C. Definitions

1. A temporary per diem substitute, as hereinbefore excluded from the Collective Bargaining Agreement, is defined as a substitute teacher who has been employed for less than ninety-one (91) school days of continuous service, including excused absences.

2. Unless otherwise specified in this Agreement, the term "professional employees" as used throughout the Agreement, shall apply to all members of the bargaining unit. It is understood that the term "professional employee" is used throughout the Collective Bargaining Agreement for uniformity and that the use of said term does not alter any practices with respect to wages, hours, and working conditions or confer upon employees benefits to which they are not otherwise entitled.
ARTICLE 2

SALARIES

A. Basic Salary Schedules

1. Unless otherwise specified in this Agreement, the Committee agrees that the Salary Schedules A - F, attached hereto and made a part hereof, shall apply to all members of the bargaining unit, as defined in Article 1, Section A of this Agreement.

2. For purposes of Step advancement on the Salary Schedule, ninety-one (91) school days of employment as a Professional Employee in a work year shall constitute a year on the Salary Schedule.

3. The Committee recognizes that, in the event part-time employees are hired in the New Bedford School System, the Committee will bargain with the Association as required by Chapter 150E of the Massachusetts General Laws.

B. Method and Time of Payment

1. Effective no earlier than July 1, 2017, all employees shall receive their pay on a bi-weekly basis in twenty-one (21) equal installments during the work year. Professional employees shall have the option of choosing to receive their yearly salary over twenty-six (26) equal installments over 12-months which includes the work year. If payroll is scheduled to occur during the week of Thanksgiving, professional employees will be paid on the Wednesday prior to Thanksgiving. In the years with more than 26 pay periods, staff will be notified by the first Thursday of May of the anticipated payroll schedule.

2. Notwithstanding the above, professional employees may elect to be paid on a weekly basis in equal installments on Thursdays, from September to the end of the school year in June, with no monies deferred during the school year for payments for July and August. When Thursday is a holiday, said professional employees who elect this option will be paid on the day before.

When the bi-weekly pay becomes effective (no earlier than July 1, 2017), replace Section B.2 with the following: “This Section B.2 intentionally left blank.”

3. Professional employees who desire to change their method of payment shall so notify the Superintendent, in writing, before August 1, to take effect the first pay period of the new work year. No change in payment will be made during the work year.

This request must be submitted on the official forms by the professional employee no later than May 1st to be eligible for the lump sum payment. This payment is to be made on or before June 30th of each year.

D. **New Activities**

   If new clubs, activities, or positions are created by the Committee during the duration of the Agreement, the payment shall be comparable to existing amounts for like positions. The Association will be notified in writing of any new clubs, activities, or extracurricular positions.

E. **Salary and Sick Leave Information**

   1. On or before October 15th of each year, professional employees shall be notified in writing of their salary step and of their number of accumulated sick days as of September 1st of the school year. Sick days earned as a result of unused personal days shall be noted separately on the form.

   2. Attendance records of the members of the bargaining unit shall be kept by the School Department and the Principal or other administrative personnel originating said records for a minimum of two (2) school years from the last day of each school year.

F. **Employment of Long-Term Substitutes**

   1. The term "long-term substitute" is intended to cover substitutes who have been employed for more than ninety (90) school days in a single teaching assignment.

      Long-term substitute service may count toward step advancement on the salary
schedule if the employee holds a valid license to the area/discipline of teaching.

2. Per diem substitutes who have been employed for more than ninety (90) school days in a series of different assignments are not to be considered long-term substitutes.

3. The service of a substitute professional employee who is employed in an assignment will not be broken by termination, layoff, or transfer (except for cause) until the regularly employed professional employee who left the assignment returns to work or until the end of the school year, whichever comes first. 6. Sick leave will accumulate at the rate of 1 1/2 days per month beginning with the ninety-first (91st) day of long-term employment.

7. One (1) personal day will be granted for the balance of the school year.

8. Since substitute professional employees are reemployed on a year-to-year basis, the above provisions do not accumulate from year-to-year.

9. All teaching positions filled during the school year under Section F 3 of Article 2 shall be included in the next January 15th posting.

TITLE I PROFESSIONAL EMPLOYEES

A. Credit on Salary Schedule

Title I professional employees who resigned from and/or were terminated from the New Bedford School System, and at a later date returned to the system, will be given credit on the salary schedule for all prior years back to 1978, which were worked in the New Bedford School System, and placed on the proper step of the salary schedule.

