesting a change of the action taken in regard to the request.

F. The decision of the Superintendent involving the selection, retention, assignment, transfer, or promotion of a teacher will be in accordance with the Education Reform Act of 1993.

G. Qualifications and specifications shall be established for all vacancies and for new positions. Qualifications for future vacancies will not be changed without prior notice.

H. In making school assignments, the administration will consider teachers’ classroom profiles from previous years, taking into account the scheduling needs, financial
issues and individual student needs. This language shall not be subject to the parties’
grievance and arbitration procedure.

I. Online courses for students will not be offered when the same course is already
offered in the school, except in cases of scheduling issues. If an online course shows
popularity (more than 8 students enrolled), best efforts will be made to offer it as an
in-house course the next year.

ARTICLE XX- CLASS SIZE

A. It is desirable to limit class size, in most areas, in relation to the subject taught, type of
student, physical plant, availability of staff and various support facilities and/or
techniques. Class size, where practicable, should be held to a maximum of twenty-
five (25) students.

B. The exceptions of (A) above are in subjects such as family and consumer science, art,
business, kindergarten, physical education, music, special education, sciences, and
any other areas where the safety, number of teaching stations, physical layout, and
Department of Education requirements shall limit the maximum class size. Classes
containing students in need of specialized instruction shall be held to a number that
will permit the optimum learning conditions, insofar as it is practicable. Classes shall
be so composed that the respective needs in a grade or school shall be fairly
apportioned.

C. The foregoing standards are subject to modification for conformity to the policy and
educational purposes of the Medfield individual approach to education, and shall not
prevent the use of specialized or experimental techniques, nor will they cause split or
half classes or other limitations that are unreasonable in the light of existing
conditions. However, if a teacher considers that there may have been excessive
departures from the agreed standards, a complaint may be filed and shall be subject to
the grievance procedure.

   1. He/she is certified to teach within said grouping(s) pursuant to Chapter 71, Section 38G of the Massachusetts General Laws; and, “Any teacher gaining professional teacher status as of September 1, 1995, will gain membership in a group when he/she is certified to teach within said grouping and he/she has a minimum of twenty (20) percent direct teaching time in the group for six (6) consecutive semesters.”
   2. Effective September 1, 2006, he/she is currently teaching or has taught within said grouping(s) within the past five (5) years.

E. There shall be a recall period of twenty-four (24) months from the date of layoff.

F. Recall shall be in reverse order of layoff.

G. In the event that a teacher is recalled to a position within a grouping from which he/she was not laid off, the Committee may require retraining after a meeting

H. The Committee agrees to provide an in-service workshop for teachers whose employment is terminated due to a reduction in force.

I. Seniority shall be defined as the total length of continuous service in the bargaining unit. Teachers on unpaid leave shall not have the time on such leave credited toward their total length of service.

J. Those teachers who started working on the same day and year will be considered to have equal seniority. The Superintendent will recommend which of these teachers will be laid off if a reduction in force is necessary. This recommendation will be made as soon as practicable after Town Meeting, but in no event later than the closing date of the teachers’ work year.

K. The Committee and Association shall meet prior to January 1 to draw up a seniority list and such list shall be distributed to members of the unit prior to February 1.

L. In the event a teacher is recalled, all benefits to which the teacher is entitled at the time of layoff shall be returned to the teacher when recalled to work.

M. Upon being recalled, the teacher shall be placed on the step higher on the salary schedule to that which the teacher was on at the time of the layoff.

N. Starting September 1, 2016, the following applies:
   1. Non-professional teacher status teachers shall be laid off before professional status teachers.

   2. In accordance with the Massachusetts General Law (Chapter 71: Section 41), layoffs are to be then to be determined by job performance and the best interest of students. This will proceed through the following steps, moving down the list in the event of a tie.
      a. Summative evaluation (1 year cycle)
      b. Standards 1 and 2, weighted equally
      c. Standards 3 and 4, weighted equally
      d. Seniority

For the purposes of #b and #c, the rankings of “Exemplary” and “Proficient” are separate categories with “Exemplary” outranking “Proficient.”

1) **Purpose of Educator Evaluation**

A) This contract language is locally negotiated and based on M.G.L., c.71, § 38; M.G.L. c.150E; the Educator Evaluation regulations, 603 CMR 35.00 et seq.; and the Model System for Educator Evaluation developed and which may be updated from time to time by the Department of Elementary and Secondary Education. See 603 CMR 35.02 (definition of model system). In the event of a conflict between this collective bargaining agreement and the governing laws and regulations, the laws and regulations will prevail.

