AGREEMENT
between
THE WESTON SCHOOL COMMITTEE, WESTON, MASSACHUSETTS
and
THE WESTON EDUCATION ASSOCIATION (UNIT A)**

**ARTICLE I
RECOGNITION**

The Weston Education Association, hereinafter referred to as the Association, is recognized by the Weston School Committee pursuant to the provisions of Chapter 150E of the General Laws of the Commonwealth of Massachusetts as the exclusive bargaining agent with respect to wages, hours, other conditions of employment, the negotiation of collective bargaining agreements and any questions arising thereunder, for Unit A individuals represented for the purposes of collective bargaining by the Weston Education Association, including: teachers, grade leaders, house directors and supervisors, department heads, directors, librarians, counselors, team chair/school psychologists, speech therapists, METCO Director, reading and learning center teachers, generic specialists, academic liaisons, social worker, secondary department heads, technology specialists, occupational and physical therapists, and school nurses; but not including: superintendent, assistant superintendent, principals, assistant principals, director of student services, assistant director of student services, athletic director, physicians, network managers and technicians, aides, para-professional assistants, secretaries, full or part-time learning assistants, early literacy assistants, classroom assistants, hourly music teachers, student teachers, or any other employees of the Weston Public Schools.

**ARTICLE II
SCOPE**

Section 1. The School Committee retains complete responsibility and authority to supervise and control the Weston Public School System and the employees thereof, including the employees subject to this Agreement, except as limited or modified by the express provisions of this Agreement and all applicable laws including the collective bargaining Sections of Chapter 150E of the General Laws of Massachusetts.

Section 2. This document constitutes the entire agreement between the parties for the term hereof as to all matters subject to collective bargaining under the laws of the Commonwealth of Massachusetts. Negotiations for changes or additions to this Agreement during the term of this Agreement will be by mutual consent only. Any agreed upon additions or changes to this Agreement will be reduced to writing, signed by the School Committee and the Association, and will become addenda to this Agreement.

Section 3. This Agreement will constitute School Committee and Association policy on the specific subject matters contained herein for the terms of said Agreement and the School Committee and the Association will carry out commitments contained herein and will take such legal actions as may be necessary to give full force and effect to the provisions of this Agreement.

Section 4. Unless specified to the contrary, members of the professional staff covered by this Agreement will hereinafter be referred to as "teachers."

Section 5. No teacher will be disciplined, damaged, or deprived of any rights or benefits without just cause.

Section 6. There will be no reprisals of any kind taken against any teacher by reason of his membership in the Association.

Section 7. Copies of this Agreement will be printed at School Committee expense with a copy given to each teacher and 25 additional copies to the Association.

Section 8. If any provision of this Agreement is held to be contrary to law, then such provision will be deemed valid only to the extent permitted by law, but all other provisions of this Agreement will continue in full force and effect. The parties will meet not later than ten days after such holding for the purpose of re-negotiating the provision or provisions affected.

ARTICLE III GRIEVANCE PROCEDURE

Section 1. DEFINITION. A grievance is defined as (a) a dispute, claim or controversy concerning wages, hours or other conditions of employment of a teacher or group of teachers covered by this Agreement; or (b) an allegation by a teacher or group of teachers or the Association that one or more express terms or provisions of this Agreement have been violated, or (c) a dispute concerning the interpretation, meaning or application of any express term or provision of this Agreement.

Section 2. TIME LIMITS. Time limits indicated hereunder are maxima unless extended by mutual agreement in writing. Grievances as defined in Section I of this ARTICLE not initiated within thirty (30) calendar days of the event giving rise to the grievance or the day on which the grievant(s) could reasonably have been expected to have knowledge thereof, whichever is later, will not be arbitrable under the terms of this Agreement.

Section 3. PRELIMINARY PROCEDURE. Before beginning the grievance procedure with Level 1, the teacher will discuss the problem with the appropriate principal or other supervisory or administrative individual most directly involved, in a good faith attempt to resolve the problem.

Section 4. GRIEVANCE LEVELS.

Level 1 - If a problem is not satisfactorily resolved through the above Preliminary Procedure, the teacher or the Association may within ten school days thereafter present a written grievance to the same appropriate individual, which will be answered in writing within five school days thereafter.

Level 2 - If the grievance is not satisfactorily resolved at Level 1, the teacher or the Association may, within ten school days after receiving the written answer at Level 1, present or mail the written grievance to the Superintendent of Schools, who will investigate the problem and may at his discretion, within five school days after receipt of such written grievance, conduct an informal discussion involving the teacher, the Association, if requested by the teacher or if the Association has already participated in the grievance, and appropriate supervisory and administrative personnel. The Superintendent will answer such grievance

in writing within five school days after receipt, or if an informal discussion is held, then within five school days thereafter.

Level 3 - If the grievance is not satisfactorily resolved at Level 2, the teacher or the Association may, within ten school days after receiving the written answer at Level 2, present or mail the written grievance to the Chair of the School Committee, who will investigate the problem and may, at his discretion within ten school days after receipt of such written grievance, conduct an informal discussion involving the teacher, the Association, if requested by the teacher or if the Association has already participated in the grievance, appropriate supervisory and administrative personnel, and the Superintendent of Schools. The Chair will answer such grievance in writing within ten school days after receipt, or if an informal discussion is held, then within ten school days thereafter.

Level 4 - Binding arbitration in accord with Section 6 of this ARTICLE.

Section 5. GENERAL PROVISIONS.

- A. The Association will have the right to participate in the processing of any grievance at any Grievance Level, and to use in its presentation any representatives of its own choosing, up to the number of five through Level 3.
- B. The Association may bring a grievance directly to the Superintendent of Schools, and thereafter to the Chair of the School Committee under the above procedure, when such grievance in the judgment of the Association directly affects a group or class of teachers represented by the Association as bargaining agent even though no individual teacher will process such grievance.
- C. When it is necessary for a teacher to investigate a grievance or attend a grievance meeting or hearing on a school day, he will be released without loss of pay for a reasonable time for participation in the foregoing activity. When possible, such participation will be limited to periods when all the individuals involved do not have classroom assignments. Released time from classroom assignments will normally be limited to the grievant teacher, and up to two additional individuals designated by the Association; further released time will be subject to the approval of the Superintendent.
- D. No grievance in process during the term of this contract will lapse because of the expiration or termination of this contract. For any grievance not settled by or beginning after the last day of school in June, the phrase "school days" will no longer apply, and the phrase, "calendar days excluding Saturdays, Sundays, and legal holidays" will apply.
- E. Failure at any Grievance Level to communicate the decision within the specified time limits to the grievant teacher or the Association will permit the teacher or Association to proceed to the next level.
- F. All documents, communications, and records dealing with the processing of a grievance will be subject to review only by the parties to the procedure.

Section 6. ARBITRATION.

- A. A grievance alleging that one or more express terms or provisions of this Agreement have been violated, or a dispute concerning the interpretation, meaning or application of any express term or provision of this Agreement, which is not satisfactorily resolved in the Grievance Procedure, may be submitted within thirty school days after the expiration of time for a written answer in Level 3, to the American Arbitration Association (AAA). Only the Association, not a teacher or group of teachers, may bring a grievance to Arbitration.
- B. The then-current rules and procedures of the AAA applicable to binding voluntary labor arbitrations will apply to the extent consistent with this Agreement. The decision of the arbitrator will be final and binding on both parties.
- C. The arbitrator will be without power, authority or jurisdiction to alter, add to or detract from the provisions of this Agreement, or to make any decision
 - 1. which changes or modifies any decision as to which the Superintendent of Schools or the School Committee has "sole discretion" under the express terms of this Agreement; the arbitrator's power, authority or jurisdiction will be full and complete if the arbitrator finds that the School Committee has not fully met its obligations as stated in any ARTICLE that gives the School Committee "sole discretion;"
 - 2. which constitutes a finding that a teacher has been damaged or deprived of any right or benefit not included in the express terms of this Agreement; the arbitrator's power, authority or jurisdiction will be full and complete if the arbitrator finds that the teacher has been damaged or deprived of a right or benefit included in the express terms of this Agreement;
 - 3. which constitutes a finding of a change in past practice, except where such change constitutes a violation of the express terms of this Agreement; the arbitrator's power, authority or jurisdiction will be full and complete if the arbitrator finds that the change in past practice results in a violation of the express terms of this Agreement;
 - 4. which involves the failure or refusal by the Superintendent of Schools to renew the contract of, or re-appoint a probationary teacher, one without Professional Teacher Status (PTS); however, the parties agree that in the event the Superintendent fails to re-appoint or renew the contract of a non-PTS teacher, such teacher will be given reasons, in writing, for the Superintendent's actions, and upon written request to the Superintendent by the teacher involved, the Superintendent or his designee will meet with the teacher to discuss the reasons for the failure to renew or re-appoint the teacher. Upon request of the teacher, a representative of the Association will be allowed to be present; and any written response to the Superintendent's action by the teacher, will be filed with or attached to the teacher's personnel record; and upon written request to the Superintendent by the teacher involved, the teacher's personnel file will be forwarded to the School Committee for review by the School Committee of the Superintendent's action with respect to the failure to renew the contract of or failure to re-appoint the teacher involved.
 - 5. regarding the dismissal of a non-PTS employee. The parties recognize that a non-PTS teacher who has been teaching for more than ninety days in the Weston School System has a right to a hearing at his request before the principal or Superintendent under General Laws

Chapter 71, Section 42, as amended, this section also applies to occupational and physical therapists with less than three years of service

- D. The cost for the services of the arbitrator, including per diem expenses, if any, and actual and necessary travel and subsistence expenses, will be borne equally by the School Committee and the Association.

ARTICLE IV SICK LEAVE

Section 1. a) All full-time teachers will be entitled to 15 days sick leave per year. Each teacher will be credited with 15 days at the time of his initial employment (see special provision below for experienced teachers) and unused sick leave will accumulate from year to year without limitation. Teachers who are hired during the school year will receive sick leave on a pro-rated basis. The sick leave is available for cases of actual sickness and/or disability of the teacher. Paid sick leave days are subject to satisfactory medical evidence when required by the Superintendent, including, if the Superintendent directs, an examination by a physician mutually agreed to by the teacher and the Superintendent, at no additional expense to the teacher. The doctor's decision will be final and binding. b) All full-time school nurses will be entitled to 17 days' sick leave per year.

Section 2. A teacher who is absent because of an injury arising out of his duties as a teacher in the Weston Public Schools will not have such absence deducted from his sick leave accumulation through the end of the teacher year in which the injury occurred or until the end of the absence, whichever occurs first; injuries will be defined to include those resulting from assault or mishaps such as mercury poisoning, ingestion of chemicals or gases, harmful exposure to bacteria from an experiment, or field trip mishaps. If a teacher receives a Worker's Compensation award because of total or partial incapacity arising from such injury including any added compensation for dependents, the School Committee will pay to said teacher his full salary less such weekly salary payment from Worker's Compensation. In the event that the Worker's Compensation claim of said teacher is settled by a lump sum payment, the benefits of such lump sum payment will be deemed to be payments made because of total or partial incapacity and additional dependence compensation as these terms are now defined in Massachusetts General Laws Chapter 152, Sections 34, 35, and 35A or any amendments thereto which will hereinafter become law but, in any event, the total of the lump sum payment and other payments from Sections 34, 35, and 35A shall not be applied to the School Committee in an amount greater than the amount applicable to the period of time that absences were not deducted from the teacher's sick leave accumulation. Any teacher claiming the benefits of this provision will comply with the provision of this ARTICLE relating to the providing of a doctor's certificate.