NOTE: If a Title I professional employee served ninety-one (91) days in any one (1) school year during the September 1975 through June 1978 period of time, an additional step on the salary schedule will be awarded.

B. Transfers

1. Professional employees who transfer into Title I will retain their present seniority and will be placed on the salary schedule commensurate with their number of years of service.

2. If Title I professional employees transfer out of Title I, they shall retain their present seniority and will be placed on the salary step commensurate with their number of years of service.

C. Academic Areas

For purposes of transfer and RIF, Title I Preschool, Title I Elementary, and Elementary Positions will be considered one (1) area. Secondary Title I English and the English Department shall be considered one (1) area. Secondary Title I Math and the Math Department shall be considered one (1) area. Article 13 will govern transfers, RIF’s, and reassignments.
ARTICLE 39

SENIORITY AND RECALL

A. Definitions

1. Whenever it is referred to in this Agreement, seniority is defined as a professional employee's length of service in years, months, and days from the initial date of employment as a professional employee in a position covered by the bargaining unit.

   In the event a professional employee has resigned and been reemployed, his/her seniority shall be counted from the date of the most recent date of employment. Professional employees shall be credited, for seniority purposes, with all time spent on authorized leaves of absence provided for in this Agreement.

2. A long-term substitute who has worked for more than 90 consecutive school days in a position during a school year and is hired under contract for a full time position at the beginning of the school year shall be placed on the seniority list with a seniority date effective with the 91st day of his or her employment as a long-term substitute.

   In accordance with past practice, any time spent under contract as a professional employee, prior to long term substitute service, shall not count towards seniority if the employee is hired under contract, subsequent to long term substitute service.

B. Cases of Identical Seniority

1. In cases involving professional employees who have identical seniority before January 6, 2000, the professional employee’s date of appointment by the School Committee will serve as the first tie breaker. Effective January 6, 2000, the employee’s initial date of employment as a professional employee in Unit A will serve as the first tie breaker. If there are still cases of professional employees who have identical seniority, the professional employees who have the higher level of education attainment, as recognized in Schedule A, shall be credited with the greatest seniority. If there are still cases of professional employees who have identical seniority, a name lottery shall be held. Order of seniority shall be the order drawn. The lottery shall be conducted jointly by the Association and the School Committee. Members of the bargaining unit may be present at any such lottery.

2. In the event a professional employee enters a salary column which represents the acquisition of additional academic credits after a lottery has established the seniority ranking of professional employees on that column causing an additional tie in seniority, the professional employee who enters the column after the lottery shall be ranked below the ranking of the professional employees whose seniority date has been previously established by a lottery.
C. **Seniority List**

A list specifying the seniority of each member of the bargaining unit shall be prepared by the Committee and forwarded to the President of the Association within 90 days following the execution of this Agreement. An updated seniority list shall be supplied by the Committee annually thereafter by December 1. No professional employee's seniority shall be altered between revisions in the seniority list except to correct an error. Data not supplied to the School Department on or before September 15 shall not be credited to the employee's seniority. New professional employees shall be added to the list upon entry into the bargaining unit.

D. **Seniority Carried from Unit B**

Upon entering into this bargaining unit, Unit A personnel shall be fully credited with all seniority accrued while serving in positions covered by Unit B in addition to any Unit A seniority which such professional employees may have previously earned. Such professional employees may apply all seniority so earned and so credited in bidding on positions at the time of entry into Unit A.

E. **Recall**

1. Professional employees with PTS laid off due to reduction in force will be placed on the Recall List for two (2) complete years from the effective date of layoff.

2. Professional employees with PTS on the Recall List shall be deemed to be on an involuntary leave of absence from the New Bedford Public Schools for the duration of the recall period. In recognition of the fact that a layoff is treated as an involuntary leave of absence in this Article, a professional employee who accepts such leave in lieu of dismissal shall waive, in writing, any present or future rights to a dismissal hearing which he/she may have pursuant to Chapter 71, Sections 42 and 42(a). A professional employee may elect to have his/her layoff treated as a dismissal, in which case such employee shall be afforded any statutory rights which might apply.