B) The regulatory purposes of evaluation are:
   i) To promote student learning, growth, and achievement by providing Educators with feedback for improvement, enhanced opportunities for professional growth, and clear structures for accountability, 603 CMR 35.01(2)(a);
   ii) To provide a record of facts and assessments for personnel decisions, 35.01(2)(b);
   iii) To ensure that every school committee has a system to enhance the professionalism and accountability of teachers and administrators that will enable them to assist all students to perform at high levels, 35.01(3); and
   iv) To assure effective teaching and administrative leadership, 35.01(3).

2) **Definitions (* indicates definition is generally based on 603 CMR 35.02)**

A) *Artifacts of Professional Practice: Products of an Educator’s work and student work samples that demonstrate the Educator’s knowledge and skills with respect to specific performance standards.*

B) Caseload Educator: Educators who teach or counsel individual or small groups of students through consultation with the regular classroom teacher, for example, school nurses, guidance counselors, speech and language pathologists, and some reading specialists and special education teachers.

C) Classroom teacher: Educators who teach preK-12 whole classes, and teachers of special subjects as such as art, music, library, and physical education. May also include special education teachers and reading specialists who teach whole classes.

D) Categories of Evidence: Multiple measures of student learning, growth, and achievement, judgments based on observations and artifacts of professional practice, including unannounced observations of practice of at least 10 minutes in duration; and additional evidence relevant to one or more Standards of Effective Teaching Practice (603 CMR 35.03).

E) *District-determined Measures: Measures of student learning, growth and achievement related to the Massachusetts Curriculum Frameworks, Massachusetts Vocational Technical Education Frameworks, or other relevant frameworks, that are comparable across grade or subject level district-wide. These measures may include, but shall not be limited to: portfolios, approved commercial assessments, district-developed pre and post unit and course assessments, common assessments, and capstone projects.*

F) *Educator(s): Inclusive term that applies to all classroom teachers and caseload educators, unless otherwise noted.*
G) *Educator Plan: The growth or improvement actions identified as part of each Educator’s evaluation. The type of plan is determined by the Educator’s career stage, overall performance rating, and the rating of impact on student learning, growth and achievement. There shall be four types of Educator Plans:

i) Developing Educator Plan shall mean a plan developed by the Educator and the Evaluator for one school year or less for an Educator without Professional Teacher Status (PTS); or, at the discretion of an Evaluator, for an Educator with PTS in a new assignment.

ii) Self-Directed Growth Plan shall mean a plan developed by the Educator for one or two school years for Educators with PTS who are rated proficient or exemplary.

iii) Directed Growth Plan shall mean a plan developed by the Educator and the Evaluator of one school year or at least a minimum of 45 school days for Educators with PTS who are rated needs improvement.

iv) Improvement Plan shall mean a plan developed by the Evaluator of at least 45 school days and no more than one school year for Educators with PTS who are rated unsatisfactory with goals specific to improving the Educator’s unsatisfactory performance. In those cases where an Educator is rated unsatisfactory near the close of a school year, the plan may include activities during the summer preceding the next school year.

H) *ESE: The Massachusetts Department of Elementary and Secondary Education.

I) *Evaluation: The ongoing process of defining goals and identifying, gathering, and using information as part of a process to improve professional performance (the “formative evaluation” and “formative assessment”) and to assess total job effectiveness and make personnel decisions (the “summative evaluation”).

J) *Evaluator: Any person designated by a superintendent who has primary or supervisory responsibility for observation and evaluation. The superintendent is responsible for ensuring that all Evaluators have training in the principles of supervision and evaluation. Each Educator will have one primary Evaluator at any one time responsible for determining performance ratings.

i) Primary Evaluator shall be the person who determines the Educator’s performance ratings and evaluation.

ii) Supervising Evaluator shall be the person responsible for developing the Educator Plan, supervising the Educator’s progress through formative assessments, evaluating the Educator’s progress toward attaining the Educator Plan goals, and making recommendations about the evaluation ratings to the primary Evaluator at the end of the Educator Plan. The Supervising Evaluator may be the primary Evaluator or his/her designee.

iii) Teaching Staff Assigned to More Than One Building: Each Educator who is assigned to more than one building will be evaluated by the appropriate administrator where the individual is assigned most of the time. The principal of each building in which the Educator serves must review and sign the evaluation, and may add written comments. In cases where there is no predominate assignment, the superintendent will determine who the primary evaluator will be.

iv) Notification: The Educator shall be notified in writing of his/her primary Evaluator and supervising Evaluator, if any, at the outset of each
new evaluation cycle. The Evaluator(s) may be changed upon notification in writing to the Educator.

