3.2 The parties acknowledge that during the negotiations which resulted in this Agreement each has had the unlimited right and opportunity to make demands with respect to any subject or matter not removed by law from the area of collective bargaining, and that the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this Agreement. The amount under Supermax is added as part of the regular salary in the year following step 12. Supermax amounts during the life of this contract are additions to whatever Supermax amounts had been received in the prior years.

b) In recognition of service as a teacher in the Acton, Boxborough, or Acton-Boxborough Regional School Districts, including authorized paid leaves of absence, teachers shall receive yearly Experience Increments, which shall be payable in equal installments on the School District’s regular pay days during the applicable year of service, as follows:

   a) Secondary Teachers shall be content courses in subjects within the department(s) to which they are assigned at the time the course or courses are taken;
   b) Elementary shall be content courses in the subjects which they are currently teaching.

   a) Will be taken to prepare for a new course/curriculum that the teacher will be teaching in the future;
   b) Will provide direct benefit to the teacher in carrying out their assignment.

The Superintendent may also designate certain in-service courses to be 'major courses' for teachers who enroll in said in-service courses.

4.8 Acceptance of degrees and course credits required in section 4.7 and Schedule A, including credits for in-service courses, shall be subject to the approval of the Superintendent or designee. All degrees and credits shall be for courses taken directly from an accredited College or University or from an in-service program, including Acton-Boxborough and EDCO courses approved by the Superintendent or designee. Credits from third party vendors that are not part of a degree program or approved by the District may be used for PDP’s, but will not be
accepted as credits on Schedule A. Teachers may not exceed 18 credits in any fiscal year. Credits taken in excess of 18 credits in one fiscal year may not be carried over into the next year.

4.9 Effective July 1, 2014, the bachelor’s degree lanes will end at step 12. Employees hired on or after July 1, 2014 will not be eligible for Supermax if they remain on the Bachelor’s Degree lanes up to step 12 until an employee has earned a Master’s Degree.

After five years on the Bachelor’s Degree lane, to be eligible to move further on the Bachelor’s Degree lanes, an employee not meeting the Master’s Degree requirement must maintain a valid teaching license.

Nurses are excluded from this requirement until such time as the Commonwealth of Massachusetts requires nurses to obtain a Master’s Degree as a prerequisite for licensed school nurses.

4.10 A teacher who attains sufficient credit hours or an advanced degree during the school year to make him or her eligible to advance to the next step in the salary scale or to the next higher degree scale, as the case may be, may so advance as of either September 1 or March 1 following such attainment, whichever is the earlier date. A teacher who has received an advanced degree prior to September 1 will be eligible to advance as of September 1 if the documentation evidencing completion of the advanced degree is received by the Superintendent not later than the following October 1.

4.11 Salary increases are granted annually at the discretion of and by vote of the Committee to teachers who continue to exhibit a high standard of teaching and who receive recommendation therefore from their department chairpersons (where applicable), principal and Superintendent. It is mutually agreed that neither increments nor adjustments are to be automatic and may be withheld for just cause and just cause shall mean unsatisfactory performance.

4.12 Anniversary Dates

4.12.1 A teacher commencing their employment after the beginning of the school year who has been employed for a minimum of ninety-one (91) school days in that school year shall be eligible for advancement to the next step in the salary scale as of September 1 of the following school year. A teacher who has been employed for less than ninety-one (91) school days shall not be eligible for advancement to the next step in the following school year. For the purposes of this section, school days shall include no more than 6 days of sick leave, paid bereavement leave, paid personal leave and paid religious leave, canceled school days which the teacher otherwise would have worked and school days of teaching during such school year outside of the Committee’s jurisdiction for which credit is granted in accordance with Section 12.1.
4.12.2 A certified substitute teacher who receives a regular teacher’s contract after the beginning of the school year in accordance with Section 20.1 of this Agreement and is re-employed as a regular teacher in the following school year, shall be eligible for advancement to the next step in the salary scale as of September 1 of such following school year, provided such teacher has been employed for ninety-one (91) school days in the preceding school year for any purposes as a regular teacher.

4.13 Tutoring

A teacher who is hired by the district to serve as a tutor outside of their normal work day, and who serves in such capacity, shall receive $50 per hour for such services. If a teacher applies for and is selected to cover an after school writing or math center one day a week for the full school year, they will be paid a stipend of $1,800.

ARTICLE 5
LEAVES OF ABSENCE

5.1 In determining placement on the salary schedule for a teacher who returns from leave, the standard set out in Section 4.12.1 shall apply.

5.1.1 Sick Leave

Each teacher shall be entitled to twelve (12) days of sick leave without loss of pay per school year. Unused sick leave shall be accumulated from year to year. In the event that the employment of a teacher who has exhausted their accumulated sick leave is terminated during a school year and they/them has used annual sick leave granted at the commencement of such school year in an amount which exceeds that proportionate part of twelve (12) days which the number of months of employment completed by said teacher during such school year bears to ten (10), then the teacher must pay back such excess to the Committee and the amount thereof may be deducted from any moneys due such teacher.

5.1.2 Sick leave shall be granted and taken only when a teacher is prevented from working because of actual personal illness including pregnancy or pregnancy related illness or injury or because of serious illness of or injury to a member of the teacher’s “immediate family” or other relatives of the teacher living in such teacher’s immediate household requiring the personal attention of such teacher. "Immediate family" shall be as defined in Section 8.2 below. Where individual circumstances require, the Superintendent may, at their discretion, expand the definition of immediate family; however, their determination shall not be subject to the grievance and arbitration procedures of this Agreement. To be eligible for sick leave, a teacher must report the illness or injury to the appropriate Principal or Director or their designated representative at least one (1) hour prior to such teacher’s
scheduled reporting time on the first day of absence, except that a teacher requesting sick pay for the birth of a child shall provide notice at least forty (40) days prior to the predicted birth date unless waived by the Principal or Director, and if the absence continues in excess of three (3) days or other unusual circumstances exist, shall furnish upon request evidence satisfactory to the Superintendent or his/her designee that they/them was prevented from working by the illness or injury. When submitted, Sick Days will be identified as Employee Sick and Family Sick.

5.1.3 **Sick Leave Buy Back**

Effective July 1, 2021, a teacher who has been employed by the Acton-Boxborough schools for a minimum of fifteen (15) years, and who gives written notice by December 15 of any year of an irrevocable intent to retire at the end of that school year, shall receive a lump sum of $15 for each unused sick day. The lump sum will be received by the teacher by July 31 of the year of retirement. The teacher must retire from the retirement system the year in which they leave ABRSD in order to qualify for the lump sum.

5.2 **Extended Paid Sick Leave**

5.2.1 Each teacher who has taught for the District for at least one (1) full school year shall have an extended paid sick leave account which may be utilized if the teacher is prevented from working because of personal illness or injury. In order to be eligible to use extended paid sick leave during a period of absence due to personal illness or injury, a teacher must meet the following conditions:

a) All of the teacher's accumulated sick leave must have been exhausted; and

b) The teacher must furnish to the Superintendent a physician's certificate attesting that the illness or injury disables the teacher from working and is expected to continue for at least twenty (20) work days. Thereafter, the teacher may be required to furnish further medical certification. The Superintendent reserves the right to have a physician of their choosing examine the teacher.

5.2.2 The maximum number of days extended paid sick leave in a teacher's account shall be based upon the number of full school years such teacher has served for the District, as follows:

<table>
<thead>
<tr>
<th>Number of full school years of service for the District</th>
<th>Maximum number of days of extended paid sick leave</th>
</tr>
</thead>
<tbody>
<tr>
<td>At least 1 year but fewer than 5 years</td>
<td>45 days</td>
</tr>
<tr>
<td>At least 5 years but fewer than 10 years</td>
<td>90 days</td>
</tr>
<tr>
<td>At least 10 years but fewer than 15 years</td>
<td>120 days</td>
</tr>
<tr>
<td>At least 15 years but fewer than 20 years</td>
<td>150 days</td>
</tr>
<tr>
<td>20 years or more</td>
<td>180 days</td>
</tr>
</tbody>
</table>
5.2.3 A teacher who has used days of extended paid sick leave and who, because of the completion of additional full school years of service for the Committee, qualifies for an increase in the maximum number of days of extended paid sick leave, shall have deducted from the new maximum the number of days of extended paid sick leave previously used and charged to their account.

5.2.4 Each time a teacher uses days of extended paid sick leave, such days shall be deducted from the applicable maximum, provided that a teacher who has used days of extended paid sick leave shall have the applicable maximum number of days of extended paid sick leave restored to their account after such teacher completes a period of five (5) full school years of employment during which such teacher did not use any days of extended paid sick leave.

5.2.5 At the beginning of each school year, a maximum number of days equal to the aggregate number of FTE covered by this agreement multiplied by 4.0 shall be available for use as extended paid sick leave by Unit A members.

5.2.6 A teacher whose personal illness or injury extends beyond the period of paid sick leave or other compensation will be granted a leave of absence without pay or increment for the remainder of that school year. Such leave may be extended by the Superintendent for one additional school year. Before returning to work, the teacher must furnish the Superintendent with a physician’s statement attesting that the teacher’s condition will permit the teacher to undertake such teacher’s assignments.

5.3 Bereavement Leave
A teacher shall be entitled to up to three (3) consecutive days of leave without loss of pay for time necessarily and actually lost by reason of a death in the immediate household or immediate family of such teacher, or the death of another close significant person to the teacher. Notification of the need for such leave shall be made to the appropriate Principal or Director or their designated representative. The members of the “immediate family” shall be the teacher’s spouse and the parents, children, siblings, grandparents, or grandchildren of the teacher or his/her spouse. Where individual circumstances require, the Superintendent may, in their discretion, expand the definition of immediate family; however, their determination shall not be subject to the grievance and arbitration procedures of this Agreement. Additional consecutive days may be granted upon request with approval of the Superintendent for the following reasons: travel, distance and time, legal matters, religious reasons, delayed funeral or for any other unforeseen circumstances. However, the determination of the Superintendent concerning such additional days shall not be subject to the grievance and arbitration procedures of this Agreement.
5.4 **Personal Leave**

A teacher will be granted leave without loss of pay up to three (3) days per year for the time necessary and actually lost for important personal reasons if such activity cannot be carried out at any other time. Personal days may not be used for recreation or to extend a vacation or long weekend. If a teacher requests a personal day connected to a vacation, holiday, or long weekend, or more than one personal day in a row, the purpose of the personal day must be provided to the Principal. Requests for personal days must be submitted as far in advance as possible. Approval of personal days shall be within discretion of the appropriate Principal and the Superintendent or designee.