3. Except as provided in paragraph 7 below, professional employees on the Recall List will be recalled to vacancies in the reverse order of layoff. Layoffs will be governed by the provisions of Article 13, Sections D 5 and D 6. Following the June 1st listing, before any new appointments are made, any vacancies that exist shall be offered to Teachers on the Recall List as follows:

   a. Elementary Teachers and Title I Teachers shall be recalled only to either positions at the elementary level (K-6) or the Title I area.

   b. Secondary Teachers shall be recalled only to vacancies in the
same department from which they were laid off.

c. Specialty Teachers; e.g., Bilingual, Special Education, Physical Education, Music, Art, etc., shall be recalled only to vacancies in the area and level from which they were laid off.

NOTE: Professional employees who are certified in discipline(s) other than the one from which they were RIF’d may, at the sole discretion of the Superintendent, be recalled in another discipline if there are no professional employees awaiting recall from that other discipline. A decision of the Superintendent shall not be the subject of a grievance or arbitration.

For example: If an English vacancy occurs and there are no professional employees on the English Recall List, but there is a teacher on the Social Studies Recall List who is certified in English, the Superintendent may recall the laid off Social Studies teacher to the English vacancy.

4. When a vacancy occurs to which a professional employee is entitled to be recalled, as set forth above, the appropriate employee on the Recall List will be notified, by Certified Mail, at his/her last recorded address. Failure to accept Certified Mail shall not be deemed reason for failing to meet the necessary response date. Failure to respond to the Superintendent of Schools with a letter of acceptance of the offered position within ten (10) calendar days of the mailing date of the recall notice shall be considered a rejection of such offer, and the professional employee shall be dropped from the Recall List and terminated. The recall notice will include the date when the employee is to commence work. The employee who accepts recall must commence work on the date set forth in the recall notice unless prevented from doing so by illness, injury, or disability from which the professional employee is expected to return to work. During the recall period, no professional employee shall be dropped from the Recall List unless that professional employee failed to accept a position which is in the bargaining unit and which provided equivalent hours of employment to the position held by said employee at the time of layoff. It shall be the responsibility of the personnel on the Recall List to inform the Office of the Superintendent of Schools, in writing, of changes of address.

5. Professional employees on the Recall List shall be entitled to membership in any group health and/or life insurance coverage in existence at the time of the effective date of the layoff, provided, however, that pursuant to Chapter 32B, the professional employee pays the entire cost of such insurance pursuant to the requirements of the insurance carrier, and there shall be no contribution by the Committee or the City for such professional employee.

6. Upon return to employment from the Recall List, professional employees will have restored to their accounts the same number of sick days which they had accumulated at the time of the layoff. Professional employees laid off during the school year,
upon return, will be placed on the next step of the Salary Schedule if they had served for a minimum of ninety-one (91) days during the year of layoff.

7. Notwithstanding the procedures established in paragraph 3 regarding the order of recall by seniority, the New Bedford School Committee reserves the right to recall professional minority employees under its equal opportunity policy whenever, in the judgment of the Committee, a recall of a minority professional employee would be in the best interest of the New Bedford Public Schools.

ARTICLE 40

SICK LEAVE BANK

A. Establishment

A Sick Leave Bank shall be established for the purpose of making additional sick leave days available to professional employees who have exhausted their entire sick leave accumulation through prolonged illness, and who have a serious illness or injury. Participation in the Sick Leave Bank shall be voluntary. Any employee who voluntarily participates in the Sick Leave Bank shall be eligible to use the Bank after using sick leave under Article 16, Section E, Extended Illness. Payment under the Sick Leave Bank shall be at the same rate of pay as payment under Article 16, Section E; however, the Bank will be charged one (1) full day.

B. Funding

The Sick Leave Bank will be initially funded by deducting one (1) sick day from the accumulated sick leave days of each professional employee who has agreed to participate in the Bank, and contributing such day(s) to the Bank. When the Bank is depleted to twenty (20) sick leave days, an additional assessment of one (1) day of sick leave shall be made against the sick leave account of each professional employee who has agreed to continue to participate in the Bank.

C. Granting of Days

The initial grant of sick leave days from the Bank shall not exceed forty (40) days, after which the professional employee may reapply for no more than an additional twenty (20) days. Requests for Sick Leave Bank days shall be submitted, in writing on the form set forth in Appendix D, to the Sick Leave Bank Committee, and shall include a written statement from the professional employee's physician indicating the nature and the extent of the illness or injury and the estimated time that the professional employee will be absent from work.