K) Evaluation Cycle: A five-component process that all Educators follow consisting of 1) Self-Assessment; 2) Goal-setting and Educator Plan development; 3) Implementation of the Plan; 4) Formative Assessment/Evaluation; and 5) Summative Evaluation.

L) *Experienced Educator: An educator with Professional Teacher Status (PTS).

M) *Family: Includes students’ parents, legal guardians, foster parents, or primary caregivers.

N) *Formative Assessment: The process used to assess progress towards attaining goals set forth in Educator plans, performance on standards, or both. This process may take place at any time(s) during the cycle of evaluation, but typically takes place at mid-cycle.

O) *Formative Evaluation: An evaluation conducted at the end of Year 1 for an Educator on a 2-year Self-Directed Growth plan which is used to arrive at a rating on progress towards attaining the goals set forth in the Educator Plan, performance on Standards and Indicators of Effective Teaching Practice, or both.

P) *Goal: A specific, actionable, and measurable area of improvement as set forth in an Educator’s plan. A goal may pertain to any or all of the following: Educator practice in relation to Performance Standards, Educator practice in relation to indicators, or specified improvement in student learning, growth and achievement. Goals may be developed by individual Educators, by the Evaluator, or by teams, departments, or groups of Educators who have the same role.

Q) *Measurable: That which can be classified or estimated in relation to a scale, rubric, or standards.

R) Multiple Measures of Student Learning: Measures must include a combination of classroom, school and district assessments, student growth percentiles on state assessments, if state assessments are available, and student ACCESS for ELA gain scores. This definition may be revised as required by regulations or agreement of the parties upon issuance of ESE guidance.

S) *Observation: A data gathering process that includes notes and judgments made during one or more classroom or worksite visits(s) of at least 10 minutes by the Evaluator and may include examination of artifacts of practice including student work. An observation shall occur in person. Classroom or worksite observations conducted pursuant to this article must result in written feedback to the Educator. Normal supervisory responsibilities of department, building and district administrators will also cause administrators to drop in on classes and other activities in the worksite at various times as deemed necessary by the administrator. Carrying out these supervisory responsibilities, when they do not result in targeted and constructive feedback to the Educator, are not observations as defined in this Article.

T) Parties: The parties to this agreement are the Medfield School Committee and the Medfield Teachers Association.

U) *Performance Rating: Describes the Educator’s performance on each performance standard and overall. There shall be four performance ratings:

- Exemplary: the Educator’s performance consistently and significantly exceeds the requirements of a standard or overall. The rating of exemplary on a standard indicates that practice significantly exceeds proficient and could serve as a model of practice on that standard district-wide.
- Proficient: the Educator’s performance fully and consistently meets the requirements of a standard or overall. Proficient practice is understood to be fully satisfactory.

- Needs Improvement: the Educator’s performance on a standard or overall is below the requirements of a standard or overall, but is not considered to be unsatisfactory at this time. Improvement is necessary and expected.

- Unsatisfactory: the Educator’s performance on a standard or overall has not significantly improved following a rating of needs improvement, or the Educator’s performance is consistently below the requirements of a standard or overall and is considered inadequate, or both.

V) *Performance Standards: Locally developed standards and indicators pursuant to M.G.L. c. 71, § 38 and consistent with, and supplemental to 603 CMR 35.00. The parties may agree to limit standards and indicators to those set forth in 603 CMR 35.03.

W) *Professional Teacher Status: PTS is the status granted to an Educator pursuant to M.G.L. c. 71, § 41.

X) Rating of Educator Impact on Student Learning: A rating of high, moderate or low based on trends and patterns on state assessments and district-determined measures. The parties will negotiate the process for using state and district-determined measures to arrive at an Educator’s rating of impact on student learning, growth and achievement, using guidance and model contract language from ESE.

Y) Rating of Overall Educator Performance: The Educator’s overall performance rating is based on the Evaluator’s professional judgment and examination of evidence of the Educator’s performance against the four Performance Standards and the Educator’s attainment of goals set forth in the Educator Plan, as follows:

i) Standard 1: Curriculum, Planning and Assessment

ii) Standard 2: Teaching All Students

iii) Standard 3: Family and Community Engagement

iv) Standard 4: Professional Culture

v) Attainment of Professional Practice Goal(s)

vi) Attainment of Student Learning Goal(s)

Z) *Rubric: A scoring tool that describes characteristics of practice or artifacts at different levels of performance. The rubrics for Standards and Indicators of Effective Teaching Practice are used to rate Educators on Performance Standards, these rubrics consists of:

i) Standards: Describes broad categories of professional practice, including those required in 603 CMR 35.03

ii) Indicators: Describes aspects of each standard, including those required in 603 CMR 35.03

iii) Elements: Defines the individual components under each indicator

iv) Descriptors: Describes practice at four levels of performance for each element

AA) *Summative Evaluation: An evaluation used to arrive at a rating on each standard, an overall rating, and as a basis to make personnel decisions. The summative evaluation includes the Evaluator’s judgments of the Educator’s performance against
Performance Standards and the Educator’s attainment of goals set forth in the Educator’s Plan.