Personal days during the first five days of school and the last three days of school will only be granted for extenuating circumstances. Personal days on Mondays or Fridays in May and June may be limited based on the volume of teachers absent in each school. Teachers will specify the reason for personal day requests on these days at the time of the request. Unused personal days will be rolled into sick days available for future use.

5.5 **Religious Leave**

A teacher will be granted leave without loss of pay up to two (2) days in any one school year for time necessarily and actually lost for observance of a recognized major religious holiday of the religious faith to which such teacher belongs, when such holiday falls on a day on which teachers are required to report. The following are examples of "recognized major religious holidays" which may fall on a day on which teachers are required to report: Rosh Hashanah, Yom Kippur, and Good Friday of the Greek Orthodox Church. Notification by a teacher of their intention to take such leave shall be made to the appropriate Principal or Director as far as possible in advance of such holiday, but in no event less than forty-eight (48) hours in advance of such holiday. Whether other days are "recognized major religious holidays" shall be determined by the Superintendent upon request of the Association or a teacher.

5.6 **Exchange Leave**

An unpaid leave of absence of up to two years shall be granted to a teacher who engages in an exchange teacher program approved by the Superintendent. Credit on the salary schedule for such work shall be subject to Article 5.

5.7 **Association Business**

A teacher designated by the Association shall, upon request, be granted a leave of absence for up to two (2) years without pay for the purpose of engaging in full-time local, state, or national activities of the Association, provided that no more than one (1) such teacher shall be on leave at any one time. For the purpose of the Application of Schedule A upon such teacher's return from leave, each teacher shall be treated as having continued to be employed by the District.

5.8 **Military Leave**
5.8.1 Military leave for up to four (4) years without pay as required by state or federal law shall be granted for Military Service. Reinstatement shall be subject to state and federal law and Article 5.

5.8.2 Leaves of absence with pay of up to a maximum of ten (10) days per school year may be granted by the Superintendent (or their designee), which approval shall not be unreasonably withheld, to persons called into temporary active duty of any unit of the U.S. Reserves or the State National Guard, provided such obligations cannot be fulfilled on days when school is not in session. Teachers will be paid the differences between their regular pay and the pay which they receive from the State or Federal Government.

5.9 Family and Medical Leave

5.9.1 Parental Leave

Employees who have worked for the district for at least three months may take up to eight weeks of leave for the purpose of giving birth or for the placement through adoption of a child under the age of 18, or under the age of 23 if the child is physically or mentally disabled pursuant to the terms and conditions of the Massachusetts Parental Leave Act, under the terms and conditions of Chapter 149 Section 105D of the Massachusetts General Laws. Accumulated sick days may be used subject to the following limits:

A. The birth parent may use accumulated sick days up to eight calendar weeks from the day that the baby is born. If the employee does not have enough sick days, unpaid days may be used.
B. The non-birth parent may take a total of up to ten days using a combination of sick and personal days. Two additional personal days will be granted for this purpose to be used as part of the ten days.
C. An adoptive parent may use accumulated sick days for up to eight weeks from the day the child is placed in the home of the adoptive parent.
D. An employee who runs out of accumulated sick days will move into unpaid status.
E. If the employee qualifies for the Family Medical Leave Act (FMLA), a birth, adoptive, or non-birth parent may extend the leave outlined above as unpaid leave for up to twelve (12) school weeks (which would include the period of leave under the Parental Leave Act). If an employee takes leave under this Section in circumstances where FMLA leave could also be taken, the two leaves shall run concurrently, rather than one after the other. If the employee qualifies for health insurance, the health insurance shall be maintained at the employee rate during the twelve week leave.
F. Employees in unpaid leaves of absence that continue beyond the approved FMLA leaves may continue group insurance coverage as provided by the Committee to members of the bargaining unit by paying the full premium cost.
5.9.2 **FMLA Leave**

All eligible members of the bargaining unit shall, in addition to the provisions of this Article, be eligible for leaves of absence in accordance with the Family and Medical Leave Act of 1993. FMLA currently includes leaves for:

a) The birth of a child and in order to care for the newborn;

b) The adoption or placement of a child for foster care with the employee;

c) To care for a child, spouse, or parent with a serious health condition;

d) Because of the employee’s own serious health condition that makes the employee unable to perform the essential functions of his/her position.

All full time bargaining unit members shall presumptively be considered to have met the 1250 hour eligibility threshold on an annual basis. In the case of a part-time employee, the district shall bear the burden to establish the employee did not meet the 1250 hour eligibility threshold. Family leave shall be extended to include the care of any member of the teacher’s household.

For leave related to the birth or placement of a child, the employee must provide at least two weeks’ written notice before his/her anticipated date of departure and include an intended date of return. Eligibility for this benefit shall be extended to any birth or adoptive parent or to the partner of a birth or adoptive parent.

Nothing in this section shall be interpreted to limit an employee’s right to utilize sick leave benefits as provided elsewhere in this agreement or to require an employee to use sick leave, personal leave or vacation time during any leave period.

5.9.3 **Child Rearing Leave**

In the case of the birth or adoption of a child, once the teacher has used the twelve weeks of FMLA leave, they may take the remainder of the year off unpaid as child rearing leave. The teacher may also take the next full school year off as a child rearing leave of absence without pay. Requests for child rearing leave must be provided to the Superintendent at least forty (40) days prior to the predicted birth or adoption, where feasible. Eligibility for child rearing leave shall be extended to any birth or adoptive parent or to the partner of a birth or adoptive parent.

In the event a teacher wishes to elect to commence a child rearing leave at a fixed date earlier than the anticipated birth or adoption, such a leave may only begin at the end of a marking period, upon thirty (30) days written notice to the Superintendent. The intent of
the minimum notice provisions is to afford a reasonable notice period such that the Superintendent may make adequate provisions for the continuity of education in the classroom. Nothing herein shall affect a teacher’s entitlement to sick pay during any period of actual disability.

In determining the placement on the salary schedule of a teacher who returns from a child rearing leave of absence, credit for a full year of teaching will be given on the schedule for the school year during which the leave began if the teacher completed at least ninety-one (91) days of teaching during said school year; otherwise, the teacher shall return to the step on the salary schedule which s/he held prior to the commencement of such leave. The teacher shall be restored as soon as practicable to the position s/he held when her leave began, or to a substantially equivalent position.

Nothing in this section shall be interpreted to limit an employee’s right to utilize sick leave benefits as provided elsewhere in this agreement or to require an employee to use sick leave, personal leave or vacation time during any leave period.

A teacher who has completed a child rearing leave or a discretionary leave shall not be eligible to commence a child rearing leave until the teacher has completed at least one full school year of active employment as a teacher following the earlier leave. Should a birth or adoption occur during the year in which the teacher returns from a prior child rearing or discretionary leave, that teacher can use the 12 weeks of FMLA available to them, as well as an unpaid child rearing leave for the remainder of that current school year, if requested. That teacher would not be eligible to extend that child rearing leave into the subsequent school year.

5.9.4 A teacher who chooses an extended leave of absence for the purpose of child rearing in accordance with Section 5.7.3, shall return to active employment only on the first day of school in September of the following year or on the first day of school in September of the second year following the birth or adoption. If the teacher wishes to return at a time other than those specified in this Section, s/he may do so only if a vacancy occurs for which s/he is qualified to fill.

5.9.5 Spousal/Partner Leave
A teacher whose spouse or partner has given birth shall be granted two additional days of paid personal leave which may be combined with up to eight (8) sick or personal days for a total of ten (10) days of spousal leave to be used within twelve (12) weeks of the birth. A request for spousal leave must be made in writing at least two (2) weeks before the anticipated date of birth.
5.9.6 **Adoption Leave**
Adoptive parents shall be entitled to utilize up to ten (10) days of paid leave for adoption related travel, court appearances, appointments with social workers or adoption agencies or attendance at other meetings or processes required in connection with the adoption of a child. Adoptive parents shall provide two (2) weeks notice of the intent to utilize paid leave under this section where practicable. Said leave shall be extended to the partner of an adoptive parent.

5.10 - 5.12 **Other Leaves**

5.10 Leave of absence without pay or increment may be granted by the Superintendent for the purpose of caring for a sick member of the teacher's immediate family.

5.11 Leave of absence without pay or increment to any teacher to campaign for, or serve in a public office for one term, may be granted by the Superintendent.

5.12 Other leaves of absence may be granted by the Superintendent. Normally requests therefore should have been received by February 1.

5.13-5.18 **Conditions Pertaining to Leaves**

5.13 Upon termination of a leave, a teacher will be restored as soon as possible to the position which such teacher left, or a substantially equivalent position, with such benefits to which the teacher was entitled at the time such leave commenced, provided that said teacher would not have been laid off due to a reduction in enrollment or budgetary factors had the teacher not been on leave, subject, however, to the requirements of the particular benefit plan or program involved.

A teacher must inform the Superintendent on or before February 1 whether she/he wishes to extend that leave. A teacher who does not inform the Superintendent shall be considered to be returning, and no extension of leave will be approved. Failure to be available for assignment at the termination of leave shall constitute a resignation.

5.14 Each request for leave or extension or renewal of leave shall be applied for and granted in writing.

5.15 Granting of discretionary leave shall not be unreasonably withheld. In deciding whether or not to grant a request for a discretionary leave, the Superintendent will weigh the implications for the education of the students, the importance of the leave to the teacher, the adverse effect, if any, upon the school system and other relevant considerations.
5.16 Leaves of absence with pay each school year may be granted by the Superintendent (or his or her designee), which approval shall not be unreasonably withheld, for the following leaves:

a) At least one (1) day for the purpose of visiting other schools or attending meetings or conferences of an educational nature.

b) Time necessary for Association members to attend Massachusetts Teachers Association and/or National Education Association conferences and conventions.

c) Time necessary for appearance in any legal proceeding connected with the teacher’s employment or with the school system or in any other legal proceeding if the teacher is required by law to attend.