Section 3. A teacher who joins the Weston Public School staff with previous teaching experience in the three (3) years immediately preceding employment in Weston which may include time spent on paid or unpaid leave(s) of absence, will be credited during his first three years of service in Weston with 15 days of sick leave for each year of such previous teaching experience, up to a maximum number of days which when combined with the days of sick leave credited to such teacher under the Weston plan (15 days per year) will not exceed 60 days, the number of such additional days added by reason of previous teaching experience to be reduced by the number of days of sick leave taken during the most recent of such years of previous service up to three years. At the beginning of the fourth year in Weston, only that unused sick leave heretofore credited to Weston teachers (15 days per year) will be carried over and permitted to accumulate. A teacher eligible for this sick leave credit must provide the Superintendent or his designee with a statement from his previous Superintendent(s) verifying his

attendance record during eligible teaching years. The provisions of this paragraph apply also to teachers whose previous teaching experience was in Weston.

Section 4. Each teacher will receive annual notice of his accrued sick leave no later than November 1 of each school year.

Section 5. A teacher will be notified when his absences exceed his accumulated sick leave.

ARTICLE V SICK LEAVE BANK

Section 1. At the beginning of each teacher year, the School Committee will establish a fund of 175 days to be called the Sick Leave Bank. The Sick Leave Bank days may be used to provide additional sick leave to any member of Unit A who has exhausted his sick leave, both current and accumulated, as provided in the ARTICLE entitled SICK LEAVE and who is unable to perform his professional duties because of serious illness or injury provided that satisfactory medical evidence is presented. At the end of each teacher year, 10% of any days remaining in the Sick Leave Bank from the 175 contributed that year by the School Committee will be added to the 175 to be contributed by the School Committee for the new year. These additional days will accumulate from year to year and will not be used until the 175 days established by the School Committee have been exhausted.

Section 2. Any member of Unit A will be eligible to apply for a number of days which are computed under the following formula to a maximum of 360 days:

Contractual sick days per year x number of years employed in Weston (e.g. a full-time teacher with fifteen (15) years would be eligible for 225 days.)

Section 3. Any member of Unit A who seeks sick leave days under the Sick Leave Bank will by himself or by another person authorized to act on his behalf, inform the Superintendent in writing setting forth the nature of the illness or injury causing the disability, an estimate of how long the disability from such illness or injury will continue in the teacher year in which such leave is exhausted, and the amount of days he seeks to withdraw from the Sick Leave Bank. Said application will be accompanied by a written statement of a physician with personal knowledge which will corroborate the nature of the illness or injury and the estimate of degree and duration of the disability. If the Superintendent finds the medical evidence satisfactory, he will forward all such information to the Sick Leave Bank Committee. In case of dispute concerning satisfactory medical evidence, the decision will be referred promptly to a doctor mutually agreed upon by the Superintendent and Sick Leave Bank Committee. The doctor's decision will be final and binding.

Section 4. Awards from the Sick Leave Bank will be made by a Sick Leave Bank Committee which will consist of three teachers appointed by the Association. At the beginning of each teacher year, the Association will notify the Superintendent in writing of the names of the members of the Committee and, during the teacher year, will notify him promptly of any changes in membership.

Section 5. The Sick Leave Bank Committee, acting by a majority thereof, at its sole discretion, may award to any person eligible therefor such number of days as it deems appropriate, but not to exceed the number of days requested by the member and corroborated by the medical evidence, for the teacher year in which the applicant's sick leave is exhausted. The Sick Leave Bank Committee, in making its award, may consider, with respect to the applicant, prior utilization of all sick leave days, and length of

service in the Weston School System. A member who is still unable to perform his professional duties after the award has been exhausted may apply for an additional award in the manner set forth in Section 2 of this ARTICLE.

Section 6. No award of days from the Sick Leave Bank will extend beyond the teacher year except that the Sick Leave Bank continues to cover Unit A members whose regular work year extends beyond the teacher year. This ARTICLE does not apply to teachers while they are participating in the summer workshop under Section 3 of the ARTICLE entitled SUMMER PROFESSIONAL DEVELOPMENT. No person will receive awards from the Sick Leave Bank in more than two consecutive teacher years for the same illness or injury unless the Superintendent and Sick Leave Bank Committee so agree.

Section 7. All awards of the Sick Leave Bank Committee will be in writing. Immediately after each award, the Association will provide to the Superintendent a copy of the award. Subject to the conditions of this ARTICLE, all decisions of the Sick Leave Bank Committee are final and binding.

Section 8. During and upon return from such leave, a Unit A member will be considered as if actively employed by the School Committee during the leave and all rights and benefits to which the person is entitled will be credited and available to him. Nothing herein will affect the requirements of service as set forth in Chapter 71, Section 41 of the General Laws of the Commonwealth of Massachusetts.

ARTICLE VI SABBATICAL LEAVE

Section 1. Any teacher who has served in the Weston Public Schools for a period of at least six years may, on the recommendation of the Superintendent of Schools, be granted a sabbatical leave of absence by decision of the School Committee at its sole discretion for purposes of study or research. No single sabbatical leave will exceed one year.

Section 2. Sabbatical leaves will be for a full year or some portion thereof. Half-year sabbaticals will normally coincide with one semester of the Weston school year, but sabbaticals for lesser or greater periods, or for a period not coincident with one semester of the Weston school year may be approved if necessary for the purpose of the sabbatical, and if no unusually adverse effects result on students or other staff.

Section 3. A teacher on sabbatical leave for more than one-half of a school year will receive a salary equal to 75% of the full annual salary to which he would have been entitled had he continued in his regular duties that year, except that the teacher shall be entitled to full salary if the teacher has served in the Weston Public Schools for at least twelve years. A teacher on sabbatical leave for one-half of a school year, or less, will receive his regular salary for that period of time. However, if necessary for the purpose of the sabbatical and subject to any terms and conditions mutually satisfactory to the teacher and the Superintendent, the School Committee will normally approve a period five to ten days longer than one-half a school year at full pay. Sabbatical salaries include role differentials that are part of the teacher's basic job but not differentials for activity supervision. A teacher on sabbatical leave will be considered employed in the school system and all rights and benefits to which he is entitled, including but not limited to salary step increase and accumulated unused sick leave, but excluding sick leave payments, will be credited and available to him. The School Committee will continue to be responsible for payment of life and health insurance premiums as if the teacher were actively employed, provided the teacher continues payment as if actively employed. Subject to the ARTICLE of this Agreement concerning ASSIGNMENT AND TRANSFER OF TEACHERS, the teacher will be assigned to the

same position he held immediately prior to his sabbatical leave unless his application for transfer or promotion is approved.

Section 4. Before beginning the sabbatical leave, the teacher will enter into a written agreement with the School Committee that upon termination of such leave he will return to serve in the Weston Public Schools for a period equal to twice the length of such leave and that, in default of completing such service, he will refund to Weston an amount equal to such proportion of salary received by him while on leave as the amount of service not actually rendered as agreed bears to the whole amount of service agreed to be rendered. The employee may be released from such payment by decision of the School Committee at its sole discretion if his failure to serve the time as stipulated be due to his illness, disability, or death, or if he be discharged from his position by the School Committee, or for any other reason deemed appropriate by the School Committee.

Section 5. Requests for sabbatical leave will be made on or before December 15 of the school year previous to the school year for which sabbatical leave is requested. Teachers who submit requests will be notified of the decision of the School Committee prior to February 15 of the school year in which the request is submitted.

Section 6. In considering recommendations for sabbatical leaves, the School Committee will take into account the relative benefits to the Weston School System of the various plans for sabbatical leave and the number of teachers making application.

ARTICLE VII LEAVES AND OTHER ABSENCES WITH PAY

Section 1. A teacher will be entitled to be absent, without loss of pay, for so much of a school day as is reasonably necessary to attend to the matters set forth herein up to a total of five full school days in one school year. When possible, the teacher will notify the building principal or Superintendent at least three school days prior to the taking of such leave and will indicate the purpose for which such leave is being taken and the amount of time requested for such absence:

- A. Serious illness in the immediate family. (Immediate family for the purpose of this ARTICLE is defined to mean father, mother, father-in-law, mother-in-law, brother, sister, brother-in-law, sister-in-law, wife, husband, child, grandparents, or other relatives residing within the household of the employee.) The parties recognize that this list is illustrative, not exhaustive and that there are many non-traditional relationships that can be no less important to employees. If a teacher believes that leave is appropriate in a particular circumstance, the teacher shall discuss the matter with their principal.
- B. Commencement exercises, weddings, or confirmation for the employee or members of his immediate family, the day of family moving or other urgent household obligations, birth (or adoption) of a child, taking a child to college or other significant family experience, accidents, to the extent that absence is reasonably required
- C. Other reasons of comparable importance to those specified in A and B above as approved by the principal.

- D. Any teacher who, for reasons which are highly personal and sensitive, requires the need of one (1) day of the five days will inform the principal of the necessary date and indicate only that it is highly personal and sensitive.

Section 2. In addition to the five days in Section 1 above, a teacher will be entitled to be absent without loss of pay for so much of a school day or days as is reasonably necessary for the following reasons:

- A. Selective service examination.
- B. Court appearance in connection with jury duty or Weston employment.
- C. Observed religious holy days.
- D. Death of an immediate family member (as defined above) for a maximum of seven days.

Section 3. Approval by the Superintendent or assistant superintendent of a teacher's request to attend educational and professional workshops, conferences and seminars and to visit other schools both within and outside of Weston will not be charged against the five days in Section 1.

Section 4. Reasonable expenses including fees, meals, lodging and transportation incurred by teachers attending approved workshops, seminars, conferences or other professional improvement seminars may be reimbursed upon prior application and by decision of the Superintendent or assistant superintendent at his sole discretion. The Superintendent or assistant superintendent will normally grant approval and reimbursement of expenses to each director for at least one worthy out-of-state national professional conference in any three-year period.

Section 5. Additional leaves and absences with pay may be granted to members of the professional staff by decision of the School Committee or its designee at their discretion. A teacher whose request, pursuant to Section 1C, Section 3, or Section 5 of this ARTICLE, is disapproved by the principal or other supervisor may appeal to the Superintendent, who will make the final decision at his sole discretion.

Section 6. Teachers in the military reserves of the United States who are called to training or other active reserve duty are entitled to all of the benefit provisions of Massachusetts laws; up to a maximum of seventeen days, a teacher is entitled to take time off and to be paid full salary. A teacher on such leave will be considered employed in the school system and all Weston teacher rights and benefits will be credited and available to the teacher.