BB) *Superintendent: The person employed by the school committee pursuant to M.G.L. c. 71 §59 and §59A. The superintendent is responsible for the implementation of 603 CMR 35.00.

CC) *Teacher: An Educator employed in a position requiring a certificate or license as described in 603 CMR 7.04(3)(a, b, and d) and in the area of vocational education as provided in 603 CMR 4.00. Teachers may include, for example, classroom teachers, librarians, guidance counselors, or school nurses.

DD) *Trends in student learning: At least two years of data from the district-determined measures and state assessments used in determining the Educator’s rating on impact on student learning as high, moderate or low.

3) Evidence Used In Evaluation
The following categories of evidence shall be used in evaluating each Educator:

A) Multiple measures of student learning, growth, and achievement, which shall include:
   i) Measures of student progress on classroom assessments that are aligned with the Massachusetts Curriculum Frameworks or other relevant frameworks and are comparable within grades or subjects in a school;
   ii) At least two district-determined measures of student learning related to the Massachusetts Curriculum Frameworks or the Massachusetts Vocational Technical Education Frameworks or other relevant frameworks that are comparable across grades and/or subjects district-wide. These measures may include: portfolios, approved commercial assessments, district-developed pre and post unit and course assessments, common assessments, and capstone projects. 4) Rubric
The rubrics are a scoring tool used for the Educator’s self-assessment, the formative assessment, the formative evaluation and the summative evaluation. The districts may use either the rubrics provided by ESE or comparably rigorous and comprehensive rubrics developed or adopted by the district and reviewed by ESE. The district approved rubrics are attached in Appendix A.

5) Evaluation Cycle: Training
A) Prior to the implementation of the new evaluation process contained in this article, districts shall arrange training for all Educators, principals, and other evaluators that outlines the components of the new evaluation process and provides an explanation of the evaluation cycle. The district through the superintendent, in consultation with the Association, shall determine the type and quality of training based on guidance provided by ESE.
B) By November 1st of the first year of this agreement, all Educators shall complete a professional learning activity about self-assessment and goal-setting satisfactory to the superintendent or principal. Any Educator hired after the November 1st date, and who has not previously completed such an activity, shall complete such a professional learning activity about self-assessment and goal-setting within three months of the date of hire. The district through the superintendent shall determine the type and quality of the learning activity based on guidance provided by ESE. The superintendent will consult with the Association to receive feedback on the best training practices.

6) Evaluation Cycle: Annual Orientation
A) At the start of each school year, the superintendent, principal or designee shall conduct a meeting for Educators and Evaluators focused substantially on educator evaluation. The superintendent, principal or designee shall:

   iii) The faculty meeting may be digitally recorded to facilitate orientation of Educators hired after the beginning of the school year.

7) Evaluation Cycle: Self-Assessment
A) Completing the Self-Assessment
i) The evaluation cycle begins with the Educator completing and submitting to the Primary or Supervising Evaluator a self-assessment by October 1st or within four weeks of the start of their employment at the school.

ii) The self-assessment includes:

Educators may meet with teams to consider establishing team goals. Evaluators may participate in such meetings.

ii) For Educators in their first year of practice, the Evaluator or his/her designee will meet with each Educator by October 1st (or within four weeks of the Educator’s first day of employment if the Educator begins employment after September 15th) to assist the Educator in completing the self-assessment and drafting the professional practice and student learning goals which must include induction and mentoring activities.

iii) Unless the Evaluator indicates that an Educator in his/her second or third years of practice should continue to address induction and mentoring goals pursuant to 603 CMR 7.12, the Educator may address shared grade level or subject area team goals.

iv) For Educators with PTS and ratings of proficient or exemplary, the goals may be team goals. In addition, these Educators may include individual professional practice goals that address enhancing skills that enable the Educator to share proficient practices with colleagues or develop leadership skills.

v) For Educators with PTS and ratings of needs improvement or unsatisfactory, the professional practice goal(s) must address specific standards and indicators identified for improvement. In addition, the goals may address shared grade level or subject area team goals.

8) Evaluation Cycle: Goal Setting and Development of the Educator Plan
A) Every Educator has an Educator Plan that includes, but is not limited to, one goal related to the improvement of practice; one goal for the improvement of student learning. The Plan also outlines actions the Educator must take to attain the goals established in the Plan and benchmarks to assess progress. Goals may be developed by individual Educators, by the Evaluator, or by teams, departments, or groups of Educators who have the similar roles and/or responsibilities. See Sections 15-19 for more on Educator Plans.