5.17 No teacher will be required to arrange for their own substitute.

5.18 Teachers, upon application to the Superintendent, may be granted a leave for one year without pay for the purpose of pursuing an alternative career.

5.19 **Jury Duty**

Teachers who are required to perform jury duty shall receive leave with pay for the duration of such duty. Compensation shall be the difference between jury duty pay and the teacher’s regular pay, including all or any part of the compensation for stipendiary positions held at the time of such jury duty.

**ARTICLE 6**

**TEACHING HOURS AND TEACHING LOAD**

6.1 The School Committee and the Association agree that the teachers of the Acton-Boxborough Regional School District shall devote the time which in their professional judgment is necessary to assure quality education for the students of each school system. The Association further agrees that it will actively encourage the sage use of professional judgment and will enforce this section through its Professional Rights and Responsibilities Committee. Obligations for part-time teachers and teachers who work part time in more than one building will be appropriately pro-rated. Those who travel between buildings will normally not have travel time counted as preparation time.
6.2 **Calendar:**

The work year of teachers shall be one hundred and eighty-three (183) days or three (3) days longer than the minimum school year required by the State Board of Education, whichever is greater. The school year for teachers shall begin not earlier than August 25th. In the event that school begins prior to Labor Day, schools will be closed on the Friday preceding Labor Day. School will not be in session for one week in February, which contains President’s Day, nor one week in April, which contains Patriot’s Day, except for emergencies due to building schedules. In the event that school begins prior to Labor Day, schools will be closed on the Friday preceding Labor Day. In years in which the calendar dictates that school will begin before Labor Day, and the two professional days are scheduled for the Monday and Tuesday before Labor Day, school may be held the Friday before Labor Day.

The school year shall include all days on which Students are in attendance in accordance with the rules and regulations of the State Board of Education and orientation day(s) and professional learning day(s). When a teacher has completed their responsibilities at the end of a school year and they/them have “checked out” with the appropriate Principal, such teacher needs not delay departure until other teachers have checked out.

At the discretion of the School Committee, one additional day or two evening conference nights may be added to the schedule. If added, teachers will be compensated at a rate equivalent to 1/183 of Masters Step 1. The decision will be made when the School Committee determines the next year’s school calendar. If an additional day is scheduled, it will be of equal length to a normal school day. If two nights are scheduled, no night session will be longer than three and one half hours (3.5 hrs.) in length and will end no later than 9:00 pm.

6.3 **Length of Work Day:**

The workday of classroom teachers will begin at the most thirty minutes before the starting time of the schools. Teachers may leave school at student dismissal time once students have been dismissed from their classrooms unless detained by such commitments as staff meetings, detention, bus duty, or extra help. The starting and dismissal times of each school are subject to modifications by the School Committee, provided, however, that no such modification will increase the length of the teacher’s workday.

Teachers will have a preparation period during which they will not be assigned to any other duties as follows:

a) **Elementary School:** At least four preparation periods, not necessarily of
equal length, for a total of 175-195 minutes per week except for half-day kindergarten teachers, who will have a total of 90 minutes of preparation time per week.

b) Junior High School: one classroom period per day.

c) Senior High School: one classroom period per day.

d) Preschool Teachers: The Association and the Committee recognize that preschool teachers currently have preparation time on Fridays when school is not in session for all students. In the event that the preschool hours of operation change to five days per week for all students, the Association and School Committee agree to enter into negotiations for a side letter of agreement to guarantee minimum weekly preparation time for preschool teachers.

If a teacher leaves the building during school hours, they will notify their Principal or designee. Teachers who have first or last period as a prep period will request permission from their supervisor each time they request to arrive at school after the first period begins or leave before the last period ends.

On early release days, late start days, and field trips, preparation periods may not be rescheduled. During MCAS and other specially scheduled activities, classroom teachers will be provided some preparation time if there are staff members available for coverage.

The elementary schools will have an early release dismissal of students one day per week. Six of these days will be used for fall and spring conferences and year end progress reports, at least ten of these days will be used for collaborative team time. At least seven of these days will be used for building based professional learning. Teachers will schedule a fall and spring conference for each students’ parent/guardian. At least six early release days will be allocated for these conferences and end of year work. The remaining early release days will be used for district-wide grade level meetings or professional learning. Teachers will work on early release days until the normal end of the school day, unless otherwise agreed upon by the Committee and the ABEA in order to allow teachers adequate travel time.

6.4 English Teachers:
Academic subject area Junior and Senior High school teachers will not be assigned to more than five (5) single teaching periods per day unless agreed upon with the teacher. High School English teachers will not be assigned to more than four (4) single teaching periods plus one duty per day unless agreed upon with the teacher.

6.5 Normally, secondary school teachers will not be required to teach more than two (2)
subjects nor more than a total of three (3) teaching preparations within said subject at any one time.

6.6

a) The teaching schedules of elementary school specialist teachers, such as music, art, and physical education teachers, will be arranged among specialists, teachers, and the appropriate Administrators so that, to the extent reasonably possible, the teaching load of all such teachers within a given field will be comparable and consistent with the highest quality of education. In determining comparability of teaching loads, consideration will be given to necessary preparation time for classroom work, work with individual students, special programs and other teaching responsibilities.

b) The nursing schedules of elementary school nurses will be arranged between nurses and the appropriate Administrators so that, to an extent reasonably possible, the nursing load of all such nurses within a given field will be comparable. In determining comparability of nursing loads, consideration will be given to necessary preparation time for special programs and other responsibilities.

6.7
Upon completion of grade level meetings to recommend assignments for the following school year, each teacher will receive a list of the students; including proper notation of students with disabilities, recommended for that teacher's class. Two weeks prior to the start of school, each principal will inform the teacher of any known students added to or deleted from the teacher's proposed class.

6.8
The language in this Article shall be interpreted so as not to exclude Specialist teachers from the meaning of "teachers".

6.9
Personnel other than classroom teachers will work at their assigned tasks for the length of the regular teacher's workday, as per contract or at the discretion of the supervisor.

6.10 Teachers will have a duty-free lunch period of approximately thirty minutes.

6.11 There will be a minimum twenty-minute recess period each day in the elementary schools. Each elementary school teacher will be off duty for one such recess period on full school days.

6.12 Teachers' participation in extracurricular activities will be strictly voluntary and teachers will be compensated for all such participation in accordance with the provisions of Schedule B.

6.13 Professional Services: If the Association President or Co-President so requests and the Superintendent deems it desirable, the Superintendent may adjust the teaching schedule of
the President/Co-President to provide release time for the President/Co-President to handle matters requiring immediate consideration.

6.14 Junior High and High School teachers may be required to remain after the end of the regular work day without compensation to attend the following staff meetings:

a) 75 minutes one day of each month or ten days per school year -- Building Level Staff Meetings.

b) One hour one day of each month or ten days per school year -- Curriculum Meetings or Departmental Meetings.

c) During the self-evaluation as required by the NEASC accreditation process.

Elementary teachers may be required to attend the following staff meetings before school or after school once all the buses leave, without additional compensation, for up to one hour.

a) One day of each month or ten days per school year – Building Level Staff Meetings
b) One day of each month or ten days per school year – Curriculum Meetings or Departmental Meetings.

6.15 The Association recognizes that a teacher’s responsibilities include meeting the needs of students in relation to extra help. Every effort shall be made by the teacher to ensure that no student is denied a reasonable amount of individual attention outside of regular class periods when sought by a student or parent or when thought necessary by a teacher. However, it is recognized that this time must be scheduled in recognition of the numerous other commitments to the school system on the part of the teacher.

It is further recognized that a teacher’s responsibilities include conferring with a parent when so requested by a parent or when thought necessary by the teacher. Such conferences should be held at mutually convenient times.

6.16 At the discretion of the Principal, class field trips shall be encouraged to the extent of the budget allocated to each school for such purposes.

6.17 There shall be spring and fall conferences held in each elementary school. Six of the early release days will be allocated for these conferences, although teachers may also schedule them at other times mutually agreed upon with the family.

6.18 All teachers shall be required to attend back to school night. Elementary teachers will be required to attend either Kindergarten night or one other alternate
school activity. Junior High teachers will attend one evening conference as well as two afternoon conference days scheduled on early release days. The Junior High conference night will end by 9:00 pm. Junior High teachers will be given release time for evening conferences in the form of an early release or late start before or after evening conferences.

6.19 During one of the professional days scheduled before the first day of school, elementary teachers will be given two hours to work in classrooms, and Junior High and High School teachers will be given two hours for a team or department meeting.

6.20 All currently-employed teachers will complete the Seeking Educational Equity and Diversity (SEED) course and the Universal Design for Learning (UDL) course by August 31, 2023. Newly hired teachers will complete the SEED course and the UDL course within the first three years of employment in the district.

The SEED and UDL courses will be funded by the District. SEED will be offered each year, within the district, as part of the Professional Learning Program. If these courses are not offered within the district, teachers will complete these courses within a reasonable distance of the district or the teacher’s home.

The requirement to complete the SEED and UDL courses may be waived by the superintendent.

6.21 Newly hired teachers will attend orientation as scheduled before school starts. They will participate in the district’s Beginning Teacher Support Program, and they may be required to attend up to five, hour-long meetings for new teachers with their principal or designee outside of the school day throughout the school year.

ARTICLE 7
CLASS SIZE

7.1 The desirable maximum number of Students per teacher is as follows:

<tbody>
<tr>
<td>Kindergarten</td>
<td>20</td>

<tr>
<td>Grade 1</td>

7.2 The Committee and the Association recognize that class size has a bearing on quality education and will, whenever possible, subject to space availability and other educational considerations, ensure that class size is of the most effective number for both the teacher and Students. Attainment of the desirable maximum number of Students per teacher shall, however, be dependent on the practicalities with which the Committee must deal.