Subject to the foregoing requirements, a majority of the Sick Leave Bank Committee will
determine the eligibility for the use of the Bank and the amount of leave to be granted.

In administering the Bank and determining the amount of leave, the following general criteria shall be applied by the Committee:

a. medical evidence of serious extended illness;
b. prior utilization of eligible sick leave;
c. other factors as a majority of the Sick Leave Bank Committee may deem appropriate.

No days may be withdrawn from the Bank for any illness other than prolonged illness or accident. Days may not be withdrawn to permit an individual to stay at home or care for other members of the family. The decision of the Sick Leave Bank Committee with respect to eligibility and entitlement shall be final and binding with any appeal limited to an appeal to the Sick Leave Bank Committee itself.

D. Membership

Professional employees wishing to join the Bank must apply for membership on a form approved by the Sick Leave Bank Committee, which will be available from building principals, the business office, and the personnel office. Notice will be provided by October 15 to professional employees as to their membership statute in the Bank. Professional employees wishing to join the Bank must submit an application for membership by November 1.

E. Administration

The Sick Leave Bank shall be administered by a Sick Leave Bank Committee comprised of five (5) persons; three (3) appointed by the Association, and two (2) by the Committee. The decisions of the Sick Leave Bank Committee shall be final and shall not be subject to the grievance procedure.

F. Workers' Compensation

Professional employees who are drawing on Workers' Compensation will not be eligible to draw from the Sick Leave Bank.

G. By December 1, the Association will receive an annual list of all sick leave bank participants.
ARTICLE 41

1) Purpose of Educator Evaluation

A) This contract language is locally negotiated and based on M.G.L., c.71, §38; M.G.L. c.150E; the Educator Evaluation regulations, 603 CMR 35.00 et seq.; and the Model System for Educator Evaluation developed and which may be updated from time to time by the Department of Elementary and Secondary Education. See 603 CMR 35.02 (definition of model system). In the event of a conflict between this collective bargaining agreement and the governing laws and regulations, the laws and regulations will prevail.

B) The regulatory purposes of evaluation are:

   i) To promote student learning, growth, and achievement by providing Educators with feedback for improvement, enhanced opportunities for professional growth, and clear structures for accountability, 603 CMR 35.01 (2)(a);
   ii) To provide a record of facts and assessments for personnel decisions, 35.01 (2)(b);
   iii) To ensure that every school committee has a system to enhance the professionalism and accountability of teachers and administrators that will enable them to assist all students to perform at high levels, 35.01(3); and
   iv) To assure effective teaching and administrative leadership, 35.01(3).

2) Definitions (* indicates definition is generally based on 603 CMR 35.02)

A) *Administrator:* Any person employed in a school district in a position requiring a certificate or license as described in 603 CMR 7.09(1) through (5) or who has been approved as an administrator in the area of vocational education as provided in 603 CMR 4.00 et. seq., and who is not employed under an individual employment contract. Administrator roles can include, but limited to, such roles as principal/vice principal, superintendent/assistant superintendent, district coordinators, department head and program directors.

B) *Artifacts of Professional Practice:* Products of an Educator’s work and student work samples that demonstrate knowledge and skills with respect to specific performance standards.
C) **Assessment of Student Learning, Growth and Achievement:** Any demonstration of student knowledge and skill attainment, which may include, but are not limited to, informal checks of student understanding, running records, demonstrations of knowledge and/or skills, presentations, performances, projects, experiments, tests, quizzes, reports, essays, portfolios, multi-staged project, etc.

D) **Caseload Educator:** Educators who teach or counsel individual or small groups of students through consultation with the regular classroom teacher, for example, school nurses, guidance counselors, speech and language pathologists, occupational or physical therapists, and some reading specialists and special education teachers.

E) **Classroom teacher:** Educators who teach preK-12 whole classes, and teachers of special subjects as such as art, music, library, and physical education and may also include special education teachers and reading specialists who teach whole classes.

F) **Categories of Evidence:** Multiple measures of student learning, growth, and achievement, judgments based on observations and artifacts of professional practice, including unannounced observations of practice of any durations that provide feedback to the educator; and additional evidence relevant to one or more Standards of Effective Teaching Practice (603 CMR 35.03).