Section 7. In order to facilitate communication between teachers, central administration and School Committee and in order to help save the time and energy of all parties, the President of the Association will be released from approximately 20% of his normal workload during the regular school year. At the junior and senior high schools, this means release from teaching one regular full-time class or, by mutual agreement, the release from other duties, the use of aides, clerical help, or other arrangements. At the elementary level, this means release from other duties, the use of aides, clerical help, or other arrangements mutually agreed upon.

Section 8.

- A. Upon recommendation of the Superintendent, the School Committee at its sole discretion may grant residencies to full-time members of the faculty.

- B. Residencies will be for a full year or some portion thereof.
- C. A teacher filling a residency will be released from up to 50% of the regular teaching assignments. The residency proposal, i.e., the activities carried out by the teacher during that released time, will take place during normal school hours, so that the teacher will retain his status as a full-time member of the faculty.
- D. The School Committee will compensate the teacher for 50% of the released time provided. The remainder of the time may be compensated by sources other than the regular school budget including grants and proceeds for work undertaken as part of the residency.
- E. Requests for residencies will be made on or before December 15 of the school year previous to the school year for which the residency is requested. Teachers who submit requests will be notified of the decision of the School Committee prior to February 15 of the school year in which the request is submitted.
- F. In considering recommendations for residencies, the School Committee will take into account the relative benefits to the Weston School System of the various plans for residencies, the number of teachers currently holding residencies, and the number of teachers making application.

**ARTICLE VIII
LEAVES OF ABSENCE WITHOUT PAY**

Section 1. Leaves of absence for professional or personal reasons not provided for elsewhere in this ARTICLE may be granted to teachers with or without Professional Teacher Status (PTS) at the sole discretion of the School Committee upon recommendation by the Superintendent. Such leaves will normally be granted for not more than two consecutive school years. Requests for such leaves must be made to the Superintendent prior to March 15 of the school year proceeding the first school year in which the leave will be taken. Requests for second year of leave of absence will be evaluated on an individual case by case basis. Requests for leaves of less than one year should be made to the Superintendent at least two months in advance of the date the leave will begin. If, because of an emergency, the request is not made on time, the School Committee will make a good faith attempt to prevent such late notice from militating against the requesting teacher.

Section 2. Approved graduate courses taken while on such leave are not eligible for tuition payment, but such courses will qualify for advancement on the salary scale upon the teacher's return to Weston.

Section 3. Teaching or equivalent service while on such leave may, at the sole discretion of the Superintendent, result in advancement on the salary scale.

Section 4. A PTS teacher who is awarded a leave of absence under this ARTICLE will, except in the event of a reduction of staff during his absence, be assured of a position as a teacher in Weston upon his return. In the event of a reduction in staff, teachers on such leave will be given equal consideration with teachers not absent because of such leaves.

Section 5. Teachers who are granted leave by the School Committee for the purpose of serving in the military forces of the United States are entitled to all of the benefit provisions of Massachusetts laws; within specified limits, these include the right to reinstatement with credit for normal step increases on

the salary schedule. A teacher reinstated from such leave will be considered to have been employed in the school system and all Weston teacher rights and benefits will be credited and available to the teacher.

Section 6. At the sole discretion of the School Committee, a leave of absence without pay of up to two years may be granted to not more than two PTS teachers, upon application to the School Committee for the purpose of campaigning for themselves or serving in a public office. Upon return from this leave, a teacher will be credited with previously accumulated sick leave and seniority as of the teacher's first date of service. A teacher will not get credit for sick leave or placement on the salary schedule while on the leave of absence.

Section 7. A leave of absence of up to two years will be granted to a PTS teacher designated by the Association for the purpose of engaging in Association (local, state, or national) activities. Normally these leaves will be for a duration of at least one semester. Not more than one teacher will be on such leave at any one time. Upon return from this leave, a teacher will be credited with previously accumulated sick leave and seniority as of the teacher's first date of service. A teacher will not get credit for sick leave or placement on the salary schedule while on the leave of absence.

Section 8. A leave of absence of up to two years will be granted to a PTS teacher for the purpose of engaging in activities of professional societies. Normally these leaves will be for a duration of at least one semester. Not more than one teacher will be on such leave at any one time. Upon return from this leave, a teacher will be credited with previously accumulated sick leave and seniority as of the teacher's first date of service. A teacher will not get credit for sick leave or placement on the salary schedule while on the leave of absence.

Section 9. A leave of absence of up to two years may be granted to not more than two PTS teachers per year who join the Peace Corps, VISTA, or a similar organization or who serve as exchange or foreign teachers. Upon return from this leave, a teacher will be credited with previously accumulated sick leave and seniority as of the teacher's first date of service. A teacher will not get credit for sick leave or placement on the salary schedule while on the leave of absence.

Section 10. A leave of absence of up to one year may be granted to not more than two PTS teachers per year for the purpose of caring for a sick member of the teacher's family. Upon return from this leave, a teacher will be credited with previously accumulated sick leave and seniority as of the teacher's first date of service. A teacher will not get credit for sick leave or placement on the salary schedule while on the leave of absence.

Section 11. The Committee and the Association recognize the importance of early notice of a teacher's intent not to return to Weston upon completion of a leave of absence. Unless a teacher on leave notifies the Superintendent by January 1 in writing of his intent to return the following September, the teacher waives his right to return.

ARTICLE IX MATERNITY LEAVE

Section 1. In accordance with the provisions of this ARTICLE, a female teacher who becomes pregnant or adopts a child will be entitled to a maternity leave of absence without pay. The teacher will notify the Superintendent within a reasonable time after the pregnancy has been established or adoption proceedings have begun.

Section 2. So long as the pregnant teacher is able to perform her duties in a satisfactory manner, the maternity leave of absence will begin when in the opinion of the teacher and her doctor such action becomes advisable. In the event that there is a disagreement with the Superintendent concerning the teacher's ability to perform in a satisfactory manner, the decision will be referred promptly to a doctor mutually agreed upon. In case of adoption, the maternity leave of absence begins when the teacher assumes custody of the child.

Section 3. Every female teacher is entitled under the law to at least eight weeks' maternity leave without pay if she has been employed at least three consecutive months and gives two weeks notice of her expected departure date and notice that she intends to return to her job, and is entitled to return to the same position without loss of employment benefits for which she was eligible on the date her leave commenced if she terminates her maternity leave within eight weeks.

Section 4. A teacher is entitled to a maternity leave without pay longer than eight weeks up to eighteen months under the following conditions:

- A. She must be eligible for eight weeks' maternity leave under the terms of Section 3.
- B. She must give the Superintendent written notice of her intention to take more than eight weeks not later than six weeks after the date of the delivery, and include in such notice the date she intends to return.
- C. She may return at the opening of school in September following the date her maternity leave commenced, or if that should be less than six months following the delivery then at her option either that September or the next following September, and in either case is entitled to the same position if vacant or to a similar position.
- D. She may return at some other time than the opening of school in September within eighteen months after the leave commenced if a vacancy exists in the same or a similar position or any other position for which she is reasonably qualified.
- E. A teacher who originally notifies the Superintendent pursuant to Section 4B that she intends to return in September, may upon written notice to the Superintendent change that decision and elect to return at some other time subject to the conditions of Section 4D.
- F. A teacher who originally notifies the Superintendent pursuant to Section 4B that she intends to return at some other time than the opening of school in September may upon written notice to the Superintendent change that decision and elect to return in September; if such notice is given on or before April 1 then Section 4C applies, and if such notice is given between April 1 and the opening of school then she may return that September if a vacancy exists in the same or similar position or any other position for which she is reasonably qualified.

Section 5. Maternity leave and all rights and benefits thereunder including the right to return as described and limited by the terms of Sections 3 and 4 of this ARTICLE will terminate no later than eighteen months following the commencement of such maternity leave unless such leave is extended pursuant to the provisions of Section 6.

Section 6. The School Committee may at its discretion grant a teacher maternity leave longer than eighteen months. The maternity leave and all rights and benefits thereunder including the right to return as described and limited by the terms of Sections 3 and 4 of the ARTICLE will in any event terminate no later than thirty months following the commencement of such maternity leave.

Section 7. A teacher on a maternity leave of absence for one school year or more must notify the Superintendent in writing by February 15 of the school year in which her leave expires of her intent to return the following September. A teacher who fails to so notify waives her right to return.

Section 8. Disabilities caused or contributed to by pregnancy, miscarriage, abortion, childbirth, and recovery therefrom will be treated as temporary disabilities eligible for accumulated unused sick leave benefits under ARTICLE IV, SICK LEAVE. In the case of a teacher who adopts a minor child he/she is entitled up to 15 days, paid if accrued (up to 10 from sick and up to 5 from personal). In the case of a teacher whose spouse gives birth he/she is entitled up to 10 days, paid if accrued (up to 5 from sick and up to 5 from personal).

Section 9.

- A. While on maternity leave, a teacher will be considered employed in the school system and all rights and benefits to which she is entitled will be credited and available to her, except salary step increases, sick leave credit, and sick leave payments not made pursuant to Section 8 above
- B. Teachers on leave under Section 3 of this ARTICLE will be eligible for salary step increase and sick leave credit. A teacher on such leave will have the option to be or remain an active participant in the state teacher retirement system and/or other fringe benefit programs such as life and health insurance by contributing thereto the amount she would have been required to contribute if actively employed and the School Committee will contribute the amount that it would have been required to contribute if the teacher were actively employed.

Section 10. Nothing in this ARTICLE shall be construed as waiving any teacher maternity leave rights or benefits under any Massachusetts or federal laws or regulations.

**ARTICLE X
CHILDREN OF PROFESSIONAL STAFF**

The children of non-resident members of the professional staff will be entitled to enroll in the Weston Public Schools at any time. The registration fee for each child is \$150 per school year or portion thereof.

**ARTICLE XI
TUITION REIMBURSEMENT AND VOUCHERS**

Section 1. Any part-time or full-time teacher is entitled to reimbursement of tuition and laboratory fees paid for approved college or university graduate courses, and for activities approved for equivalency credits under EQUIVALENCY CREDIT FOR INSTITUTES, WORKSHOPS, TRAVEL AND NON-

CREDIT COURSES, excluding travel, successfully completed while on Professional Teacher status in Weston. Teachers without Professional Teacher status will be eligible for the benefits of this Section provided that they are reappointed and report for work during the following school year, or they are not reappointed or resign in lieu of non-reappointment.

The School Committee shall set aside a total of \$75,000 for tuition reimbursement for pre-approved courses. Of that, \$37,500 will be used to fund approved courses scheduled to begin between July 1 and December 31, and \$37,500 will be used to fund approved courses scheduled to begin between January 1 and June 30. The School Committee will set aside an additional \$15,000 per contract year for professional development applicable to teachers, with the content of such professional development at the discretion of the superintendent.