ARTICLE 8
NON-TEACHING DUTIES

8.1 The Committee and the Association acknowledge that a teacher's primary responsibility is to teach and their energies should, to the extent possible, be utilized to this end.

8.2 Teachers will not be required to perform the following duties to an extent greater than now in general performed:

a) Non-professional assignments, including but not limited to, milk distribution, supervision of sidewalks, buses and playgrounds, except in cases of emergency determined by the Principal.

b) Health services, such as administering eye and ear examinations and weighing and measuring students, except for members of the Physical Education Department who presently perform such duties. This paragraph does not apply to nurses.

c) Collecting money from students for non-school related purposes. Although teachers may be required to collect and transmit money to be used for school related purposes, they will not be required to tabulate or account for such money.

d) Delivering books to classrooms, keeping registers and clerical work on cumulative record cards, correcting and graphing of standardized tests, and other similar clerical functions.

8.3 Elementary teachers and nurses shall not be required to supervise lunch or recess.

8.4 Teachers shall not be required to drive students to activities which take place away from school buildings. If a teacher provides transportation for a student from their school or from the location of an authorized outside activity to the student's home, that activity shall be considered to be within the scope of the teacher's duties for the purposes of Chapter 258.
8.5 When it is required that the contents of a room be moved
   a) Teachers will be provided with sufficient packing materials;

   b) Teachers will not be required to move materials to a new location.

8.6 Any teacher or professional staff member who is involuntarily transferred or reassigned room
assignment shall be entitled to compensation of $200 for packing up and unpacking their classroom
or work space. For purposes of this provision, “classroom teachers” shall include teachers and
other professional staff who have an assigned room, such as art or music teacher. At the discretion
of building principals, an alternative assignment day could be furnished as substitute
compensation.

8.7 The language in this Article shall be interpreted so as not to exclude Specialist teachers from the
meaning of “teachers”.

ARTICLE 9
TEACHER EMPLOYMENT AND ASSIGNMENT

9.1 Upon employment or reemployment, a teacher will be placed on a mutually agreed step on the
salary schedule.

9.2 Teachers within the school system will be notified in writing of their programs for the coming
school year, including the school to which they will be assigned, the grades and/or subjects that
they will teach, and any special or unusual classes that they will have, as soon as practicable and
under normal circumstances not later than June 1 at both the elementary and secondary levels.

9.3 In order to ensure that students are taught by teachers working within their areas of expertise,
teachers will not be assigned, except temporarily and for good cause, outside the scope of their
teaching certification and/or their major or minor fields of study.

9.4 Principals may move a teacher to another grade or subject for which they are certified. The
Principal will notify a teacher of a change in grade or subject by March 1 if possible, so that the
teacher may consider applying for any other openings in the district. The Association understands
that there may be circumstances in which the Principal may need to make a grade level or subject
assignment decision later in the school year. The principal will have final say over grade level and
subject assignments within their school.

9.5 In arranging schedules for teachers who are assigned to more than one school, an effort will be
made to limit the amount of inter-school travel. Such teachers will be notified of any changes in
their schedules as soon as practicable. Teachers who are assigned to more than one school in any
one school day will receive the current IRS rate per mile for all inter-school driving done by them.
Teachers who are required to travel between schools for the performance of their teaching duties shall be promptly notified in writing whenever it becomes known.

ARTICLE 10
TRANSFERS

10.1 Although the Committee and the Association recognize that some involuntary transfers of teachers from one school to another are unavoidable, they also recognize that frequent transfers of teachers disrupts the educational process and interferes with optimum teacher performance.

10.2 When a reduction in the number of teachers in a school is necessary, volunteers will generally be transferred first.

10.3 When involuntary transfers are necessary, the educational needs of the students, a teacher's area of competence, major and/or minor field of study, quality of teaching performance, and length of service in the Acton, Boxborough, and the Acton-Boxborough Regional School District and other relevant factors will be considered in determining which teacher is to be transferred. Teachers being involuntarily transferred will be transferred to duties bearing an appropriate relationship to the teacher's experience or prior duties. An involuntary transfer to another school will only be made after a meeting with the teacher involved and the Principal, at which time the teacher will be told why they have been selected as a teacher to be transferred. At that meeting, a teacher being involuntarily transferred will have an opportunity to discuss openings in other schools and suggest a preference. The teacher may apply for any vacancies in the district for which they are qualified.

10.4 A list of open positions in the Acton-Boxborough Regional School District will be made available to all teachers being transferred. All such teachers will be given reasonable time off for the purpose of visiting schools at which such openings exist.

10.5 Notice of transfer will be given to teachers as soon as practicable. Generally such notice is given not later than June 1.

10.6 Exceptions to the provisions of Sections 10.2, 10.3, 10.4 and 10.5 above may be made only if the Superintendent determines that it is necessary to do so in the best interests of the teacher(s) and/or school affected. The Association will be notified of every instance in which the Superintendent so determines. A transfer made as the result of an exception pursuant to this Section 10.6 shall be subject to the grievance procedure set out in Article 34 and may be initiated at Level Two.

ARTICLE 11
VACANCIES AND PROMOTIONS

11.1 Whenever any vacancy occurs at the professional level between September 1 and June 30, notice of such vacancy will be posted on the Association bulletin board in each school as far in advance of the appointment as is reasonably possible. During the months of July and August, written notice of any such vacancy will be given to the Association. Such notice shall clearly set forth the qualifications for the position, its duties and the rate of compensation. If such qualifications are changed after such notice is given, the Association will be advised of such changes and the reasons reasonably in advance of the filling of such vacancy.

11.2 Any qualified teacher, whether or not employed by the District, who wishes to apply for a vacancy anywhere in the district, is welcome to follow the application process established for that vacancy. Consideration shall be given to each applicant’s professional background, attainments, experience, length of service for the District or other relevant factors. Any teacher applicant who is not selected for a vacancy will receive notice from the appointing principal or designee and may request a conference with that principal or designee to discuss the reasons for their non-appointment.

11.3 A list of open positions in the Acton-Boxborough Regional Schools, as the case may be, shall be made available to the Association.

ARTICLE 12
POSITIONS IN SUMMER SCHOOL, EVENING SCHOOL, AND UNDER FEDERAL PROGRAMS

Reasonable advance notice of openings for positions in any summer school, evening school or under Federal programs will be given to the Association. Consideration in filling such openings will be given to an applicant’s professional background, experience, length of service and other relevant considerations. A teacher applicant shall be notified of the action taken with respect to their application as soon as reasonably possible.

ARTICLE 13
TEACHER EVALUATION

13.1 All monitoring or observation of the work performance of a teacher will be conducted openly and with full knowledge of the teacher.

13.2 Each teacher shall, upon request, be permitted to review the contents of their personnel files and to file a written answer to any material which the teacher deems to be derogatory or factually inaccurate. Such teacher shall be entitled to have a representative of the Association present during such review. No material which the Superintendent or the appropriate Principal
13.3 Upon request, each teacher will be given a copy of any evaluation report prepared by their supervisors and shall be given an opportunity to discuss such report with the appropriate supervisor.

13.4 Any complaint emanating from outside the school or within the school which may result in a formal oral reprimand, a written reprimand, disciplinary action or which may be used as a basis to formulate an objective under the evaluation procedure shall be brought to the teacher’s attention in writing, including the identification of the complainant, within five (5) days of the receipt of said complaint by the Administration. The School Committee and the Association agree that the professional staff will recognize its responsibility to demonstrate sage professional judgment in dealing with such complaints and the individuals involved.

13.5 The Association recognizes the authority and responsibility of the Principal to reprimand or otherwise discipline a teacher for delinquency of professional performance. If a teacher is to be reprimanded or otherwise disciplined by a member of the Administration above the level of the Principal, however, they will be entitled to have a representative of the Association present.

13.6 No teacher with professional teacher status shall be reprimanded, reduced in rank or compensation or otherwise disciplined without good cause. If the discipline of a teacher rises to the level of suspension or termination, no teacher with professional teacher status will be suspended or terminated without just cause. Teachers without professional status may be dismissed without notice within 90 calendar days, and they may not be reappointed at the end of each school year without cause consistent with MGL Ch. 71.

13.7 The parties agree that Appendix C shall represent the procedure, philosophy, and instrument by which teachers shall be evaluated. Appendix C shall be periodically reviewed through a joint teacher-administrator committee. Changes may be made outside of formal negotiations, but only with the agreement and signature of the ABEA and the Superintendent.

13.8 Coaching Evaluation
The term “teacher” as used in this Article shall include professional persons receiving pay under Schedule B.

13.9 Teachers who assume responsibility for any activity listed in Schedule B shall be observed regularly
during each school year by the Administrator(s) responsible for the direction of the activity. Formal evaluations will be completed for all teachers during their first year in any Schedule B position. Decisions regarding the need for subsequent formal evaluation will be made by the appropriate Administrator(s) on the basis of observations and/or previous evaluations. All evaluations will be carried out in accordance with procedures outlined in Appendix C.

ARTICLE 14
TEACHER FACILITIES

14.1 The Committee shall maintain the following types of facilities at each school substantially to the extent as now provided:

a) Space in each classroom in which teachers may safely store instructional materials and supplies;

b) A teacher work area containing reasonably adequate equipment and supplies to aid in the preparation of instructional materials;

c) An appropriately furnished room which will include a telephone, if the Association so requests, to be reserved for the exclusive use of the professional staff as a faculty lounge. The cost of any such telephone will be assumed by the Association;

d) A communication system so that teachers can communicate with the main building office from their classroom;

e) A well-lighted and clean adult restroom

f) A separate private dining area for the exclusive use of the professional staff.

14.2 a) Reasonably adequate reserved parking space for teachers will be provided at each school.

b) Reserved parking space will be provided for the nurse at each school, reasonably close to the school entrance. Wherever possible, this parking space will allow entry and/or exit when busses are in the school driveways.

14.3 The District shall budget at least $500 each year for the sole purpose of supplying each teacher with a secure and lockable teacher’s desk and/or file cabinet until such time that each teacher shall be so provided.