B) To determine the goals to be included in the Educator Plan, the Evaluator reviews the goals the Educator has proposed in the Self-Assessment, using

11) Observations
The Evaluator’s first observation of the Educator shall take place between September 15 and November 15. Observations required by the Educator Plan should be completed by May 15th. The Evaluator may conduct additional observations after this date. The Evaluator is not required nor expected to review all the indicators in a rubric ring an observation.

A) Unannounced Observations
i) Unannounced observations may be in the form of partial or full-period classroom or worksite visitations of at least 10 minutes in duration.

ii) The Educator will be provided with at least brief written feedback from the Evaluator within 5 school days of the observation. The written feedback shall be delivered to the Educator in person, by email, placed in the Educator’s mailbox or mailed to the Educator’s home. The Educator may respond in writing within 5 school days. The response will be included in the teacher’s personnel file.

iii) Any observation or series of observations resulting in one or more standards judged to be unsatisfactory or needs improvement for the first time must be followed by at least one observation of at least 30 minutes in duration within 30 school days.

iv) In the event that a follow up observation takes place there shall be no additional observations until such time as the educator receives written feedback from the evaluator.
B) Announced Observations

i) All non-PTS Educators in their first year in the school, PTS Educators on Improvement Plans and other educators at the discretion of the evaluator shall have at least one Announced Observation.

(a) The Evaluator shall select the date and time of the lesson or activity to be observed and discuss with the Educator any specific goal(s) for the observation.

(b) Within 5 school days of the scheduled observation, upon request of either the Evaluator or Educator, the Evaluator and Educator shall meet for a pre-observation conference. In lieu of a meeting, the Educator may inform the Evaluator in writing of the nature of the lesson, the student population served, and any other information that will assist the Evaluator to assess performance.

(1st) The Educator shall provide the Evaluator a draft of the lesson, student conference, IEP plan or activity. If the actual plan is different, the Educator will provide the Evaluator with a copy prior to the observation.

(2nd) The Educator will be notified as soon as possible if the Evaluator will not be able to attend the scheduled observation. The observation will be rescheduled with the Educator as soon as reasonably practical.

(c) Within 5 school days of the observation, the Evaluator and Educator shall meet for a post-observation conference. This timeframe may be extended due to unavailability on the part of either the Evaluator or the Educator, but shall be rescheduled within 24 hours if possible.

(d) The Evaluator shall provide the Educator with written feedback within 5 school days of the post-observation conference. For any standard where the Educator’s practice was found to be unsatisfactory or needs improvement, the feedback must:

(e) The Educator may respond in writing within 5 school days to the feedback. The response will be included in the teacher’s personnel file.

12) Evaluation Cycle: Formative Assessment

A) A specific purpose for evaluation is to promote student learning, growth and achievement by providing Educators with feedback for improvement. Evaluators are expected to make frequent unannounced visits to classrooms. Evaluators are expected to give targeted constructive feedback to Educators based on their observations of practice, examination of artifacts, review of goals progress, and analysis of multiple
measures of student learning, growth and achievement in relation to the Standards and Indicators of Effective Teaching Practice.

B) Formative Assessment may be ongoing throughout the evaluation cycle but typically takes place mid-cycle when a Formative Assessment report is completed. For an Educator on a two-year Self-Directed Growth Plan, the mid-cycle Formative Assessment report is replaced by the Formative Evaluation report at the end of year one. See section 13, below.

C) The Formative Assessment report provides written feedback to the Educator about his/her progress towards attaining the goals set forth in the Educator Plan, performance on Performance Standards and overall, or both.

D) No less than two weeks before the due date for the Formative Assessment report, which due date shall be established by the Evaluator with written notice to the Educator, the Educator shall provide to the Evaluator evidence of family outreach and engagement, fulfillment of professional responsibility and growth, and progress on attaining professional practice and student learning goals. The Educator may provide to the evaluator additional evidence of the educator’s performances against the four Performance Standards.

E) Upon the request of either the Evaluator or the Educator, the Evaluator and the Educator will meet either before or after completion of the Formative Assessment Report.

F) The Evaluator shall complete the Formative Assessment report and provide a copy to the Educator. All Formative Assessment reports must be signed by the Evaluator and delivered face-to-face, by email or to the Educator’s school mailbox or home.

G) The Educator may reply in writing to the Formative Assessment report within 5 school days of receiving the report. The educators reply will be included in the personnel file.

I) As a result of the Formative Assessment Report, the Evaluator may change the activities in the Educator Plan.