Reimbursement in each period shall be on a first-come first-served basis and shall not exceed \$1,500 per individual. Teachers will be eligible to receive up to an additional \$1,500 for courses leading to an approved dual certification. Any amount of the \$37,500 that is not used for reimbursement in each of the two periods will be placed in a Final Reimbursement Fund on June 15th of each year. Any money in the Final Reimbursement Fund shall be applied on a pro rata (equal percentage) basis to the remaining approved but un-reimbursed requests for tuition reimbursement irrespective of the original \$1,500 cap so that each individual receives an equal percentage of their approved, un-reimbursed tuition expense.

Section 2. Written application for tuition and laboratory fee reimbursement under/or for the use of credits for salary advancement must be made to the Superintendent prior to registration for the course(s). The Superintendent or his designee will rule on such application within 14 days of its written submission by the teacher. The Superintendent or his designee will have sole discretion as to approval under this provision. The Superintendent will publish guidelines annually for such approval.

Section 3. Reimbursement is made each year, in March, July and October. Evidence of successful course completion and tuition payment must be submitted three weeks prior to the pay dates in those months. Payments may be made on the pay dates one month after these months if the teacher is unable to obtain the necessary documentation from the issuing institution by the normally required dates. If the required evidence is not submitted during this grace period, it will be accepted and processed for payment for the next scheduled reimbursement date (March, July and October), but not after that date. Teachers without Professional Teacher status who otherwise qualify for reimbursement pursuant to Section 1 of this Article will be paid monies due in September of the following school year.

Section 4. Sections 1 through 3 above will not apply to credits earned by a teacher on sabbatical leave, maternity leave or other leave of absence.

Section 5. Amounts otherwise payable under this plan in July, in any year, will be contingent upon a teacher returning to teach in Weston for the following school year, unless the teacher has approval for a leave of absence for the following school year.

Section 6. Teachers must make full use of tuition vouchers accumulated by the school system. Available vouchers will be distributed by the Superintendent in the following order of priority:

- first:** to the teachers who sponsored student teachers and earned the vouchers; these vouchers are for the sole use of the sponsoring teacher unless he releases them. For PTS teachers, this is in addition to the credit reimbursement of Section 1 except that a teacher may not receive tuition reimbursement for a course at a college for which he has a voucher.

- second:** to teachers who sponsored student teachers and earned vouchers but prefer in exchange for the vouchers earned to use vouchers from another college, if available; equal preference to teachers who sponsored a student teacher from a college that did not give vouchers. For PTS teachers, this is in addition to the credit reimbursement of Section 1 except that a teacher may not receive tuition reimbursement for a course at a college for which he has a voucher.
- third:** to teachers on sabbatical leave for a maximum of six credits (plus any earned vouchers) per Weston semester.
- fourth:** to non-PTS teachers, but not for courses in excess of six credits per year.
- fifth:** to PTS teachers to take courses eligible for tuition reimbursement as described in Section 1.
- sixth:** to PTS teachers, including those on sabbatical leave, for courses not eligible for reimbursement under Section 1.
- seventh:** to non-PTS teachers for courses in excess of six credits per year.
- eighth:** to teachers on LEAVES OF ABSENCE WITHOUT PAY except that teachers who have earned vouchers by sponsoring student teachers will continue to be entitled to the first and second priority as described in this Section. Teachers on any other leave (except sabbatical leave as described in this Section) are entitled to vouchers as if actively employed.

Section 7. Vouchers awarded according to Section 6 will be awarded on August 31, December 24 and May 15 or the first school day after these dates. Teachers seeking vouchers should ordinarily request them from the Superintendent's office prior to these dates but may submit requests for any semester or term at any time after September 1. Where a choice must be made between or among teachers with equal eligibility status, awards will be made according to the earliest application dates.

Section 8. When a school nurse attends a conference, workshop, meeting, or course, the nurse shall receive full reimbursement for either the conference fee or tuition provided: (a) Continuing Education Units (CEU's) have been approved for such conference, workshop, meeting, or course; (b) attendance is approved in advance by the Superintendent or his designee; (c) the CEU's are required to maintain the nurse's registration; and (d) the nurse provides evidence of satisfactory completion and attendance. The School Committee at its sole discretion may provide full or partial reimbursement for any incidental expenses, including books or travel or tuition or conference fee for conferences, workshops, meetings or courses approved in advance.

ARTICLE XII INSURANCE AND ANNUITY PLANS

Section 1. Eligible teachers may at their request participate in a Tax-Sheltered Annuity Plan.

Section 2. The School Committee will pay:

- A. 50% of a two thousand dollar group term life insurance policy;
- B. 50% of the indemnity individual or family health care insurance coverage, whichever applies in the particular case;
- C. 80% on the non-indemnity individual or family health care insurance coverage, whichever applies in the particular case;

The above pertains to all plans presently in effect and such plans as may be mutually agreed upon.

Section 3. For purposes of this ARTICLE, the effective termination date for teachers who resign at the end of a school year, or who are not re-appointed, will be August 31. Such teachers will be eligible for continued medical insurance during July and August on the same basis as during the school year, provided that such teachers will not receive any additional compensation beyond that to which they are entitled as of June 30 in such year.

Section 4. The parties agree that a Flexible Benefit Plan is a benefit that will allow members of the unit to pay for services including but not limited to medical premium contributions in pre-tax dollars.

Section 5. The School Committee will reimburse a nurse up to fifty dollars (\$50) per year towards the premium for Nurses' Professional Liability Insurance.

ARTICLE XIII TEACHER PROTECTION AND INDEMNIFICATION

Section 1. The School Committee will provide indemnification for certain actions or claims against teachers whenever any teacher becomes eligible under Chapter 512 of the Acts and Resolves of 1978.

Section 2. The School Committee will provide all teachers assigned laboratory or shop classes with appropriate protective clothing and equipment.

Section 3. All teachers will be covered by the provisions of the Massachusetts Worker's Compensation Law.

Section 4. When requested by the teacher, principals or other supervisors will be required to report to the Superintendent any case of assault or battery on a teacher in connection with his employment. The School Committee will render all reasonable assistance to the teacher in connection with the handling of the incident by law enforcement, legal, or medical authorities. Such assistance will include, but not be limited to, complying with any request by the teacher for information in the School Committee's possession relating to the incident or the persons involved.

ARTICLE XIV ACADEMIC FREEDOM

Section 1. The parties seek to educate young people in the democratic tradition, to foster a recognition of individual freedom and social responsibility, to inspire meaningful awareness of and respect for the

Constitution and the Bill of Rights, and to instill appreciation of the values of individual personality. It is recognized that these democratic values can best be transmitted in an atmosphere which is free from censorship and artificial restraints upon free inquiry and learning, and in which academic freedom for teacher and student is encouraged.

Section 2. Academic freedom will be guaranteed to teachers, and no special limitations will be placed upon study, investigation, presenting and interpreting facts and ideas concerning man, human society, the physical and biological world and other branches of learning, subject to accepted standards of professional educational responsibility and subject to a teacher's responsibility for carrying out teaching assignments reasonably within his professional competence. Although the School Committee and administration are responsible for the ongoing development of objectives, content, and methods of the curriculum, teachers should actively share in such development and should be given reasonable scope in their implementation.

Section 3. A major goal of public education is the development of informed citizens willing to examine impartially the many sides of social responsibility of each individual toward society. Teachers should feel free to make assignments and generate classroom and extra-class discussions relating to controversial issues. Such topics should be considered in an atmosphere free of bias and prejudice. Teachers should make a reasonable attempt to be well informed on various sides of such issues presented to students. When an outside expert representing one point of view visits a classroom, the teacher should make a reasonable effort to explore differing views with the students.

Section 4. Freedom of individual conscience, association and expression will be encouraged and fairness in all procedures will be observed both to safeguard the legitimate interest of the school and to exhibit by appropriate examples the basic objectives of a democratic society.

ARTICLE XV USE OF SCHOOL FACILITIES

Section 1. The Association will have the right to use school buildings, without cost, at reasonable times for meetings, subject to safety requirements and availability. The approval by the principal of the building in question will be obtained sufficiently in advance of the time and place of all such meetings.

Section 2. There will be one bulletin board in each school building, which will be placed in the faculty lounge, for the purpose of displaying Association notices, circulars and other Association material. The Association will be responsible for materials posted.

ARTICLE XVI TELEPHONES FOR TEACHERS

Section 1. Each school will provide a telephone, in addition to and separate from those in the administration or other offices, for the use of teachers. Where possible the telephones will be located to insure privacy. Each Director and Department Head will be provided a private office or working area for the sole use of the Director or Department Head, with a telephone closely available.

**ARTICLE XVII
VACANCIES**

Section 1. Whenever a vacancy occurs in either an established or newly created teaching, promotional, or any other professional position, it will be adequately publicized by the following methods:

- A. During the school year and summer, by electronic communication to each teacher at least ten school days before the final date that applications for such vacancy must be submitted.
- B. Effort will be made to allow teachers ten (10) days before the final date that applications for such vacancies must be submitted, but for vacancies that become known to the administration after the close of school in June, the Superintendent may, at his sole discretion, decide to fill a position before the expiration of the ten days or with no notice at all in order to hire a highly qualified candidate who might otherwise become unavailable.

Section 2. All such notices will set forth the location, specifications, qualifications and compensation for the position, and, except for vacancies that become known after the closing of school in June, the date by which application by Weston teachers should be filed with the Superintendent.

Section 3. Any PTS teacher who has been terminated because of a reduction in the professional staff (whether or not such termination results in an overall net reduction in the professional staff) and who desires to be considered for re-employment by the Weston Public Schools will notify the Superintendent in writing and provide to him a mailing address, for a period of two years after the effective date of such termination, the Superintendent will notify such teacher by mail of all vacancies as set forth in this ARTICLE.

Section 4. Subject to the provisions of this ARTICLE, appointments will be made by decision of the Superintendent at his sole discretion upon the recommendation of the principal. Appointments will be based upon consideration by the Superintendent of all factors in his judgment relevant to the applicant's qualifications. Whenever the relevant factors are in the Superintendent's judgment approximately equal, first preference in filling vacancies not otherwise filled under ARTICLE XXXI - REDUCTIONS IN FORCE will be given to teachers already employed in the Weston Public Schools. All applicants will be notified of the disposition of their applications. Upon request, the administration will discuss the application, on a confidential basis, with a teacher.

Section 5. Nothing in this Agreement will prevent the Superintendent or the administration from making acting appointments until positions can be filled with permanent appointments. Time spent in such acting appointments will not be regarded as evidence of superior qualifications for the permanent openings. No person will serve more than two weeks in a temporary position without receiving the salary commensurate with that position.

**ARTICLE XVIII
ASSIGNMENT AND TRANSFER OF TEACHERS**

Section 1. The Superintendent will assign and/or transfer personnel on the basis of the following considerations:

- A. **TEACHER-INITIATED CHANGE:** Any staff member may request of his principal or of the Superintendent a transfer to another grade, school or department.
- B. **ADMINISTRATOR-INITIATED CHANGE:** Teachers are to be consulted by those in authority proposing any change to the end of reaching amicable and mutual understanding. Change will mean any change between grade levels or any change in role or any change between buildings and/or teams. No final decision is to be reached without prior consultation with the teachers involved, and such decision will be based upon reasonableness and the opportunity for full discussion by all concerned parties of all relevant factors. Such consultation should be early enough in the school year for teachers to have reasonable time to make plans for change in employment if they so desire.
- C. Where a teacher is supervised by a director or department head, the director and/or department head will be consulted before any transfer or change in assignment is made.