14.4 The Committee shall maintain the following types of facilities for nurses at each school substantially to the extent as now provided
a) Space to store materials.

b) A serviceable nurse’s desk and chair at each school.

ARTICLE 15
USE OF SCHOOL FACILITIES

15.1 The Association will have the right to use school buildings without cost at reasonable times for meetings, with the approval of the Superintendent (or their designee).

15.2 The teachers will have the right to use athletic facilities and equipment without cost when not otherwise used and whenever buildings housing such facilities are heated and lighted for any other purpose. The schedule and other related matters will be arranged in advance with the Superintendent or their designee.

15.3 There will be one (1) bulletin board in each school building, which will be placed in the faculty lounge, for the purpose of displaying notices, circulars and other material approved by the Association. Copies of all such material will be promptly given to the appropriate Principal, but their advance approval will not be required. No material shall be posted which tends to question the good faith or misrepresents the position of any of the parties to this Agreement, incites ill feeling or animosity or which constitutes campaign propaganda for or against rival factions within the Association.

ARTICLE 16
SUBSTITUTE TEACHERS

16.1 Positions which will be vacant for at least one (1) semester will, to the extent possible, be filled by personnel who have met the state certification requirements. For work beyond the 45th day, the teacher will be placed on the salary schedule, the position on said schedule to be set by the Superintendent and the teacher.

16.2 At the secondary level in those cases where regular substitutes are not available and a regular teacher voluntarily agrees to serve as a substitute or attend a Core Evaluation Team meeting during their non-teaching time, said teacher will be paid an additional 1/900 of their base pay for each such period after their second such period during the school year. The Committee will utilize qualified substitute teachers in the absence of regular elementary art, music and physical education teachers to the extent that such qualified substitute teachers are available. When qualified substitute teachers are not available on the elementary level and a teacher serves as a substitute or attends a Core Evaluation Team meeting during their non-teaching time, said teacher will be paid an additional 1/1200 of their base pay for each such period after the second such period.
during the school year. Such arrangements will be made by the appropriate Principal.

16.3 At the elementary level, non-classroom teachers and counselors shall not be used as substitute teachers and teachers shall not be required to cover two (2) or more classrooms simultaneously, except on a voluntary basis or in an emergency situation.

ARTICLE 17

17.1 Course Reimbursement
a) Course reimbursement

The District will pay for fees and tuition for courses taken directly with an accredited university, including in-service courses taken through Acton-Boxborough Regional School District or the EDCO Collaborative, which are taken outside of the school day with advance approval of the Superintendent or designee. Courses taken through third party companies including, but not limited to, Learner’s Edge or Professional Development Institute shall not be reimbursed. An individual teacher shall have the option of receiving reimbursement of up to $1,200 per year for courses taken under these guidelines. The budget for course reimbursements will be $75,000

Reimbursement shall be received by the teacher within two months after receipt of the transcript by the Superintendent or designee. Reimbursement for course(s) taken during the spring semester or during a summer session shall be conditional upon the teacher’s returning to the employ of the District for the school year which begins the September following the completion of such course(s). Funds for fall, spring and summer professional learning opportunities shall be budgeted separately, and awarded each period on a first-come-first-serve basis; however, prior to approving a second request by a teacher, first requests by other teachers will be accommodated based on available funds.

b) In-service credit will be granted for approved AB or EDCO courses. Course reimbursement will continue to be provided for EDCO courses.

c) At least ¹⁄₃ of credits must be in a teacher's content area, and ¹⁄₃ in Pedagogy. The remaining third can be content or pedagogy.

d) Teachers will not receive more than 18 credits in any fiscal year unless approved by the District. Courses taken in excess of 18 credits will not be carried over to another year.

17.2 The Committee will pay the reasonable expenses (including fees, meals, lodging and/or transportation) incurred by teachers who attend workshops, seminars, conferences or other
professional learning sessions at the request and/or with the advance approval of the Superintendent (or their designee). Funds for fall, spring and summer professional learning opportunities shall be budgeted separately, and awarded each period on a first-come-first-serve basis.

17.3 It is expected that a nurse shall complete the minimum number of Registered Nurse Continuing Education Units as prescribed by the Commonwealth Board of Nurse Examiners or other competent authority. The Committee will pay for the fees and tuition for such units which are taken with the advance approval of the Superintendent. Such approval shall not be unreasonably withheld, unless the budget therefore has been expended. An individual nurse may receive reimbursement up to $600.00 maximum per year. Such reimbursement shall be received by the nurse within two months after receipt of the transcript by the Superintendent.

ARTICLE 18
RESEARCH AND DEVELOPMENT PROGRAM

18.1 A Research and Development Program shall exist to take advantage of teacher resources for the improvement of the schools by affording personnel opportunities to work on self-initiated proposals. Proposals for projects to be carried out under the Research and Development Program may include such matters as curriculum planning, evaluation and selection of new materials, development of original materials, plans for implementing new teaching techniques, preparation of student reading lists, setting up experimental laboratory blocks, evaluation system, or any other worthwhile endeavor. No person who has submitted an R & D proposal will participate in deliberations on Research and Development Programs for that particular year.

18.2 Any teacher or teachers may submit to the appropriate Administrators, a proposal in which the following are indicated:

a) Describe the nature of the work and what it might accomplish in terms of meeting an identified need.
   1. Document the need as well as possible.
   2. Develop objectives to meet the need.

b) Describe the procedures that will be used to achieve the objectives including:
   1. The number and names of teachers the project would involve with a contact person indicated.
   2. The estimated length of time required to complete the project. Proposed dates would be helpful, if possible.

29.3 Intersession
A kindergarten teacher who teaches both the morning and the afternoon sessions of half day kindergarten shall have a forty (40) minute duty-free period between sessions provided the administration can arrange the schedule consistent with other requirements.

ARTICLE 30
Reduction in Staff

30.1 In the event it becomes necessary to reduce the number of teachers with professional status included in the bargaining unit as defined in Article 1, teachers without professional status shall be dismissed before teachers with professional status. During any reduction in staff, teachers with professional status shall be dismissed in accordance with the criteria outlined in Sections 31.2 and 31.3.

30.2 During a reduction in staff that impacts teachers with professional status, seniority may only be considered a tiebreaker for dismissal after job performance has been considered. A teacher’s job
performance shall be defined by the teacher’s overall summative evaluation ratings, with proficient being considered equal to exemplary. Up to five (5) years of the most recent summative evaluation ratings will be used to consider a teacher’s job performance, excluding the most recent evaluation ongoing during the year of the reduction in staff.

30.3 A teacher with professional status whose position is eliminated is entitled to positions outside their current department, professional role, or building, providing that they/them is qualified for the position in question, and provided that the position in question is currently held by a teacher without professional status, or currently held by a less senior teacher of equal or lesser rated job performance as defined in Section 31.2. A teacher’s minimum qualifications for a position shall be defined as appropriate licensure and at least one year of prior experience in the last 15 years teaching the relevant subject matter or working in the same professional role.

30.4 Seniority shall be defined as length of service in the Acton, Boxborough, or Acton-Boxborough school district(s) inclusive of approved leaves of absence. Seniority shall be documented in a master list maintained by the Association and the Committee. The computation of length of service shall commence from a teacher’s first working day when students are in session. In cases where more than one teacher’s length of services commences on the same school day said teachers’ names shall be selected in a random drawing to establish specific placement on the seniority list. The first name chosen in such a drawing shall be credited with more seniority than any subsequent names drawn in that procedure. The second name drawn shall have the next most seniority rights, and so on, until all names have been drawn. As each new teacher is employed they/them will have their name placed at the bottom of a master seniority list. In the case of broken years the years of seniority shall be adjusted to add the years of prior service to the years of seniority from the current employment once the teacher has attained professional status after their return.

30.5 a) Teachers who are to be affected by a reduction in staff must be notified in writing no later than June 15th that the Superintendent has decided that the teacher be dismissed. Said notice shall than June 15th that the Superintendent has decided that the teacher be dismissed include the specific reasons for the reduction in staff. Teachers who have been dismissed during a reduction in staff shall be entitled to recall rights for a period of two (2) years from the effective date of their respective dismissals. Teachers dismissed effective at the same time will be in a separate recall pool. Teachers in the most recently dismissed recall pool will be called back first, so long as they are qualified for the open positions(s) from which they were dismissed. During the recall period, teachers shall be notified by certified mail to their last address on record. Teachers being recalled from a reduction in staff must indicate their willingness to be available for such position within two (2) weeks of the receipt of the certified letter or recall. Failure to do so shall mean the teacher has waived their recall rights, if the position to which the teacher is being recalled was one that would be at least one academic year in length. Teachers part of a reduction in staff may refuse recall positions which are shorter in length than one academic year without forfeiting their seniority rights to recall. All benefits to which a teacher was entitled at the
time of the reduction in staff shall be restored in full upon re-employment within the recall period. During the recall period teachers who have been part of a reduction in staff shall be given preference on the substitute list if they so desire.

b) Employees part of a reduction in staff may continue group health and life insurance coverage during the recall period as provided by the district to members of the bargaining unit by reimbursing the district for total premium costs. Failure to forward premium payments to the district or refusal to return to employment upon recall will terminate this option.

c) After a reduction in staff, the Superintendent agrees not to hire any new teachers unless no teacher part of said reduction is qualified to fill any open or new position, or all qualified teachers part of said reduction have declined an offer to fill the vacancy. A list specifying the seniority of each member of the bargaining unit shall be prepared by the Superintendent and forwarded to the President of the Association within thirty (30) days following the execution of this Agreement. An updated “seniority list” shall be supplied by the Superintendent annually thereafter.

ARTICLE 31
PARAPROFESSIONALS

31.1 Teachers shall be involved in the placement of paraprofessionals in their classrooms to the extent that the paraprofessional to be placed in a teacher’s classroom will be consistent with the needs of the specific class in question in the judgment of the teacher involved.