G) **District-determined Measures:** Measures of student learning, growth and achievement related to the Massachusetts Curriculum Frameworks, Massachusetts Vocational Technical Education Frameworks, or other relevant frameworks, that are comparable across grade or subject level district-wide. These measures may include, but shall not be limited to: portfolios, approved commercial assessments, and district-developed pre and post unit and course assessments, and capstone projects.

H) **DESE:** The Massachusetts Department of Elementary and Secondary Education

I) **Educator(s):** Inclusive term that applies to all teachers and caseload educators, unless otherwise noted.

J) **Educator Plan:** The growth or improvement actions identified as part of each Educator’s evaluation. The type of plan is determined by the Educator’s career stage, overall performance rating, and the rating of impact on student learning, growth and achievement. There shall be four types of Educator Plans:

i) **Developing Educator Plan** shall mean a plan developed by the Educator and the Evaluator for one school year or less for an Educator without Professional Teacher Status (PTS, see Ch.71, sec.41 for definition); or, at the discretion of the Evaluator, for an Educator with PTS in a new assignment.
ii) **Self-Directed Growth Plan** shall mean a plan developed by the Educator for one or two school years for Educators with PTS who are rated proficient or exemplary.

iii) **Directed Growth Plan** shall mean a plan developed by the Educator and the Evaluator of one school year or less for Educators with PTS who are rated needs improvement.

iv) **Improvement Plan** shall mean a plan developed by the Evaluator of at least 30 calendar days and no more than one school year for Educators with PTS who are rated unsatisfactory, developed by the Evaluator with goals specific to improving the Educator’s unsatisfactory performance. In those cases where an Educator is rated unsatisfactory near the close of a school year, the plan may include activities during the summer preceding the next school year.

K) **Evaluation:** The ongoing process of defining goals and identifying, gathering, and using evidence as part of a process to improve professional performance (the “formative evaluation” and “formative assessment”) and to assess total job effectiveness and make personnel decisions (the “summative evaluation”).

L) **Evaluator:** Any person designated by a superintendent who has primary or supervisory responsibility for observation and evaluation. The superintendent is responsible for ensuring that all Evaluators have training in the principles of supervision and evaluation. Each Educator will have one primary Evaluator responsible for determining performance ratings.

i) **Primary Evaluator/Principal** shall be the person who determines the Educator’s performance ratings and evaluation. The primary Evaluator shall carry out the tasks identified in paragraph “ii” below if there is no supervising Evaluator. This person shall be the Evaluator.

ii) **Supervising Evaluator/Observer** shall be the person responsible for developing the Educator Plan, supervising the Educator’s progress through formative assessments, evaluating the Educator’s progress toward attaining the Educator Plan goals, and making recommendations about the evaluation ratings to the primary Evaluator at the end of the Educator Plan. The Supervising Evaluator may be the primary Evaluator or his/her designee.

iii) **Teaching Staff Assigned to More Than One Building:** Each Educator who is assigned to more than one building will be evaluated by the appropriate administrator where the individual is primarily assigned or assigned most of the time. The principal of each building in which the Educator serves must review and sign the evaluation and may add written comments.

iv) **Notification:** The Educator shall be notified in writing of his/her primary Evaluator, if any, at the outset of each new evaluation cycle. The Evaluator may be changed upon notification in writing to the Educator, stating the reason for the change.
**Evaluation Cycle:** A five-component process that all Educators follow consisting of 1) Self-Assessment; 2) Goal-setting and Educator Plan development; 3) Implementation of the Plan; 4) Formative Assessment/Evaluation; and 5) Summative Evaluation.

**Experienced Educator:** An educator with Professional Teacher Status (PTS).

**Family:** Includes parents, legal guardians, foster parents, or primary caregivers.

**Formative Assessment:** The process used to assess progress towards attaining goals set forth in Educator plans, performance on standards, or both. This process may take place at any time(s) during the cycle of evaluation, but typically takes place at mid-cycle.

**Formative Evaluation:** An evaluation conducted at the end of Year 1 for an Educator on a 2-year Self-Directed Growth plan which is used to arrive at a rating on progress towards attaining the goals set forth in the Educator Plan, performance on Standards and Indicators of Effective Teaching Practice, or both.