Section 2. No later than twelve (12) school days prior to the end of each student year, teachers will receive their assignments of buildings and grades for the following year. By July 30, they will receive their schedules which include courses and periods. It is understood that such assignments and schedules remain tentative and are subject to change by the Administration as circumstances dictate.

Section 3. Nothing in this ARTICLE shall be construed to limit the Superintendent's sole discretion to decide upon changed assignments and transfers, provided the provisions of Section 1 above are met.

ARTICLE XIX TEACHER YEAR, HOURS AND WORKLOAD

Section 1. The part-time or full-time teacher year will begin no earlier than the last Monday in August and will end no later than June 30. The number of days in the teacher year will be no more than 184 days which will include a maximum of 180 contact days with students (teaching days) and a maximum of four days for teacher orientations, planning, conferences, workshops, or staff meetings; an additional day may be scheduled for educational purposes provided the Association agrees; some of these four days may occur after the 180 student contact days. Although a maximum of 185 teaching days may be scheduled to allow for inclement weather or other emergencies, schools will close at the end of 180 teaching days.

Section 2. In addition to the four days of Section 1 above, teachers new to Weston and teachers requested to assist in the orientation of such new teachers may be required to attend an orientation on the calendar day immediately prior to the first day that all other teachers are required to return. Teachers who are not new to Weston but who are required to attend and assist during this extra day will not be paid extra so long as this is reasonably related to the reason why they are receiving a differential; a teacher who is receiving no related differential will be paid an additional 1/184 of his basic salary.

Section 3. Except as specified to the contrary in this ARTICLE, existing practices will be maintained concerning total teacher hours of employment, length of school day, work week, vacations, holidays, Saturdays and Sundays, provided, if educational circumstances dictate a proposed change in the length of the school day, the Agreement, by written notice may be reopened for the negotiation of that issue. The parties acknowledge that the length of the student day set forth in Section 4(b)(D) below represents a decrease from existing practice at both the middle school and the high school. The parties agree that

the District may increase the length of the student day at the middle and /or high school provided that the total student day does not exceed the length of the student day in the 2017-18 academic year. No teacher will be assigned an unreasonable workload.

Section 4. A teacher's work day on school premises will generally consist of eight continuous hours including lunch periods, as well as such reasonable additional time as may be required for activity supervision for which differentials are paid. Additional time required for activities such as conferences with parents and back-to-school nights will be reasonable in the light of past practices in Weston and the particular circumstances. Activities such as teacher meetings and workshops should generally be scheduled so that they are consistent with a day of eight continuous hours. When a teacher's presence is not required by a specific obligation, the teacher has freedom as to the use of his time.

For faculty members in the secondary schools, the eight continuous hours of time on school premises shall be from 7:30 AM to 3:30 PM.

The following bulleted paragraphs shall apply to elementary faculty members:

- Faculty members should arrive no later than 7:45 AM and leave no earlier than 3:15 PM. Faculty members who have completed their professional obligations and have fulfilled the expectation of eight continuous hours on school premises may leave any time after 3:15 PM.
- Tuesday and Thursday afternoons from 2:45 PM to 3:45 PM are reserved for grade, team, department, or faculty meetings. When possible, IEP meetings will be scheduled after school on Monday or Wednesday so as not to conflict with these meetings. Monday, Wednesday and Friday after student dismissal are generally for individual teacher preparation time and informal, unplanned collaboration with colleagues and administrators.
- Teachers understand that the unpredictable nature of education necessitates that the Principal or other administrators may need to schedule some meetings on Monday, Wednesday, or Friday. Principals and administrators understand the need for ample preparation time for teachers and will schedule additional meetings on these days sparingly.
- Faculty members leaving prior to 3:45 PM may only do so when they have fulfilled all their professional obligation for the day.

For example, a faculty member may have an IEP meeting on a Monday or Wednesday that will meet until 3:45. On those days, the faculty member is expected to remain at work until 3:45 even if they arrive prior to 7:45 AM.

- If a faculty member needs to arrive later than 7:45 AM or leave prior to 3:15 PM, the faculty member must seek prior approval from the principal even if the faculty member fulfills their obligation of eight continuous hours on school premises.
- Faculty members need to preserve the availability to stay until 3:45 PM as needed to be able to attend meetings as necessitated to fulfill their professional obligations.

Section 4(a). Except for elementary early release Wednesdays, kindergarten students shall be dismissed at 2:20 P.M. four (4) days per week and at 12:15 P.M. every Wednesday. Release time will be granted

to kindergarten teachers in May to allow for kindergarten screenings. It is understood that kindergarten teachers will have fewer specials than elementary teachers during the regular work week. The parties agree, however, that kindergarten teachers' preparation time shall in sum be no less than the preparation time provided to elementary teachers. Therefore, on non-elementary early dismissal Wednesdays the time within the workday post-dismissal of kindergarten students shall be used by kindergarten teachers as preparation time.

Consistent with past practice, kindergarten will not be in session on the following days:

- The first day of school for students;
- One day in the fall for parent conferences;
- Two days in the spring for parent conferences; and
- One additional day in the spring for incoming kindergarten students.

Section 4(b).

- A. The number of elementary early dismissal Wednesdays will be nine (9), two of which are used for parent conferences. On these days, students are dismissed at 11:30 AM.
- B. Students in kindergarten through fifth grade arrive in their classroom at 8:00 AM. Elementary teachers shall be in their classroom prior to 8:00 AM.
- C. Every effort will be made to prevent any loss in specialist instruction time and/or classroom teacher preparation time that may result from early-dismissal Wednesdays. In the event that a minimal loss in specialist instruction time and/or classroom teacher preparation time in unavoidable, every effort will be made to equalize the loss of specialist instruction time and/or classroom teacher preparation time.

At the start of the school year, each Principal will confer with his/her cabinet (including teacher leaders) to create a schedule of meetings including first Wednesdays, faculty meetings, and department or team meetings, cross grade, curriculum or department meetings and professional development. This schedule will be shared with faculty at the first faculty meeting of the year.

For the seven (7) elementary early release Wednesdays not used for parent conferences, the entire day after student dismissal will be used as:

District-Wide (2)

Individual Faculty Preparation Time (2)

Principal's Discretion (2)

Shared Faculty/Principal (1) with half the time for individual preparation time

On the two (2) early release Wednesdays scheduled for individual faculty preparation time, the entire time after student dismissal will be for individual faculty preparation time. Apart from individual teachers choosing to work in small groups and/or an emergency school crisis that must be addressed, no meetings will take place during Individual Faculty Preparation Time.

On the early release Wednesdays that are shared between Principal discretion and teacher discretion, approximately half the time after student dismissal shall be for individual faculty preparation time. No meetings such as described above will be scheduled during this time.

D. For students, the middle school and high school day starts at 8:45 AM and ends at 3:15 PM.

For teachers, the 7:30 AM. to 8:30 AM time frame is used as follows:

- One day per week is for faculty meetings or department meetings.
- One day per week is for content-team meetings.
- One day per week is for extra-help time with students. These extra-help sessions will be from 7:30AM to 8:30 AM.
- One day per week is for various leadership team meetings and Instructional Support Team meetings. Teachers not involved in these meetings will use the time for individual preparation, informal collaboration and other professional obligations.
- One day per week is for individual teacher preparation time, informal collaboration and other professional obligations.

E. Full-time Physical Education teachers in grades 6-12 will have a teaching assignment of no more than 21 classes per week.

Section 5.

A. Department Heads in English, history, mathematics and science have 50% released time. The Department Head of Guidance has a 50% caseload. In accordance with Article XXIII Teacher Evaluation and Appendix A Teacher Evaluation Documents, the Guidance Department Head shall evaluate middle and high school counselors and elementary principals shall continue to evaluate counselors in their buildings.

The 6-12 Special Education Department Head shall have a 0.25 teaching load and 0.75 release time. In conjunction with this release time and so long as there remains a 1.0 Team Chair at the High School, high school special education teachers shall teach 25 out of 40 blocks. However, special education teachers who are the primary teacher for 2 or more courses (a separate math course, for example) shall teach 20 out of 40 blocks.

B. The K-12 Directors of Music, Art, Foreign Language, Physical Education/Health and Wellness, and Health Services will receive released time in the range of twenty to fifty percent (20 - 50%).

C. Department Heads and Directors shall work 189 days per calendar year. The 5 additional days beyond the 184-day school year shall be at the discretion of the Department Head or Director to perform needed work of their department. The Department Head or Director will decide what days during the calendar year they will work the additional 5 days as well as what work they will be doing during those 5 days.

Department Heads and Directors shall keep track of the 5 days they work and be ready to report that information upon request by administration. Department Heads and Directors do not need to seek prior approval for these discretionary work days, but will provide advance notice to their principal.

- D. The High School Student Activities Coordinator will receive a stipend and the option of one released day per month to be planned at the teacher's discretion.
- E. The High School Drama Director will receive 30% released time and technical support for three shows.

Section 6. Teachers will have a duty-free lunch period of at least the following lengths:

- A. Elementary School (K through 6): 35 minutes
- B. Secondary School (7 through 12): 25 minutes

Section 7. Any of the teachers who teach in the Kindergarten program will be considered full-time employees (at their salaries for a 34-hour week). Except as specified to the contrary herein, all kindergarten positions shall be classified as full-time positions (1.0FTE) and shall be entitled to all the salary, benefits, rights and conditions of full-time teachers under the terms of the Collective Bargaining Agreement. In the event the school committee decides to move back to a part-time kindergarten model, kindergarten teachers will revert back to 0.85 FTE.

Section 8. The work year for school nurses shall be 185 days. Any work days approved beyond will be paid at the then current per diem rate for the nurse who performs that work.

Section 9.

- A. In addition to their teaching load, full-time High School faculty members shall be assigned one of the following:
 - 1) 3 office-hour blocks will be in the 8-day cycle. The teacher will consult with their Department Head or Director regarding the scheduling of the blocks – both when the blocks will be in the 8-day cycle, and where the office-hour blocks will take place. However, the ultimate decision as to the schedule of the blocks will be at the discretion of the teacher. During these office hour blocks, teachers will be available to help any student that comes for help, including students they do not teach in their classes.
 - 2) 2 office-hour blocks per 8-day cycle and 1 block per 8-day cycle supporting students in The Enrichment Center (TEC). The 2 office-hour blocks will be as scheduled as described in #1. While providing student support in TEC, teachers will be available to assist students with specific content questions in their discipline.

The high school Principal or their designee shall assign faculty members to one of these options at their discretion.

- B. Part-time faculty members who are 0.5 FTE and above but less than full time at the high school will be assigned either 2 office-hour blocks or 1 office-hour block and 1 TEC support block. Part-time faculty members below 0.5 FTE at the high school will be assigned either 1 office-hour block or 1 TEC support block.