If the grievance does not involve an Appointing Authority matter, it shall be presented in writing to the School Committee, within ten (10) days of the receipt of the Superintendent’s decision.

b) The Committee shall meet with the aggrieved teacher and the Association representative not later than twenty-five (25) days after it has received written notification from the Association that the Superintendent’s decision is unsatisfactory.

c) The Committee shall provide its decision in writing to the aggrieved teacher and to the President of the Association or their designated representative within ten (10) days after the meeting specified in subparagraph (b) of Level Three.

d) If the grievance is not settled at Level Three, it may be taken to arbitration by the Association under the terms of Article 36 of this Agreement.

The Association shall be notified of the initiation of the grievance at Level One hereof (or Level Two hereof, if the grievance is initiated at that level pursuant to Section 35.7) and shall, if the Association so requests, be heard at each step thereof, and shall be notified of the decision reached at each level.

34.9 Settlements of grievances under this Article or awards under Article 5 may or may not be retroactive as the equities of each case may demand, but in no event shall a settlement be retroactive beyond more than fifteen (15) days prior to the date on which the grievance was presented in Level One hereof (of Level Two, if the grievance is initiated at that level pursuant to Section 35.7).

ARTICLE 35

35.6  
a) Each party to arbitration shall bear the cost of preparing and presenting its own case.

b) The expenses of the arbitration proceedings, including the fees and expenses, if any, of the arbitrator, shall be borne equally by the Committee and the Association.

35.7  
The function of the arbitrator is to determine the interpretation and application of specific provisions of this Agreement. There shall be no right in arbitration to obtain, and no arbitrator shall have any authority or power to award or determine any change in, modification or alteration of, addition to, or detraction from, any of the provisions of this Agreement. The decision of the arbitrator, if within the scope of their power and authority under this Agreement and made in accordance herewith, shall be final and binding on the parties and on the teachers. Unless the parties otherwise agree, each grievance shall be separately processed in any arbitration proceedings hereunder, and the arbitrator shall furnish their opinion in writing specifying the reasons for their decision. The arbitrator shall not render a decision contrary to state or federal law.

35.8

36.2  
The Association and its members, individually and collectively, agree that if there is a violation of Section 37.1, any or all teachers violating this clause will, at the discretion of the Superintendent, be subject to disciplinary action, including discharge or suspension, and the only question that will be subject to the grievance and arbitration procedure is that of participation or involvement as described above.

APPENDIX C
EDUCATOR EVALUATION CONTRACT LANGUAGE

PART 1: INTRODUCTION

1) Purpose of Educator Evaluation

The purpose of our Educator Evaluation System is to promote student learning and achievement, by providing Educators with feedback for growth. Evaluators are expected to make frequent unannounced visits to classrooms and give targeted constructive feedback to Educators. Feedback and ratings are based on observations and discussions of practice, examination of evidence, and analysis of multiple measures of student learning, growth and achievement in relation to the Standards and Indicators of Effective Teaching Practice.

2) Definitions

A. Artifacts of Professional Practice: Products of an Educator’s work and student work samples that demonstrate the Educator’s knowledge and skills with respect to specific performance standards.

B. Caseload Educator: Educators who teach or counsel individual or small groups of students through consultation with the regular classroom teacher, for example, school nurses, guidance counselors, speech and language pathologists, and some reading specialists and special education teachers.

C. Classroom teacher: Educators who teach preK-12 whole classes, and teachers of special subjects such as art, music, library, and physical education. May also include special education teachers and reading specialists who teach whole classes.

D. School Counselor: Educators who support students and families in their social and emotional well-being. Counselors will be evaluated using a rubric tailored to their specific positions.

E. School Nurse: Educators who support students and families in their health and physical well-being. Nurses will be evaluated using a rubric tailored to their specific positions.

F. Categories of Evidence: Multiple measures of Student Learning, Growth, and Achievement, judgments based on observations and artifacts of professional practice, including unannounced observations of practice of any duration; and additional evidence relevant to one or more Standards of Effective Teaching Practice (603 CMR 35.03).
G. Educator(s): Inclusive term that applies to all classroom teachers, caseload educators, counselors, psychologists and school nurses unless otherwise noted.

H. Educator Plan: The growth or improvement actions identified as part of each Educator’s evaluation. The type of plan is determined by the Educator’s career stage, overall performance rating, and the rating of impact on student learning, growth and achievement. There shall be four types of Educator Plans:

i) Self-Directed Growth Plan shall mean a plan developed by the Educator for one or two school years for Educators with Professional Teacher Status (PTS) who are rated proficient or exemplary.

ii) Directed Growth Plan shall mean a plan developed by the Educator and the Evaluator of one school year or less for Educators with PTS who are rated needs improvement.

iii) Improvement Plan shall mean a plan developed by the Evaluator of at least 30 calendar days and no more than one school year for Educators with PTS who are rated unsatisfactory with goals specific to improving the Educator’s unsatisfactory performance. In those cases where an Educator is rated unsatisfactory near the close of a school year, the plan may include activities during the summer preceding the next school year.

I. Evaluation Cycle: A five-component process that all Educators follow consisting of 1) Self-Assessment; 2) Goal-setting and Educator Plan development; 3) Implementation of the Plan; 4) Mid-Cycle Review; and 5) Summative Evaluation.

J. Goal: A specific, actionable, and measurable area of improvement as set forth in an Educator’s plan. A goal may pertain to any or all of the following: Educator practice in relation to Performance Standards, Educator practice in relation to indicators, or specified improvement in student learning, growth and achievement. Goals may be developed by individual Educators, by the Evaluator, or by teams, departments, or groups of Educators who have the same role.

K. Measurable: That which can be classified or estimated in relation to a scale, rubric, or standards.

L. Multiple Measures of Student Learning: Educators responsible for direct instruction will use at least one common assessment as part of Element 1-B-1. Educators can use any existing common assessment or may create a new common assessment. Educators will inform the supervisor of the assessment. Assessments will be common across the grade level or department within a school. Statewide growth measure(s) where available will be included as a multiple measure. These include MCAS Student Growth Percentile (SGP) or ACCESS
(Assessing Comprehension and Communication in English State-to-State) for English Learners, if applicable.

M. Non-Observation Feedback: Written feedback may be provided during the evaluation cycle related to non-classroom standards and indicators. Non-observation feedback forms may be used to provide positive or negative feedback related to performance that happens outside of classroom instruction. Non-observation feedback forms will be in addition to the minimum number of observations of practice, and they will be considered part of the evaluation record.

N. Observation: Notes and judgments made by an evaluator during one or more classroom or worksite visits(s) of any duration. Observations may take place in multiple settings and at various times. These include but are not limited to classrooms, meetings, professional learning activities, student or staff small group work, and/or interactions with students, parents/guardians, or colleagues. Observations will be followed up by a conversation between the evaluator and the educator and a written feedback form summarizing the conversation.

O. Performance Rating: Describes the Educator’s performance on each performance standard and overall. There shall be four performance ratings:

- Exemplary: the Educator’s performance consistently and significantly exceeds the requirements of a standard or overall. The rating of exemplary on a standard indicates that practice significantly exceeds proficient.
- Proficient: the Educator’s performance fully and consistently meets the requirements of a standard or overall. Proficient practice is understood to be fully satisfactory.
- Needs Improvement: the Educator’s performance on a standard or overall is below the requirements of a standard or overall, but is not considered to be unsatisfactory at this time. Improvement is necessary and expected.
- Unsatisfactory: the Educator’s performance on a standard or overall has not significantly improved following a rating of needs improvement, or the Educator’s performance is consistently below the requirements of a standard or overall and is considered inadequate, or both.

P. Rating of Overall Educator Performance: The Educator’s overall performance rating is based on the Evaluator’s professional judgment and examination of evidence of the Educator’s performance against the four Performance Standards and the impact of goals set forth in the Educator Plan, as follows:

i) Standard 1: Curriculum, Planning and Assessment

ii) Standard 2: Teaching All Students

iii) Standard 3: Family and Community Engagement

iv) Standard 4: Professional Culture
v) Impact of Professional Practice Goal(s)
vi) Impact of Student Learning Goal(s)

Q. Rubric: A tool that describes characteristics of practice or artifacts at different levels of performance. The rubrics for Standards and Indicators of Effective Teaching Practice are used to self-assess and to rate Educators on Performance Standards, these rubrics consists of:

1. Standards: Describes broad categories of professional practice, including those required in 603 CMR 35.03
2. Indicators: Describes aspects of each standard, including those required in 603 CMR 35.03
3. Elements: Defines the individual components under each indicator
4. Descriptors: Describes practice at four levels of performance for each element

R. Summative Evaluation: An evaluation used to arrive at a rating on each standard, an overall rating, and as a basis to make personnel decisions. The summative evaluation includes the Evaluator’s judgments of the Educator’s performance against Performance Standards and the Educator’s attainment of goals set forth in the Educator’s Plan.

S. Teacher: An Educator employed in a position requiring a certificate or license as described in 603 CMR 7.04(3)(a, b, and d) and in the area of vocational education as provided in 603 CMR 4.00. Teachers may include, for example, classroom teachers, librarians, guidance counselors, or school nurses.

T. Student Growth: At least two years of data from the District-determined Measures and state assessments used in determining the Educator’s rating on impact on student learning as high, moderate or low. Where more than two years of data is available, at least three year’s data will be used. Data will be used to compare overall student growth in each Educator’s classroom over time, not an individual student’s growth over multiple years.

PART 2: EVALUATION COMPONENTS

An Educator will be evaluated based on the following:

1) Observations and Discussions

Observations, discussions, and feedback are critical components of a successful evaluation process. The emphasis should be on evaluators visiting classrooms and discussions about teaching and learning.

A) For educators with professional status who were rated proficient or exemplary in the previous evaluation cycle, evaluators will complete at least five (5) unannounced observations of practice for a minimum of fifteen (15) minutes each over the two year evaluation cycle.
If concerns develop about an educator who was rated proficient or exemplary in the previous evaluation cycle, the evaluator may add a mid-cycle review meeting with ratings in February. Ratings of needs improvement or unsatisfactory will only be given after a minimum of five (5) observations.

For educators without professional status, evaluators will complete a minimum of five (5) unannounced observations of practice for a minimum of fifteen (15) minutes each during the educator’s one year evaluation cycle.