**Goal:** A specific, actionable, and measurable area of improvement as set forth in an Educator’s plan. A goal may pertain to any or all of the following: Educator practice in relation to performance standards, Educator practice in relation to indicators, or specified improvement in student learning, growth and achievement. Goals may be developed by individual Educators, by the Evaluator, or by teams, departments, or groups of Educators who have the same role.

The term Team shall include, but not limited to: Elementary Grade Level Teams, Specialist Teams, Middle School Teams, High School Departments, Vertical Teams and Content Area Groups.

**Measurable:** That which can be classified or estimated in relation to a scale, rubric, or standards.

**Multiple Measures of Student Learning:** Measures must include a combination of classroom, school and district assessments, student growth percentiles on state assessments, if state assessments are available, and student MEPA gain scores. This definition may be revised as required by regulations or agreement of the parties upon issuance of DESE guidance expected in June 2012.

**Observation:** A data gathering process that includes notes and judgments made during one or more classroom or worksite visits(s) of any duration by the Evaluator and may include examination of artifacts of practice including student work. An observation may occur in person or through video. Video observations will be done
openly and with knowledge of the Educator. The parties agree to bargain the conditions of video observations should either party wish to adopt such practice. Classroom or worksite observations conducted pursuant to this article must result in feedback to the Educator. Normal supervisory responsibilities of department, building and district administrators will also cause administrators to drop in on classes and other activities in the worksite at various times as deemed necessary by the administrator. Carrying out these supervisory responsibilities when they do not result in targeted and constructive feedback to the Educator, are not observations as defined in this Article.

V) **Parties:** The Association and the School Committee are parties to this agreement.

W) ***Performance Rating:** Describes the Educator’s performance on each performance standard and overall. There shall be four performance ratings:

   **Exemplary:** the Educator’s performance consistently and significantly exceeds the requirements of a standard or overall. The rating of exemplary on a standard indicates that practice significantly exceeds proficient and could serve as a model of practice on that standard district-wide.

   **Proficient:** the Educator’s performance fully and consistently meets the requirements of a standard or overall. Proficient practice is understood to be fully satisfactory.

   **Needs Improvement:** the Educator’s performance on a standard or overall is below the requirements of a standard or overall, but is not considered to be unsatisfactory at this time. Improvement is necessary and expected.

   **Unsatisfactory:** the Educator’s performance on a standard or overall has not significantly improved following a rating of needs improvement, or the Educator’s performance is consistently below the requirements of a standard or overall and is considered inadequate, or both.

X) ***Performance Standards:** Locally developed standards and indicators pursuant to MGL c. 71, § 38 and consistent with, and supplemental to 603 CMR 35.00. The parties may agree to limit standards and indicators to those defined in 603 CMR 35.03.

Y) ***Professional Teacher Status:** PTS is the status granted to an Educator pursuant to MGL c. 71, § 41.

The Plan also outlines actions the Educator must take to attain the goals established in the Plan. Goals may be developed by individual Educators, by the Evaluator, or by teams, departments, or groups of Educators who have the similar roles and/or responsibilities. See Sections 15-19 for more on Educator Plans.

B) To determine the goals to be included in the Educator Plan, the Evaluator reviews the goals the Educator has proposed in the Self-Assessment, using evidence of Educator performance and impact on student learning, growth and achievement based on the Educator’s self-assessment and other sources that the Evaluator shares with the Educator. The process for determining the Educator’s impact on student learning, growth and achievement after DESE issues guidance on this matter. See #22, below.

13) **Evaluation Cycle: Formative Evaluation for Two-Year Self-Directed Plans Only**

A) Educators on two-year Self-Directed Growth Educator Plans receive a Formative Evaluation near the end of the first year of the two-year cycle. The Educator’s performance rating for that year shall be assumed to be the same as the previous summative rating unless evidence demonstrates a significant change in performance in which case the rating on the performance standards may change, and the Evaluator may place the Educator on a different Educator plan, appropriate to the new rating.

The timeline for Educators on Plans of less than one year will be established in the Educator Plan. In no case will the Summative Evaluation be completed after May 1st.

21) Career Advancement

A) In order to attain Professional Teacher Status, the Educator should achieve ratings of proficient or exemplary on each Performance Standard and overall. A principal considering making an employment decision that would lead to PTS for any Educator who has not been rated proficient or exemplary on each performance standard and overall on the most recent evaluation shall confer with the superintendent by May 1. The principal’s decision is subject to review and approval by the superintendent.