- C. This section shall not apply to those special education faculty members who are assigned 25 out of 40 blocks as described in Section 5, Part A.

Section 10. Middle School faculty members shall be assigned one block per 5 day cycle to lead a middle school advisory.

ARTICLE XX CLASS SIZE

Section 1. While it is not the present intention of the School Committee to substantially modify present class sizes, nevertheless final decisions on these matters will remain at the sole discretion of the School Committee.

Section 2. Before implementing class size decisions, the School Committee will consider the staffing recommendations of the Pupil-Teacher Ratio Advisory Committee appointed by the Commissioner of Education in accordance with the provisions of the Acts of the General Court of 1965, Chapter 572, Section 1G, and as promulgated by the Department of Elementary and Secondary Education in publication #268. Consistent with the most effective education, the School Committee will make an effort to maintain or improve the present ratio of pupils to professional staff.

ARTICLE XXI CLERICAL AND INSTRUCTIONAL ASSISTANCE

Section 1. While it is not the present intention of the School Committee to substantially modify the amount of clerical and instructional assistance available to teachers, nevertheless final decisions on these matters will remain at the sole discretion of the School Committee.

Section 2. Recognizing the importance of clerical and instructional assistance in facilitating the teacher/learning process, the School Committee will continue its efforts to maintain the quality and quantity of these resources.

ARTICLE XXII NON-TEACHING DUTIES

Section 1. The School Committee and the Association acknowledge that a teacher's primary responsibility is to teach and that his energies should be utilized to this end.

Section 2. Subject to the requirement that students be adequately supervised while on school premises, the Superintendent will make every reasonable effort to distribute non-teaching duties equitably and to accommodate the preferences of individual teachers.

Section 3.

Teachers will not be required to drive pupils to activities which take place away from the school building. Teachers may do so voluntarily, so long as the following conditions are met:

- A. The activity has the approval of the Superintendent.
- B. The owner of the vehicle being used in transporting students must file evidence with the Superintendent of personal liability insurance coverage on the vehicle in the amounts of

at least \$100,000 per person and \$300,000 per accident.

- C. The parents of the students being transported in this manner will be fully informed as to this means of transportation and will sign a statement to this effect.

Indemnification of a teacher for any damage, over and above the amount of insurance held by the owner of the vehicle, from accidents or claims related to a teacher's transport of a student shall be in accordance with the relevant provisions of Massachusetts General Laws as most currently amended, or any other applicable provision of the law.

Section 4. All teachers in the bargaining unit, shall be assigned non-teaching duties on an equitable basis.

Section 5. In arranging schedules for teachers who are assigned to more than one school, an effort will be made to limit the amount of inter-school travel. Such teachers will be notified of any changes in their schedules as soon as is practicable.

- B) Evaluators shall not make negative comments about the Educator's performance, or comments of a negative evaluative nature, in the presence of students, parents or other staff, except in the unusual circumstance where the Evaluator concludes that s/he must immediately and directly intervene. Other administrators that are not taking part in the walk-throughs and observations of an educator will only have online access to the final summative evaluation of the educator and can only access other online notes and documents if they notify the educator in advance. Administrators that are not taking part in the walk-throughs and observations of an educator will be able to view online how each evaluator is progressing in fulfilling the requirements of the evaluation cycle.

ARTICLE XXIV PERSONNEL FOLDERS

Section 1. Each teacher will have on file in the Superintendent's office an individual folder containing such items as the initial application for employment, transcripts, evaluation reports, a record of assignments and promotions, absence records and correspondence. In addition to the teacher's folder in the Superintendent's office, each building principal will maintain a folder for each teacher under his

supervision. These and any other folders concerning a teacher or his work will comprise the personnel records of the teacher.

Section 2. The following sentence from the Massachusetts General Laws, Chapter 71, Section 42C applies: "School officials of cities and towns keeping records concerning any teacher or his work will, at the written request of the teacher, permit the teacher by appointment to inspect the contents of his personnel folder, files, cards and records, and to make copies of such contents and records as concern his work or himself." A teacher is entitled to have a representative of the Association, designated by the President, accompany the teacher during the inspection of the teacher's folder, files, cards, and records.

Section 3.

- A. Whenever a member of the school administration or the School Committee receives any information about a teacher which could become the basis for adverse personnel action, said information will promptly be called to the attention of the teacher involved, but need not necessarily be reduced to writing or placed in the teacher's personnel folder.
- B. Whenever any evaluation reports and/or whenever any other materials which reflect upon the competence of the teacher, either in a positive or negative manner, are placed in a teacher's folder, either in the Superintendent's office or the building principal's office, such material will be dated immediately and reviewed with the teacher within a seven-day period or as soon as reasonably possible after the date of inclusion within the folder, and an opportunity will be granted to the teacher to write any comment he may wish to accompany the materials. Exception: In cases where the material is a duplication from one folder to another; in such cases, the teacher will be notified within seven days that such material is being added to a different folder.
- C. If material is not filed in the Personnel Folder in accordance with Section 3B above, it will not be used for any adverse personnel action.

Section 4. Materials may be removed from the teacher's folders only by prior mutual consent.

Section 5. In the case of a teacher whose employment in Weston has terminated, no such materials as described in Section 3 will be placed in or removed from the folder without a copy of the materials being sent to the teacher with a letter informing the teacher that the materials have been placed in or removed from the folder and the teacher must have been given an opportunity to comment in writing, those comments to be included in the folder.

**ARTICLE XXV
SUMMER PROFESSIONAL DEVELOPMENT**

Section 1. The School Committee and the Association agree upon the importance of the educational work to be performed during the summer and the desirability of a summer program adequate to meet these educational needs.

Section 2. The selection of teachers employed during the summer, as well as the nature of their assignments, will be decided at the sole discretion of the School Committee upon the recommendation of the Superintendent. The Superintendent will consult with the cabinet of each school. Teachers on

unpaid leave are eligible to participate in summer professional development provided that he/she has submitted his/her written intent to return from leave at the start of the school year following the summer professional development. Further, teachers on unpaid leave who are selected for summer professional development shall defer receipt of summer earnings until the first paycheck in October and shall forfeit said earnings if she/he does not return to work at the start of the school year.

Section 3. Summer employment for Weston teachers will be for a number of teacher weeks equal to at least 82% of the highest number of full-time equivalent members of Unit A (including the Directors of Art, Music, Foreign Language, Physical Education/Health and Wellness, the Guidance Department Head, and the METCO Director) during the respective contract year.

Section 4. An announcement regarding the nature and number of assignments available will be made by the administration as early in the school year as practicable. Teachers will apply for participation in summer employment programs within fifteen days after such announcement.

Section 5. As part of the days provided under Section 3, the Directors of Art, Music, Foreign Language, Physical Education/Health and Wellness, METCO and Health Services, and the Department Heads of English, Math, Science, Social Studies, and Special Education may each be employed as needed. The Director or Department Head will inform the Assistant Superintendent for Teaching and Learning, or the Director of Student Services, of the number of days they need to work in an upcoming summer. These requests will be submitted according to the deadlines for summer workshop proposals. The Assistant Superintendent for Teaching and Learning may approve up to 85 summer days (as part of the days provided under Section 3) for Directors and Department Heads. Any unused days of the 85 shall be used for faculty summer workshop days.

These 85 days are for Department Heads and Directors to do the needed summer work of the department. 1 day per Department Head and Director can be used for a district-approved summer workshop. The remaining days are not to be used for attending district-approved summer workshops such as leadership academy, department lead workshops, district initiatives, etc. These days are for the sole purpose of Department Heads and Directors performing the needed summer work of the department.

If the Assistant Superintendent for Teaching and Learning anticipates approving significantly less than the requested days for a given summer, the Assistant Superintendent for Teaching and Learning will consult with the Association prior to making a final decision.

The Guidance Department Head may be employed for up to fifteen (15) working days and may allocate up to eight (8) of his/her allotted fifteen (15) days for other High School Guidance Counselors. In addition, each High School Guidance Counselor will be scheduled for two (2) per diem days to be worked the two days prior to opening day for teachers. If one or more of the per diem days conflict with a scheduled district day, the per diem days will be scheduled in advance of the district day.

The nature of the Guidance Department summer work will be mutually agreed between the Guidance Department Head and the Superintendent. Mid-summer days will be scheduled in a manner that provides regularity and certainty of availability to the parents and public. (For example, every Monday and Wednesday of the summer from 8 AM – 3 PM).

Section 6. Compensation for summer employment will be at the per diem rate of one-one hundred eighty-fourth (1/184) of the teacher's annual salary including role differentials that are part of the basic job but excluding differentials for activity supervision. The maximum per diem rate paid to any teacher will be \$325

Section 7. A teacher working in the Extended School Year Summer Program or other Weston programs teaching students in the summer will have one day paid sick leave for each ten working days or major portion thereof of summer employment, which sick leave days will not accrue.

ARTICLE XXVI SALARIES

Section 1. The salary schedules hereinafter set forth will become effective on September 1, 2019 and will remain in effect through August 31, 2022.

Schedule A - See Salary Schedules September 2019 through August 2022

Schedule B & C - Role and Activity Differentials

Schedule D - Coaching Differentials

Section 2. Each member of the professional staff will be paid on a bi-weekly (every two weeks) schedule throughout the calendar year. It is the right of each teacher to elect to receive his yearly salary in twenty-two equal bi-weekly payments beginning in September and ending in June, or in twenty-six equal bi-weekly payments throughout the year. A teacher who elects the twenty-six payment plan is entitled to elect to receive July and August checks along with his June check, provided notice of such election is given to the Superintendent or his designee prior to the start of the school year. Teachers will be paid on the twenty-six payment plan unless notice in writing is given to the superintendent or his designee prior to the start of the school year.

Section 3. Initial placement on a salary schedule will be decided by the Superintendent at his sole discretion, except that no teacher will be placed below Step One of the training level applicable to him. Any course which a teacher takes before being hired in Weston, and for which he is given college credit at an accredited college or university will be approved for salary credit. If the college or university is not an accredited one, the teacher may be given salary credit. Reasonable effort will be made to award credit for previous experience equitably for all new employees. A new employee with a half year or equivalent of prior experience will be placed half-way between steps and will continue on half steps until maximum salary is reached. Prior service will be the only cause for placement between steps. No teacher will be placed in a training level category different from that to which his approved credit entitles him. The only exceptions to the application of this Section will be as the result of actions taken pursuant to Section 5 of this ARTICLE.

Section 4. Teachers will move up the appropriate training level schedule automatically one step each school year, except as otherwise provided in this Agreement.