Evaluators may also provide non-observation feedback during the evaluation cycle to provide feedback to the educator related to non-classroom standards and indicators. These non-observation feedback forms can provide positive or negative feedback related to performance that takes place outside of classroom instruction. Non-observation feedback forms will be in addition to the minimum number of observations of practice, and they will be considered part of the evaluation record.

B) For Educators in their first year with the district, the first observation of the school year will be at least 30 minutes, and it will be announced and scheduled with the Evaluator at least three (3) school days before the observation. The Educator and Evaluator will schedule a pre-observation meeting at least one (1) school day before the observation.

C) For educators who work .5 or less, there will be four observations in each one year or two year evaluation cycle.

D) Observations may take place in multiple settings and at various times. These include but are not limited to classrooms, meetings, professional learning activities, student or staff small group work, and/or interactions with students, parents/guardians, or colleagues.

E) While goals may not be set until October, observations may start at the beginning of the school year.

F) Observations relate to all forms of an educator’s practice, not just goals.

G) After an observation, the Educator and Evaluator will make every effort to meet and discuss the observation within three (3) school days, unless extraordinary circumstances prevent a meeting within that timeframe.

H) The Evaluator will make every effort to provide a brief written summary of the observation to the Educator within three (3) school days of the discussion.

I) The Educator will sign the written summary within three (3) school days of receiving it. If the educator has not signed the observation form, the mid-cycle review report or the summative report within three (3) school days of receiving it, the document will be considered signed.

J) The Educator will have an opportunity to respond in writing to the written summary.
J) If concerns develop during any observation and subsequent discussion, the Evaluator will document and share those concerns with the Educator.

K) Any concerns documented in a mid-cycle or summative report must have been discussed with the educator prior to the mid-cycle or summative meeting.

L) If concerns develop outside of an observation, those concerns will be documented and shared with the Educator within five school days on the non-observation feedback form. Non-observation feedback forms will be in addition to the minimum number of observations of practice.

M) Discipline, including a documented letter of reprimand or suspension and any backup documentation, may be included as part of an educator’s evaluation and subsequent ratings.

N) A rating of needs improvement or unsatisfactory in standards I or II will result in an overall rating of needs improvement or unsatisfactory. A rating of needs improvement or unsatisfactory in standards III or IV may also result in an overall rating of needs improvement or unsatisfactory if the concerns outlined are determined by the evaluator to be serious enough to warrant an overall rating.

2) Evidence relevant to Performance Standards and Goals

Throughout the evaluation cycle, Evaluators and Educators are encouraged to discuss evidence relevant to Performance Standards and goals. If an Evaluator does not believe that he or she has enough evidence to determine a rating on each goal and standard, the Educator may be asked to provide evidence prior to the Mid-Cycle Review and/or Summative Evaluation Meetings. Any such requests must be made at least one week prior to the meetings and no later than May 1.

Evidence includes but is not limited to:

A) Evidence of effective teaching practice.

B) Evidence of student growth.

C) Evidence of fulfillment of professional responsibilities and growth such as self-assessments, peer collaboration, professional learning, contributions to the school community and professional culture.

D) Evidence of active outreach to and engagement with families and the community.

E) Evidence of impact of professional practice goal(s).

F) Evidence of impact of student learning goal(s).

G) Student feedback.
3) Multiple measures of student learning, growth, and achievement, which shall include:

   A) Educators responsible for direct instruction will use at least one common assessment as part of Element 1-B-1. Educators can use any existing common assessment or may create a new common assessment. Educators will inform the supervisor of the assessment. Assessments will be common across the grade level or department within a school.

   B) Statewide growth measure(s) where available will be included as a multiple measure. These include MCAS Student Growth Percentile (SGP) or ACCESS (Assessing Comprehension and Communication in English State-to-State) for English Learners, if applicable.

   C) Common assessments are not required for educators whose primary role is not as a classroom teacher. This includes nurses, social workers, counselors, psychologists, edtech specialists and curriculum specialists.

4) Rubrics

   The rubrics are a guide used for the Educator’s self-assessment, the Mid-Cycle Review, and the Summative Evaluation

PART 3: EVALUATION CYCLE

1) Self-Assessment and Goal-Setting

   A) At the start of the evaluation cycle, the Educator will complete a self-assessment and set goals. The Educator will meet with his or her Evaluator to discuss the self-assessment and goals by October 15, except for an Educator in his or her first year in the district who will meet with the Evaluator by November 15.

   B) Goals will include:

      i. At least one goal directly related to improving the Educator’s own professional practice.

      ii. At least one goal directly related to improving student learning.

   C) Goals may be developed by individuals or groups of Educators, in collaboration with the Evaluator. Goals must be approved by the Evaluator by November 1.
D) For an Educator in his or her first year in the district, goals must be approved by the Evaluator by December 1.

2) Observations and Discussions

Observations, discussions, and feedback are critical components of a successful evaluation process. The emphasis should be on evaluators visiting classrooms and discussions about teaching and learning. Guidelines for observations are provided in Part 2, Section 1.

3) Evidence relevant to Performance Standards

Evidence is gathered and shared between the Educator and Evaluator throughout the evaluation cycle. Guidelines are provided in Part 2, Section 2.

4) Mid-Cycle Review

A) Formative Assessment will be ongoing throughout the evaluation cycle. There will be a Mid-Cycle Review which will include a meeting between the Educator and Evaluator followed by the completion of the Mid-Cycle Review Report.

B) The Mid-Cycle Review Meeting

i. For Educators on a one-year Self-Directed Growth Plan, one-year Directed Growth Plan, or an Improvement Plan, the Mid-Cycle Review Meeting will take place by early February. The Mid-Cycle Review Report will be completed and shared with the Educator by February 15.

ii. The Mid-Cycle Review Meeting for Educators on a two-year Self-Directed Growth Plan will take place in late May or early June. The Mid-Cycle Review Report will be completed and shared with the Educator by June 15 of the first year of the evaluation cycle.

C) The Educator may bring, or be asked to provide, an update of progress on standards and goals to the Mid-Cycle Review Meeting. Any such requests must be made at least one week prior to the meetings and no later than May 1.

D) At the meeting, the Evaluator will bring to the Educator’s attention any areas of concern. Such concerns will be documented in the Mid-Cycle Review Report along with supports and resources the Educator may use to help address the concerns.

E) The Educator will sign the Mid-Cycle Review Report within three (3) school days of receiving it. If the Mid-Cycle Review Report is not signed within three (3) school days, it will be considered signed.
F) The Educator will have an opportunity to respond in writing to the Mid-Cycle Review Report within two weeks of receiving the report.

5) Summative Evaluation

Rather than adopt a one size fits all approach to supervision and evaluation, the Massachusetts evaluation framework encourages Evaluators to look for trends and patterns in practice across multiple types of evidence and apply their professional judgment. There are no numbers or percentages that dictate ratings on Standards, the assessment of educator goals, or the Summative Performance Rating. The role of evidence and professional judgment in determination of ratings on performance Standards and an overall Summative Performance Rating is paramount in this process.

A) The evaluation cycle concludes with a Summative Evaluation Meeting followed by a written report. The Summative Evaluation Meeting will take place after the last observation and before the Summative Report is written. At the meeting, the observations and evidence gathered throughout the year will be discussed to help the Evaluator determine ratings and prepare to write the Summative Report.

B) The Summative Report must be provided to the Educator by June 15 of the year in which the cycle is completed. The Summative Report should recognize areas of strength as well as identify recommendations for professional growth. The Summative Report will include ratings on the four Performance Standards and the impact of goals on professional practice and student learning.

C) The Evaluator determines a rating on each Performance Standard based on:
   i. Observations and discussions
   ii. Multiple measures of student learning based on state and district guidelines
   iii. Student feedback.
   iv. Evidence provided by the Educator
   v. Additional relevant information on an Educator’s practice, that has been shared and discussed previously with the Educator, related to one or more Performance Standards.

D) The Summative Performance Rating will be based on:
   i. The ratings on each Performance Standard as described above
   ii. An examination of evidence of the impact of goals on professional practice and student learning.
E) To be rated proficient overall, the Educator shall, at a minimum, have been rated proficient on Performance Standards 1 and 2: Curriculum, Planning and Assessment and Teaching All Students.

F) The Rating on Impact on Student Learning will be based on Multiple Measures of Student Learning over multiple years of growth data. These Impact Ratings will help to determine an Educator’s Growth Plan.

G) Educators who wish to provide the Evaluator with additional evidence of the Educator’s performance should do so by May 1.

H) The Summative Report must be provided to the Educator by June 15. The Educator shall sign the final Summative Report within three (3) school days and have the right to respond in writing to the Report by July 1. If the educator hasn’t signed the summative report within three school days, the report will be considered signed.

I) The Evaluator will meet by June 15 with any Educator rated Needs Improvement or Unsatisfactory to discuss a Directed Growth Plan or Improvement Plan, respectively, and supports to be put in place.

J) A copy of the signed final Summative Evaluation report, and any response by the Educator, shall be filed in the Educator’s personnel file.

PART 4: EDUCATOR GROWTH PLANS

Every Educator will be placed on an Educator Growth Plan based on the prior year’s Summative Performance Rating and rating on impact on student learning. All Educators with PTS will be placed on a one-year Self-Directed Growth Plan until initial ratings are determined. Educators without PTS will remain on a one-year Self-Directed Growth Plan until Professional Teacher Status is attained.

1) Educators with PTS Rated Proficient or Exemplary: Self-Directed Growth Plans

A) Educators with PTS who have an overall rating of proficient or exemplary, and whose rating on impact on student learning is moderate or high, will be on a two-year Self-Directed Growth Plan.

i. The Mid-Cycle Review report for Educators on a two-year Self-Directed Growth Plan will be completed and shared with the Educator by June 1 of the first year of the evaluation cycle.

ii. If concerns develop during the first year of a two-year Self-Directed Growth Plan, the Evaluator will increase the frequency of observations. A mid-cycle review report may be added in February. Ratings will only be given in the February or June Mid-Cycle Review Report to those for whom concerns have developed based on a minimum of five (5) observations during this first year.
iii. If an Educator on a two-year Self-Directed Growth Plan is rated Needs Improvement in the June Mid-Cycle Review Report, the Educator will be placed on a one-year Directed Growth Plan for the following school year.

iv. If an Educator on a two-year Self-Directed Growth Plan is rated Unsatisfactory in the June Mid-Cycle Review Report, the Educator will be placed on an Improvement Plan for the following school year.