J) If the rating in the Formative Assessment report differs from the last summative rating the Educator received, the Evaluator may place the Educator on a different Educator Plan, appropriate to the new rating.

K) If mutually agreed a second administrator observation may be conducted.

13) Evaluation Cycle: Formative Evaluation for Two Year Self-Directed Plans Only

A) Educators on two year Self-Directed Growth Educator Plans receive a Formative Evaluation report by June 1 of the first year of the two year cycle. The Educator’s performance rating for that year shall be assumed to be the same as the previous summative rating unless evidence demonstrates a significant change in performance in which case the rating on the performance standards may change, and the Evaluator may place the Educator on a different Educator plan, appropriate to the new rating.
B) The Formative Evaluation report provides written feedback and ratings to the Educator about his/her progress towards attaining the goals set forth in the Educator Plan, performance on each performance standard and overall, or both.

C) No later than May 15 the Educator shall provide to the Evaluator evidence of family outreach and engagement, fulfillment of professional responsibility and growth, and progress on attaining professional practice and student learning goals. F) The Educator may reply in writing to the Formative Evaluation report within 5 school days of receiving the report.

G) The Educator shall sign the Formative Evaluation report by within 5 school days of receiving the report. The signature indicates that the Educator received the Formative Evaluation report in a timely fashion. The signature does not indicate agreement or disagreement with its contents.

H) As a result of the Formative Evaluation report, the Evaluator may change the activities in the Educator Plan.

I) If the rating in the Formative Evaluation report differs from the last summative rating the Educator received, the Evaluator may place the Educator on a different Educator Plan, appropriate to the new rating.

J) If mutually agreed by the parties the teacher may request an additional observation by a different evaluator.

14) Evaluation Cycle: Summative Evaluation

A) The evaluation cycle concludes with a summative evaluation report. For Educators on a one or two year Educator Plan, the summative report must be written and provided to the educator by May 15th.

B) The Evaluator determines a rating on each standard and an overall rating based on the Evaluator’s professional judgment, an examination of evidence against the Performance and evidence of the attainment of the Educator Plan goals.

C) The professional judgment of the primary evaluator shall determine the overall summative rating that the Educator receives.

D) For an educator whose overall performance rating is exemplary or proficient and whose impact on student learning is low, the evaluator’s supervisor shall discuss and review the rating with the evaluator and the supervisor shall confirm or revise the educator’s rating.

E) The summative evaluation rating must be based on evidence from multiple categories of evidence. MCAS Growth scores shall not be the sole basis for a summative evaluation rating.

F) To be rated proficient overall, the Educator shall, at a minimum, have been rated proficient on the Curriculum, Planning and Assessment and the Teaching All Students Standards of Effective Teaching Practice.
G) No later than April 15 the Educator will provide to the Evaluator evidence of family outreach and engagement, fulfillment of professional responsibility and growth, and progress on attaining professional practice and student learning goals. The educator may also provide to the evaluator additional evidence of the educator’s performance against the four Performance Standards.

H) The Summative Evaluation report should recognize areas of strength as well as identify recommendations for professional growth.

I) The Evaluator shall deliver a signed copy of the Summative Evaluation report to the Educator face-to-face, by email or to the Educator’s school mailbox or home no later than May 15th.

J) The Evaluator shall meet with the Educator rated needs improvement or unsatisfactory to discuss the summative evaluation. The meeting shall occur by June 1st.

K) The Evaluator may meet with the Educator rated proficient or exemplary to discuss the summative evaluation, if either the Educator or the Evaluator requests such a meeting. The meeting shall occur by June 10th.

L) Upon mutual agreement, the Educator and the Evaluator may develop the Self-Directed Growth Plan for the following two years during the meeting on the Summative Evaluation report.

M) The Educator shall sign the final Summative Evaluation report by June 15th. The signature indicates that the Educator received the Summative Evaluation report in a timely fashion. The signature does not indicate agreement or disagreement with its contents.

N) The Educator shall have the right to respond in writing to the summative evaluation which shall become part of the final Summative Evaluation report.

O) A copy of the signed final Summative Evaluation report shall be filed in the Educator’s personnel file.

The Plan must be aligned to the standards and indicators and be consistent with district and school goals.

B) The Educator Plan shall include, but is not limited to:
   i) At least one goal related to improvement of practice tied to one or more Performance Standards;
   ii) At least one goal for the improvement of learning, growth and achievement of the students under the Educator’s responsibility;

16) **Educator Plans: Developing Educator Plan**
   A) The Developing Educator Plan is for all Educators without PTS, and, at the discretion of the Evaluator, Educators with PTS in new assignments.
   B) The Educator shall be evaluated at least annually.