Section 5. The Superintendent reserves the right to withhold from any teacher all or part of any increment, including step advancement and scale adjustment, to which such teacher might otherwise be entitled, provided that such decision is made on the basis of unsatisfactory service, and provided further that the Superintendent afford such teacher an opportunity to be heard prior to a decision. If the teacher

or the Association disagrees with such decision, the Association may bring the issue to binding arbitration beginning with Level 4 of Section 4 of the grievance procedure; such action by the Association will delay implementation of the decision until such time as the arbitrator finds against the teacher. In addition to whatever criteria he chooses to use, the arbitrator will not find against the teacher in whole or in part if he finds that the Superintendent or his designee has failed to do one or more of the following if appropriate dependent upon the nature of the alleged unsatisfactory service:

- A. To confer with the teacher to inform him of the possible financial consequences if his work is not satisfactory by the end of a period of time at least twelve calendar months following such conference; this notification and evaluation must be in writing and signed by the teacher.
- B. To make a reasonably strong effort for such period of time to help the teacher overcome his difficulties or lack of effectiveness. Said withholding will in any event not be implemented until the September beginning the school year following the expiration of the period of time referred to in A and B above.

Section 6. Salary credit for additional levels of training will be awarded at the levels shown on the salary schedule. To be eligible for advanced training credit, teachers must have graduate courses approved in writing by the Superintendent or his designee prior to the teacher's enrollment in such courses. The teacher must submit to the Superintendent or his designee evidence of satisfactory completion of such courses. Approved courses taken while on any leave qualify for advancement on the salary scale upon the teacher's return to Weston.

Section 7. Salary adjustments for changes in degree and training levels will be made effective as of September 1 and February 1. Teachers must notify the Superintendent or his designee in writing of the intent to seek salary adjustment by May 1 and October 1, respectively, and then have until September 25 and February 25, respectively, to present evidence of such changes. The Superintendent will undertake every effort to provide notice to teachers of the requirements in this section at least seven (7) days prior to the notice deadlines stated in this section provided, however, that a failure to give such written notice shall not relieve the teachers of the obligations in this section. Teachers may only advance one lane every two academic years. This restriction shall not apply to a teacher who, with the prior approval of the Superintendent or his/her designee, enrolls in a Master's degree program, an additional licensure program, or a Certificate of Advanced Graduate Studies (CAGS) program. The new salary will be reflected in the either the 12th check or the 14th check of the school year, depending upon whether the teacher is receiving 22 checks or 26 checks.

Section 8. Absences without pay will result in a deduction for each day thereof at the rate of one-one hundred eighty-fourth (1/184) of the teacher's base salary. Deductions for role differentials that are part of the basic job or for activity supervision will be made only when the time cannot be made up; in no event will this deduction exceed an amount in the same proportion to the total differential as the time lost bears to the total time required. Compensation for any approved extra days worked in addition to those provided in TEACHER YEAR, HOURS, AND WORKLOAD will be at the rate of one-one hundred eighty-fourth (1/184) per day computed from the teacher's yearly salary, including role differentials that are part of the basic job but excluding differentials for activity supervision.

Section 9. Teachers required to use their motor vehicles in the performance of their assignments will receive mileage reimbursement at the rate then in effect as approved by the Weston Board of Selectmen, upon approval of expense vouchers.

Section 10. All role payments, extracurricular payments, and other differentials (but excluding ratio figures) will be increased each year proportionate to the increase in the teacher's basic salary schedule. Teachers will be treated fairly in assignment to these positions.

Section 11. A teacher who volunteers and is selected to be a mentor to a new faculty member will receive a \$500.00 stipend.

**ARTICLE XXVII
LONGEVITY**

Section 1. Members of Unit A shall receive longevity payments based on years of employment in Weston, as follows:

Beginning at year 15	\$1,600
Beginning at year 20	\$1,800
Beginning at year 25	\$2,100

A teacher hired prior to February 1 shall be given credit for the full year.

A teacher who is paid for 150 or more days in a school year shall be given credit for the full year.

Section 2.

- A. Faculty members who had been receiving the longevity payments described in Section 3 during the 2018-2019 school year will continue to receive the \$5,000 longevity payments as described in Section 3. Upon completion of the three years of \$5,000 longevity payments, these faculty members are not eligible for longevity payments as described in Section 1.
- B. Faculty members who had not been receiving the longevity payments as described in Section 3 during the 2018-2019 school year are not eligible for longevity payments described in Section 3. These faculty members are only eligible for longevity payments as described in Section 1.
- C. Faculty members who informed the district of their intent to receive the longevity payments described in Section 3 by December 1, 2018 and are scheduled to begin the longevity payments as described in Section 3 in the 2019-2020 school year will have two choices:
 - 1. These faculty members can receive the longevity payments as described in Section 3 beginning in the 2019-2020 school year. All the language in Section 3 shall apply to these faculty members. Specifically, upon completion of the three years of \$5,000 longevity payments, these faculty members are not eligible for longevity payments as described in Section 1.

OR

- 2. These faculty members can withdraw their request to begin the longevity payments as described in Section 3 and instead begin receiving the longevity payments as

described in Section 1. These faculty members will no longer be eligible for the longevity payments in Sections 3.

D. Administration will contact faculty members who need to make the choice described in part C by September 1, 2019. Faculty members will respond indicating their preference of Option 1 or Option 2. If the faculty member does not respond after two attempts at communication, the faculty member will be placed in Option 1.

Section 3. Unit A members with fifteen (15) completed years of service in Weston may elect longevity payment of \$5,000 per year for three consecutive years that follow acceptance under this provision of Article XXVII. Longevity payments specified in Section 1 of this Article will cease upon exercising the three-year option.

Eligible members shall only receive payments if the member remains employed by Weston. Each \$5,000 payment will be divided equally among the pay periods of the applicable year. If a member retires, resigns, or otherwise leaves employment prior to the end of those three consecutive years, the longevity payment shall cease at the time the member's employment with Weston ceases.

Notification of this option must be received by December 1 of the school year prior to the school year in which the payments are to begin.

ARTICLE XXVIII DEDUCTIONS

Upon authorization in writing on a form prescribed by the Superintendent, payroll deductions will be made for teachers for the following purposes:

- A. Local, state and national teachers' associations, in seven equal consecutive monthly installments beginning with the November paycheck.
- B. Premiums under the current employees' group insurance program as provided by the Town of Weston.
- C. Premiums under any Tax-Sheltered Annuity program purchased by the School Committee on a teacher's behalf.

- E. Purchase of United States Savings Bonds.
- F. Massachusetts Bay United Fund contributions in eight equal consecutive monthly installments beginning with the November paycheck.
- G. Any teacher employed by the Weston Public Schools shall be subject to an agency service fee unless said teacher is or becomes a member of the WEA. The WEA agrees to set the amount of the agency service fee and to administer procedures relating to the fees in accordance with

all applicable laws and regulations. Collection of the agency service fees, including the collection of delinquent fees, shall be solely the responsibility of the WEA. The Weston School Committee shall not be obligated to take any action in regard to the employment of such delinquent employees. Teachers who fail to pay the agency service fee shall not be subject to dismissal or suspension, but the WEA may pursue payment through whatever legal means it deems appropriate.

**ARTICLE XXIX
EQUIVALENCY CREDIT FOR
INSTITUTES, WORKSHOPS, TRAVEL AND NON CREDIT COURSES**

Section 1. Credit toward salary improvement will be allowed under the following conditions:

- A. The teacher must receive the approval of the principal and the Superintendent or his designee prior to participation. Such approval will include a determination of the number of credits allowed.
- B. A statement or other evidence of completion of the activity must be submitted to the Superintendent or his designee before credit will be granted.
- C. The method for determining one equivalency credit will be as follows:
 - 1. Fifteen hours of formal participation with required outside preparation, or
 - 2. Thirty hours of formal participation without required outside preparation.
- D. No more than 15 equivalency credits may be applied for purposes of lane advancement during a teacher's career in Weston

Section 2. Conferences and conventions will not be considered for credit. Subject to the provisions of Section 1, institutes, workshops and either credit or non-credit courses will be allowed for salary increment credit. A teacher will be granted six (6) salary credits for authoring or co-authoring a professional book published by a reputable publishing house. Each revision of such book will be granted three (3) salary credits provided the teacher has contributed to the revision. In any event, the credits for a book revision will not be awarded more frequently than once every five years.

Section 3. Subject to the provisions of Section 1A, B, and D, travel outside the Northeastern United States may qualify for one credit for each two weeks of such travel up to a career maximum of six credits. Travel credit may be approved if prior to the travel the teacher submits to the principal and the Superintendent or his designee a satisfactory statement of the nature of the trip and the anticipated benefits to the school system; and if, upon completion of the travel, a satisfactory detailed statement of plans to use the experience in the teacher's work is submitted.

**ARTICLE XXX
PART-TIME TEACHERS**

Section 1. Part-time teachers are defined as those who staff positions approximately equal to regular full-time teachers except that by mutual agreement they work less time per day or per week than full-

time teachers.

Section 2. Each part-time teacher will receive in writing a statement showing the percent of full-time status for which he has been employed. The percent of full-time status will then be applied to the full-time salary schedule to determine a yearly salary.

Section 3. Except as specified to the contrary, part-time teachers are entitled to all the salary, rights and benefits, and conditions of full-time teachers under the terms of this contract.

Section 4. Part-time teachers are entitled to equal application of all Sections of SICK LEAVE and LEAVES AND OTHER ABSENCES WITH PAY. The computation of benefits for these two ARTICLES is as follows: A part-time teacher who works less than full time for five days per week is entitled to the same number of benefit days specified in the Sections except that "days" will mean "part-time days." A part-time teacher who works full days but less than five days per week is entitled to that proportion of the number of benefit days that the number of days he works per week bears to a five-day week; for example, a teacher who works three full days per week is entitled to three-fifths of the number of benefit days referred to in any Section.

Section 5. A part-time teacher will advance one full step on the full-time salary schedule for each part-time year that he teaches.

Section 6. Part-time teachers who work 20 hours or more per week are entitled to full coverage by the Town of Weston's health and life insurance plans. A teacher employed 50% or more of full time will be deemed to have met the "20 hours" requirement.

Section 7. Temporary teachers are those who, by mutual written agreement, are employed for a period of one full school year or less with a specified termination date; typically such teachers are employed to replace teachers on leave or to fill a job which is not scheduled to be continued. Depending upon whether they are employed full-time or less, temporary teachers are defined as full-time or part-time teachers and are entitled to all the salary, rights and benefits, and conditions thereof.

ARTICLE XXXI REDUCTIONS IN FORCE

Section 1. In determining the order in which PTS teachers (and other bargaining unit members for whom PTS cannot be attained under the statute) will be affected by this ARTICLE, the Superintendent will utilize the following method: layoff of PTS teachers (and other bargaining unit members for whom PTS cannot be attained under the statute) within a discipline because of the School Committee's decision to reduce staff will be based upon performance and seniority. Performance will be determined by the overall rating as determined in the three most recent written summative evaluations written by the primary evaluator, though no distinction will be made between a teacher rated proficient or exemplary, any other evaluations written in the same time period, and any post-observation forms or administrative memoranda written since the most recent evaluation, and teacher responses to these documents as contained in both the folder in the Superintendent's office and the folder in the building principal's office for each person currently serving in each RIF discipline, including teachers on leave. If there is no significant difference in the quality of the teachers' performance, seniority within the discipline will govern. Seniority within the discipline will be determined by the seniority list (that is, the teacher lowest on the seniority list will be affected first, then the next lowest, etc.). In case of any dispute as to the existence of a significant difference, the comparison will be between the affected teacher and the most

junior teacher within the discipline. The Association has the right to view and make copies of all relevant documents involved in RIF decisions. The Association will inform the affected teachers when such a review is made. The above will apply to partial as well as full reductions.