B) Other issues relevant to Career Advancement are subject to and may be addressed in collective bargaining.

- The School District agrees that participation in Massachusetts Math Science Initiative programs is voluntary. No qualified individual who has been trained as an AP teacher will be denied the opportunity to teach an advanced placement course due to his/her non-participation in these programs. Every effort will be made to extend the opportunity to teach advanced placement programs to any interested qualified teacher.

- The School District further agrees that it will establish stipends for teachers of advanced placement courses not supported by the Massachusetts Math Science Initiative grant in amounts equal to that provided for by the grant (the current amount is $500 per teacher). In order to receive said stipend, the teachers must meet the same requirements associated with said stipend as contained in the Massachusetts Math Science Initiative grant.

APPENDIX I (Cont.)

PROFESSIONAL COMPENSATION SYSTEM

Effective July 1, 2016, the District and NBEA agree to implement the following new performance-based compensation system which contains a career path and which compensates professional employees based on individual effectiveness, professional growth, and student academic growth. This new system replaces the salary schedule (Appendix A, Schedule A) in the NBEA Unit A collective bargaining agreement for all staff appointed to serve at Hayden-McFadden on or after July 1, 2016.

Basic principles of the plan:

- Provides competitive compensation for teachers
- Rewards teachers for excellent performance and effectiveness
- Provides a career path for teachers to grow professionally without leaving the classroom
- Provides opportunities to reward teachers for their contributions to student growth

The new professional compensation system will be implemented for professional employees in the Hayden-McFadden Elementary School and will include a teacher career ladder containing five tiers—Novice, Developing, Career, Advanced, and Master—that will compensate teachers commensurate with their development and impact on students.

It is envisioned that student outcomes will improve by creating a professional compensation system that will attract new high-potential teachers and retain our best performers and leaders.

CAREER LADDER

Definitions:
- **Novice** teachers are typically first-year teachers entering teaching directly from college.
- **Developing** teachers are early career educators, typically with one to two years of experience. There are two levels within the Developing tier.
- **Career** teachers have been recognized as excellent educators. Career teachers serve as role models to less-experienced educators, and proactively drive their own professional growth.
- **Advanced** teachers are outstanding educators who serve as school wide models of excellence. Advanced teachers have at least five years of experience and possess deep expertise in their craft.
- **Master** teachers are exceptional educators who serve as school wide and district wide models of excellence. Master teachers have at least five years of experience, possess deep expertise in their craft, and are capable of elevating the practice of already-gifted educators. Master teachers will assume additional roles and responsibilities to support the school’s and district’s improvement.

Transition to the Career Ladder
Teachers newly hired and assigned to the Hayden-McFadden Elementary School will be placed on one of the levels of the career ladder as determined by the Principal in conjunction with the Superintendent:

A Novice teacher shall advance to Developing I and a Developing I teacher shall advance to Developing II annually provided that the teacher does not receive an end-of-year overall evaluation rating of “unsatisfactory” and provided that such teacher’s employment is renewed.
A Developing II teacher shall advance to Career I and all Career level teachers shall advance a level annually provided that an end-of-year overall evaluation rating of “proficient” or “exemplary” is received, with “proficient” or better ratings on all four standards. A teacher may advance on the salary scale more rapidly than described at the recommendation of the Principal.

Consistent with the School Turnaround Plan, based on past experience and performance, a newly-hired teacher may be placed above the Novice level at the recommendation of the Principal. The roles, expectations, and selection criteria for Advanced and Master teachers will be determined by the Principal in conjunction with the Superintendent.
A teacher who has attained the status of Career III or a higher level and received “proficient” or “exemplary” overall end-of-year ratings the previous two years can apply to become an Advanced teacher through a cumulative career portfolio, including demonstrated success in attaining specific student growth benchmarks as recommended by the Principal.
A teacher who has attained the status of Career III or a higher level and received “exemplary” overall end-of-year ratings the previous two years can apply to become a Master teacher through a cumulative career portfolio with demonstrated success in attaining specific student growth benchmarks as recommended by the Principal. The portfolio may include 1) student growth data over time; 2) endorsements from peers, parents, students, and administrators; 3) and evidence of effective instruction.