17) **Educator Plans: Self-Directed Growth Plan**
   A) A Two-year Self-Directed Growth Plan is for those Educators with PTS who have an overall rating of proficient or exemplary, and after 2013-2014 whose impact on student learning is moderate or high. A formative evaluation report is completed at the end of year 1 and a summative evaluation report at the end of year 2.
   B) A One-year Self-Directed Growth Plan is for those Educators with PTS who have an overall rating of proficient or exemplary, and after 2013-2014 whose impact on student learning is low. In this case, the Evaluator and Educator shall analyze the discrepancy between the summative evaluation rating and the rating for impact on student learning to seek to determine the cause(s) of the discrepancy.

18) **Educator Plans: Directed Growth Plan**
   A) A Directed Growth Plan is for those Educators with PTS whose overall rating is needs improvement.
   B) The goals in the Plan must address areas identified as needing improvement as determined by the Evaluator.

19) **Educator Plans: Improvement Plan**
   A) An Improvement Plan is for those Educators with PTS whose overall rating is unsatisfactory.
   B) The parties agree that in order to provide students with the best instruction, it may be necessary from time to time to place an Educator whose practice has been rated as unsatisfactory on an Improvement Plan of no fewer than 45 school days and no more than one school year. In the case of an Educator receiving a rating of unsatisfactory near the close of one school year, the Improvement Plan may include activities that occur during the summer before the next school year begins.
C) The Evaluator must complete a summative evaluation for the Educator at the end of the period determined by the Evaluator for the Plan.

D) An Educator on an Improvement Plan shall be assigned a Supervising Evaluator (see definitions). The Supervising Evaluator is responsible for providing the Educator with guidance and assistance in accessing the resources and professional development outlined in the Improvement Plan. The primary evaluator may be the Supervising Evaluator.

E) The Improvement Plan shall define the problem(s) of practice identified through the observations and evaluation and detail the improvement goals to be met, the activities the Educator must take to improve and the assistance to be provided to the Educator by the district.

F) The Improvement Plan process shall include:
   i) Within ten school days of notification to the Educator that the Educator is being placed on an Improvement Plan, the Evaluator shall schedule a meeting with the Educator to discuss the Improvement Plan. The Evaluator will develop the Improvement Plan, which will include the provision of specific assistance to the Educator.

   vii) Include the signatures of the Educator and Supervising Evaluator.
   viii) The Educator may respond in writing within 5 school days. The response will be attached to the plan.

H) A copy of the signed Plan shall be provided to the Educator. The Educator’s signature indicates that the Educator received the Improvement Plan in a timely fashion. The signature does not indicate agreement or disagreement with its contents.

I) Decision on the Educator’s status at the conclusion of the Improvement Plan.
   i) All determinations below must be made no later than June 1. One of three decisions must be made at the conclusion of the Improvement Plan:
      (a) If the Evaluator determines that the Educator has improved his/her practice to the level of proficiency, the Educator will be placed on a Self-Directed Growth Plan.
(b) In those cases where the Educator was placed on an Improvement Plan as a result of his/her summative rating at the end of his/her Directed Growth Plan, if the Evaluator determines that the Educator is making substantial progress toward proficiency, the Evaluator shall place the Educator on a Directed Growth Plan.

B) Educators on Plans of Less than One Year
   i) The timeline for educators on Plans of less than one year will be established in the Educator Plan.

21. Career Advancement

A) In order to attain Professional Teacher Status, the Educator should achieve ratings of proficient or exemplary on each Performance Standard and overall. A principal considering making an employment decision that would lead to PTS for any Educator who has not been rated proficient or exemplary on each performance standard and overall on the most recent evaluation shall confer with the superintendent by May 1. The principal’s decision is subject to review and approval by the superintendent.

B) In order to qualify to apply for a teacher leader position, the Educator must have had a Summative Evaluation performance rating of proficient or exemplary for at least the previous two years.

C) Educators with PTS whose summative performance rating is exemplary and, after 2013-14 whose impact on student learning is rated moderate or high, shall be recognized and rewarded with leadership roles, promotions, additional compensation, public commendation or other acknowledgement as determined by the district through collective bargaining where applicable.

22. Rating Impact on Student Learning Growth

ESE will provide model contract language and guidance on rating educator impact on student learning growth based on state and district-determined measures of student learning. Upon receiving this model contract language and guidance, the parties agree to bargain with respect to this matter.
23. Using Student feedback in Educator Evaluation
ESE will provide model contract language, direction and guidance on using student feedback in Educator Evaluation by June 30, 2013. Upon receiving this model contract language, direction and guidance, the parties agree to bargain with respect to this matter.