The seniority list will be determined by the following rules:

- A. The names of all Unit A members employed by the Weston Public Schools, including those on leave, will be listed. The names of Unit A will be coordinated in one system-wide list for the purpose of establishing a body of information mutually agreed to, and for convenience. The rights of individuals are defined in this Agreement; these rights are not altered by the appearance of names in the system-wide list.
- B. The date used will be the date on which a person began to serve, not the date on which the Committee or Superintendent decided to employ the person. "September 1" will be the date used for teachers who began to serve on the initial teacher orientation day in the fall of any year. The actual first day of teaching will be listed for any teacher who began service during a school year.
- C. Time spent on any type of leave, paid or unpaid, will not be deducted.
- D. Part-time and full-time service will be treated equally.
- E. Teachers re-appointed in early April will be treated exactly as those re-appointed in May-August, so long as no break in service occurred.
- F. In addition to a teacher's continuous service, dates will be adjusted to include the following:
 - 1. service as a paid Weston teacher intern with exclusive responsibility for students; and
 - 2. service as a Weston teacher in a prior period of employment.
- G. Ties will be broken by a joint WEA-Administration lottery.
- H. The following employment will not be included: service as a tutor, as a substitute teacher, as a student teacher, in summer workshop, in summer workshop prior to beginning service as a teacher in September or teaching in another school system.
- I. The order in which teachers within a discipline will be considered as affected will be defined as the order in which said teachers are voted to be laid off by the Committee, using the method stated above.

Section 2. The Superintendent will make every effort to notify, in writing, any PTS teacher who may be affected by March 15 of the school year preceding the school year in which the RIF will take effect but in any event no later than April 15, except in the case of an event which was beyond the control of the School Committee (e.g., Town Meeting rejection of the Committee's budget), in which case notification must be given by May 30. Any PTS teacher who may be affected out of the order of seniority will be provided, in writing, the specific reasons used by the Superintendent in making the decision to affect that teacher out of the order of seniority.

Section 3. For purposes of this ARTICLE, discipline will mean:

Art	Generic Specialist	Physics
Biology	Grades preK-6	Team Chair/School Psychologist
Business	Guidance	Social Studies
Chemistry	Consumer Science	Spanish
Chinese	Latin	Special Needs K-6
Elementary Specialists K-5	Library/Media Specialist	Special Needs 7-12
English	Mathematics	Speech & Language Spec.
ESL	METCO	
French	Music	Technology Education
General Science	Physical Education	Technology Specialist
	Physical Therapists	Occupational Therapists

Within the disciplines set forth, all non-PTS teachers will be affected first.

Each elective course at the Middle School has been assigned to one of the currently existing RIF pools. If a new elective or a change in pool is proposed, both parties will meet to agree on the assignment to or change in the RIF pool. A teacher who is assigned to teach an elective will be notified of the RIF pool into which his assignment falls as part of his annual letter stating his salary and either full-time or part-time status for RIF purposes.

Section 4. Subject to the significant difference standard in Section 1, a teacher who has been designated to be affected will have the right to move to another discipline if said teacher has a greater length of service than the teacher with the least number of years of service in that discipline, and further, that the teacher has had at least two (2) years of past successful experience in Weston in that discipline. Notwithstanding any other provision of this ARTICLE, a teacher who demonstrated two (2) years of past successful experience outside of Weston will have the right to move to that discipline if there is a non-PTS teacher in that discipline.

Section 5. For purposes of this Agreement, a seniority list will be established by November 1 and a copy sent to each teacher. Should an individual choose to challenge the accuracy of the list, written notice should be sent to the Superintendent within ten (10) days. If the Association and the Committee are unable to resolve the challenge within twenty (20) days of its receipt, the matter may be submitted to arbitration within five (5) days.

Section 6. A teacher affected by this ARTICLE, will, for the first fifteen (15) months subsequent to June 30, retain recall rights to fill a vacancy within the teacher's discipline or within any discipline in which the teacher has at least two years of past successful experience. In the event of a vacancy, the most recently affected teacher who has recall rights within the discipline and who has been reduced in whole or in part will be offered the position created by the vacancy up to the level said teacher held at the time he was affected. A PTS teacher who accepts recall to a vacancy which comes up between the 90th teaching day and May 15th will be paid on the Unit A pay scale. (If the vacancy occurs after May 15th, the teacher may be paid at the long-term substitute rate.) If a position becomes vacant after the school year begins and if the administration decides not to assign to that position a teacher who has recall rights, then the teacher will have his paycheck restored to the sum of his current salary and the salary of the vacant position, or the appropriate amount on the Unit A scale up to the level the teacher held at the time he was reduced, whichever is less.

Section 7. For the purposes of this ARTICLE, teachers who receive released time for leadership roles and/or leaves of absence under ARTICLE VII, Section 7, and the position of High School Drama Advisor will be considered as full-time teachers in their respective disciplines.

Section 8. A recall notice will be sent via Certified Mail to the teacher's address of record. A teacher who is offered recall to a position at a level of time less than that held at the time he was affected, may decline the recall offer without forfeiting any rights or benefits. A teacher who fails to notify the Superintendent within fourteen (14) days of receipt of a recall notice of his intent to decline recall, or who fails to return to work at the designated time, will forfeit all rights and benefits provided for in this Agreement. A teacher who accepts recall will have all benefits (i.e., sick leave, years toward sabbatical and years of service for step placement and service increments) accrued up to June 30 of the school year in which he was notified of a reduction in staff restored upon recall.

Section 9. During the recall period, teachers who have been affected by this ARTICLE will be given preference on the substitute list if they so desire.

Section 10. A teacher who is notified of a total reduction will have the opportunity to receive a "RIF Leave of Absence" in lieu of dismissal. Such leave of absence will be for the duration of the fifteen month recall period. In order for a teacher to elect the RIF Leave of Absence, the teacher must, within ten school days of written notification from the Superintendent of intent to recommend reduction, execute, on a form provided by the Superintendent, a waiver of any present or future rights under Chapter 71, Section 42 of the Massachusetts General Laws. The waiver will only be valid until such time as a teacher is recalled and returns to the system. Because kindergarten assignments are considered full-time assignments, any teacher who, because of a reduction in force, is assigned to teach in the kindergarten program does not need to sign such a waiver.

Section 11. Notwithstanding any other provision of this Agreement, a teacher on a paid or unpaid leave of absence will be considered along with all other teachers when a reduction in force is being made.

Section 12. Administrators whose jobs are eliminated will be considered under the criteria in Section 1 (Unit A) for continued employment in discipline(s) in which they have had two (2) years of past successful experience in Weston. For purposes of determining length of service, only years spent in Unit A or Unit B positions will be counted. Administrators as of September 1, 1978 in or out of Unit B will be considered under the criteria in Section 1 (Unit A) for continued employment in the discipline(s) in which they have had two (2) years of past successful experience in or outside of Weston.

Section 13. All correspondence related to a potential or actual Reduction-in-Force will be filed separately and will not be considered in any future reductions-in-force.

ARTICLE XXXII TEACHER LEADERS

Section 1. The Superintendent or his/her designee's appointment of Department Head (6-12), Directors (K-12), and the Director of Health Services will be for either two or three-year terms, at the discretion of the Superintendent or designee. There is no limit to the number of terms served. This agreement does not constitute a waiver of any legal or contractual rights which teachers or the school district may have. If

positions are modified or added as a result of the leadership study, those positions will be included or modified in this article accordingly.

By June 1, each leader shall receive a summative evaluation annually for the leadership component of this position from the designated administrator, with input from members of the administrative council as appropriate. Unless otherwise noted, all references to a “rating” and “evaluation” in this Article refer to the overall rating of a summative evaluation.

For Any Year Other Than the Final Year of the Term

If the leader receives a rating of “Proficient” or “Exemplary”, the leader shall retain the leader position for the following year.

If the leader receives a rating of “Needs Improvement” by March 1, the leader shall be placed on a one (1) year term, with a corrective action plan, for the following year. At the end of that one (1) year term, the school district may or may not reappoint the leader with notice by March 1, regardless of the evaluation rating. If notice is not provided by March 1, the leader shall be placed on another one (1) year term, with the same conditions.

If the leader receives a rating of “Needs Improvement” after March 1 but on or before June 1, the leader will continue out the duration of the term. However, the school district may or may not reappoint the leader at the end of the term, provided the March 1st notification deadline is met the subsequent year, regardless of the evaluation rating.

If the leader receives a rating of “Unsatisfactory” by March 1, the leader shall not be reappointed at the end of that current year.

If the leader receives a rating of “Unsatisfactory” after March 1 but on or before June 1, the leader shall be placed on a one (1) year term, with a corrective action plan, for the following year. At the end of that one (1) year term, the school district may or may not reappoint the leader with notice by March 1 regardless of the evaluation rating.

For The Final Year Of The Term

The school district may or may not reappoint the leader for a subsequent term, regardless of any prior rating, provided the leader is notified if the non-reappointment by November 1st.

Without any timely notice of non-reappointment, if the leader receives, on or before June 1, a rating of “Needs Improvement” or “Unsatisfactory,” the leader will be placed on a one (1) year term for the following year. At the end of that one (1) year term, the district may or may not reappoint the leader, with notice by March 1, regardless of the evaluation rating.

Section 2. The attached job description and evaluation instrument shall be used annually for Department Heads and Directors. The parties agree that evaluation notes and summative reports are personal in nature and great care should be used in ensuring any electronic notes and reports are carefully maintained to prevent unauthorized disclosure. Given that, if the Assistant Superintendent for Curriculum and Instruction and/or the Director of Student Services collects feedback from other administrators about Department Heads and Directors, the following guidelines will be followed:

1. The Assistant Superintendent for Curriculum and Instruction and/or the Director of Student Services will be the custodian and editor of the electronic form. The electronic form may not

be electronically shared other than by and among the Assistant Superintendent for Curriculum and Instruction, Director of Student Services, and Superintendent.

2. The restrictions on access to the electronic form shall not preclude appropriate administrators (including but not limited to the Assistant Superintendent for Curriculum and Instruction, Director of Student Services, Principals, and Assistant Principals) from conferring regarding feedback and evaluation of Department Heads and Directors, including the sharing of any hard copy (non-electronic) evaluation notes or other related documentation.

3. The formative and summative evaluations resulting from this evaluation process shall be maintained in the respective personnel folder of the Department Head or Director in addition to any teacher evaluation documentation for that individual.

**ARTICLE XXXIII
DURATION**

This Agreement will become effective as of September 1, 2019 and will continue and remain in full force and effective until August 31, 2022, but in any event until a successor Agreement becomes effective.