24. Using Staff feedback in Administrator Evaluation
ESE will provide model contract language, direction and guidance on using staff feedback in Administrator Evaluation by June 30, 2013. Upon receiving this model contract language, direction and guidance, the parties agree to bargain with respect to this matter.

25. Transition from Existing Evaluation System
   A) The parties may agree that 50% or more of Educators in the district will be evaluated under the new procedures at the outset of this Agreement, and 50% or fewer will be evaluated under the former evaluation procedures for the first year of implementation of the new procedures in this Agreement.
   B) The parties agree on a process for identifying the Educator Plan that each Educator will be placed on during the Educator’s first year being evaluated under the new procedures, providing that Educators who have received ratings of unsatisfactory or its equivalent in the prior year will be placed on Directed Growth or Improvement Plans at the sole discretion of the Superintendent.
   C) The parties agree that to address the workload issue of Evaluators, during the first evaluation cycle under this Agreement in every school or department, the names of the Educators who are being placed on Self-directed Growth Plans shall be balanced in number. To achieve this balance those educators with PTS who were evaluated during the 2012-13 school year will be placed on the two year self-directed plan cycle. Those remaining PTS educators who were not evaluated during the 2012-13 school year will be placed on the one year self-directed plan cycle. If the desired balance is not achieved in any school or department after implementing this procedure additional PTS educators will be selected by seniority to create the desired balance.
   D) The existing evaluation system will remain in effect until the provisions set forth in this Article are implemented. The relevant timeframe for adopting and implementing new systems is set forth in 603 CMR 35.11(1).

   A) Only Educators who are licensed may serve as primary evaluators of Educators.
   B) Evaluators shall not make negative comments about the Educator’s performance, or comments of a negative evaluative nature, in the presence of students, parents or other staff, except in the unusual circumstance where the Evaluator concludes that s/he must immediately and directly intervene. Nothing in this paragraph is intended to limit an administrator’s ability to investigate a complaint, or secure assistance to support an Educator.
   C) The superintendent shall insure that Evaluators have training in supervision and evaluation, including the regulations and standards and indicators of effective teaching practice promulgated by ESE (35.03), and the evaluation Standards and Procedures established in this Agreement.
D) Should there be a serious disagreement between the Educator and the Evaluator regarding an overall summative performance rating of unsatisfactory, the Educator may meet with the Evaluator’s supervisor to discuss the disagreement. Should the Educator request such a meeting, the Evaluator’s supervisor must meet with the Educator. The Evaluator may attend any such meeting at the discretion of the superintendent.

E) The parties agree to establish a joint labor-management evaluation team which shall review the evaluation processes and procedures annually through the first three years of implementation and recommend adjustments to the parties.

F) Violations of this article are subject to the grievance and arbitration procedures. The arbitrator shall determine whether there was substantial compliance with the totality of the evaluation process. When the evaluation process results in the termination or non-renewal of an Educator, then no financial remedy or reinstatement shall issue if there was substantial compliance.
APPENDIX G
Memorandum Regarding
MTA Members Who Are Primary or Contributing Evaluators

1. This memorandum describes the working conditions of bargaining unit members of the Medfield Teachers Association who regularly evaluate teachers, serving as Primary or Contributing evaluators. Job titles include, but are not limited, to Department Chairs, and Special Education Coordinators.

2. Except as described in this Memorandum, all working conditions for MTA Members Who Evaluate Teachers remain the same as for Teachers.

3. The parties agree to negotiate in good faith any consolidation of Department Chair positions (for example, if Business Department Chair and Math Department Chair are combined into one position).

4. Department Chairs will receive a stipend based on actual number of teachers they are responsible for evaluating, according to the attached stipend schedule.

5. Teachers who currently hold these positions during the 2018-19 school year will not be required to have a Director or Administrator’s License to remain in or be reappointed to their position.

6. Department Chairs with a teaching assignment will typically teach no more than 0.4 FTE.

7. Additional days of work beyond those outlined in the Work Year section of the Collective Bargaining Agreement will be paid at the Member’s per-diem rate for each day of work. For the purposes of this section, the per-diem rate shall be calculated as follows: divide the member’s annual salary by the number of days in the Work Year.

8. The parties agree to establish a Committee during the 2018-19 school year to create job descriptions which include job duties and required qualifications.

9. Department Heads and Special Ed Coordinators will supply information to the MTA and Superintendent about the frequency and length of trips (mileage) over the 2018-19 school year to determine what (if any) compensation is due for travel expenses and mileage in future years.

10. Members who resign their evaluative positions shall retain their seniority in Unit A.

11. This Memorandum is the complete agreement between the parties.