B) Self-Directed Growth Plan

i. The Mid-Cycle Review Report for Educators on a one-year Self-Directed Growth Plan will be completed and shared with the Educator by February 1.

ii. If concerns develop during the one-year Self-Directed Growth Plan, the Evaluator will increase the frequency of observations.

iii. If an Educator on a one-year Self-Directed Growth Plan is rated Needs Improvement in the Summative Report, the Educator will be placed on a one-year Directed Growth Plan for the following school year.

iv. If an Educator on a one-year Self-Directed Growth Plan is rated Unsatisfactory in the Summative Report, the Educator will be placed on an Improvement Plan for the following school year.

C) When an Educator with PTS changes schools, departments, or grade levels, the Evaluator may decide to place the Educator on a One-Year Self-Directed Growth Plan.

2) Educators without Professional Teacher Status (PTS): One-Year Self-Directed Growth Plan

All Educators without PTS will be on a One-Year Self-Directed Growth Plan.

i. The Mid-Cycle Review Report for Educators on a one-year Self-Directed Growth Plan will be completed and shared with the Educator by February 1.

ii. If concerns develop for a non-PTS educator, the Evaluator will increase the frequency of observations. Ratings will only be given in the Mid-Cycle Review Report to those for whom concerns have developed based on a minimum of four (4) observations. Any concerns will be discussed at the Mid-Cycle review meeting and documented in the report.

iii. An educator without PTS who has been rated needs improvement or unsatisfactory will be given supports including a mentor to help improve.
3) Educators with PTS Rated Needs Improvement: One-Year Directed Growth Plan

A) Educators with PTS whose overall rating is Needs Improvement will be placed on a one-year Directed Growth Plan. The goals will be developed by the Evaluator and outlined in the Directed Growth Plan and shared with the Educator by June 15. The goals must address areas identified as needing improvement as determined by the Evaluator.

B) The Mid-Cycle Review meeting for an Educator on a one-year Directed Growth Plan will be held by January 15 and will contain ratings on the four Performance Standards. The Mid-Cycle Review Report will be subsequently completed and shared with the Educator by February 1.

C) If the Educator is rated Exemplary, Proficient, or Needs Improvement in the Mid-Cycle Review Report, the Educator will remain on the Directed Growth Plan for the duration of the school year.

D) If the Educator is rated Unsatisfactory in the Mid-Cycle Review Report, the Educator will be placed on an Improvement Plan for the duration of the school year. For Educators who are placed on an Improvement Plan in January, and receive an overall rating of Unsatisfactory in the Summative Report, the Evaluator shall recommend to the Superintendent that the educator be dismissed.

E) Per state regulations, an Educator may not be rated Needs Improvement at the end of a One-Year Directed Growth Plan. Therefore, if the Educator is returning the next year, the Educator will be rated either Exemplary or Proficient in the Summative Report and moved to the corresponding Educator Growth Plan.

4) Educators with PTS Rated Unsatisfactory: Improvement Plan

A) If an Educator is rated unsatisfactory in the January Mid-Cycle Review Report, he or she shall be placed on an Improvement Plan through June 1 of that school year.

B) Educators with PTS who are rated unsatisfactory in the June Summative Report will be placed on an Improvement Plan for the following school year.

C) The Improvement Plan shall:

   i. Define the Improvement Plan goals directly related to the Performance Standard(s) and/or student learning outcomes that must be improved.

   ii. Articulate the measurable outcomes that will be accepted as evidence of improvement.

   iii. Describe the activities and work products the Educator must complete as a means of improving performance.
iv. Detail the timeline for completion of each component of the Plan, including monthly meetings with the Evaluator.

v. Identify the individuals assigned to assist the Educator which must include the Evaluator(s) and mentor assigned by the Evaluator.

vi. Outline supports to be provided to the Educator by the District. The District will assume the costs of any instructional materials and professional learning opportunities for Educators on an Improvement Plan.

D) The Improvement Plan process shall be as follows:

i. Within ten school days of notification to the Educator that the Educator is being placed on an Improvement Plan, the Evaluator will develop the Improvement Plan and schedule a meeting with the Educator to discuss the plan.

ii. If the Educator consents, the Association will be informed that an Educator has been placed on an Improvement Plan. The Educator may request that a representative of the Association attend any or all meeting(s) relevant to the Improvement Plan.

iii. There will be a scheduled monthly meeting between the Evaluator and Educator to review progress towards Improvement Plan goals.

iv. A mutually-agreed upon, non-supervisory mentor will be assigned to the Educator to support the Educator throughout the Improvement Plan.

v. Classroom teachers will be observed a minimum of one 30 minute period at least once a month by one or more Evaluators unless otherwise dictated by an improvement plan.

vi. Evaluators will observe Educators in situations/settings that will allow for progress in areas of concern to be demonstrated.

vii. Evaluators may request that the Educator provide evidence that demonstrates progress towards the goals of the improvement plan.

E) The Educator and the Evaluator will sign the Improvement Plan, and a copy of the signed Plan will be provided to the Educator. Signatures indicate that both parties understand the expectations of the Plan.

F) The Summative Evaluation Report for an Educator on an Improvement Plan must be provided to the Educator by June 1. The Report will include a Summative Performance Rating that will determine next steps. According to state regulations, one of three decisions must be made at the conclusion of the Improvement Plan:

i. If the Educator receives a rating of Proficient or Exemplary, the Educator will be placed on a Self-Directed Growth Plan.
ii. If the Educator receives a rating of Needs Improvement, the Educator will be placed on a One-Year Directed Growth Plan.

iii. If the Evaluator determines that the Educator’s practice remains at the level of Unsatisfactory, the Evaluator shall recommend to the Superintendent that the Educator be dismissed.

5. Professional Teacher Status

In order to attain Professional Status, the Educator should achieve ratings of proficient or exemplary on each Performance Standard and overall. A principal considering making an employment decision that would lead to PTS for any Educator who has not been rated proficient or exemplary on each performance standard and overall on the most recent evaluation shall confer with the Superintendent by May 1. The principal’s decision is subject to review and approval by the Superintendent.

A) The Superintendent shall ensure that Evaluators have training in supervision and evaluation, including the regulations and standards and indicators of effective teaching practice promulgated by ESE (35.03), and the evaluation Standards and Procedures established in this Agreement.

B) Should there be a serious disagreement between the Educator and the Evaluator regarding an overall summative performance rating of unsatisfactory, the Educator may meet with the Evaluator’s supervisor to discuss the disagreement. Should the Educator request such a meeting, the Evaluator’s supervisor must meet with the Educator. The Evaluator may attend any such meeting at the discretion of the Superintendent. The Educator may request the presence of an Association representative at the meeting.

C) The parties agree to establish a committee of Association representatives and administrators which shall review the evaluation processes and procedures annually through the first three years of implementation and recommend adjustments to the parties.

D) Information related to an individual Educator’s evaluation shall be considered part of one’s personnel file and will not be shared with individuals or organizations outside of the School Districts, unless mandated by law. The Massachusetts DESE requires that ratings be confidentially submitted on an annual basis.

E) The Educator and Evaluator will sign each document related to evaluation. Electronic signatures are acceptable. A signature indicates that the Educator has received and read the document, and it does not necessarily indicate that the Educator agrees with the contents.

F) Forms and documents will be jointly created and agreed to by the District and Association.

G) Educators can submit a response to any documents throughout the process within two weeks. These responses will be kept with the evaluation record.

APPENDIX D
WORKING GROUPS

1. High School Teaching Periods
   A Study Committee composed of teachers, department leaders, ABEA building representatives, the Principal, and the Superintendent, or designee, shall be convened by October 1, 2021 for the purpose of recommending a course of action regarding equity in teaching load and scheduling at the high school.

2. Professional Learning Funding
   The Association and the Committee agree to form a working group to investigate and establish a policy for a more equitable distribution of funds for professional learning opportunities. Such a group will begin its deliberations within two months of the ratification of this contract, and every effort will be made to produce a recommendation to the Association and Committee within two months of the group’s first meeting. Upon completion of the working group’s deliberations, the two parties agree to reopen the contract for the sole purpose of amending the first paragraph under 17.1.
LETTER OF AGREEMENT REGARDING
SENIOR HIGH DUTIES

Side Letter of Agreement

The School Committee will commit at least $25,000 in 1998-1999 for the purpose of implementing the concept of a duty free high school. These sums are specifically for the purpose of implementing the concept of a duty free duty by reduction of supervisory duties by teachers as determined by the Administration. Incremental implementation will continue over the life of the successor agreement(s) starting in the year 1999-2000. The goal of the School Committee would be full implementation by June 30, 2002.

This side letter will not be subject to grievance and arbitration during the period of the successor agreement. The AEA also recognizes that the positions created by this agreement will be reduced before any certified staff will be RIF'ed. In this event, teacher will resume duty coverage as needed.

Paid Chaperoning Guidelines

In order for a staff member to be paid for chaperoning a school event the following criteria must be met:

- The event must be school-sponsored and occur after school hours or on a weekend.
- The event must require the active chaperoning or monitoring of students. The event would not be able to run without the presence of chaperones.
- Chaperones must stay for the entire duration of the event to be paid. The approximate length of the event will be provided in advance by the event sponsor or activity advisor and the exact length will be determined at the end of the event.
- The chaperone list must be approved by the activity or event sponsor.
- The event sponsor or activity advisor is responsible for submitting time sheets for chaperones within one week of the event.
- Chaperone stipends will be funded by the organization sponsoring the activity.
- Event sponsors/advisors cannot be paid for chaperoning an event if they are receiving a stipend for advising the sponsoring club or activity (i.e. the junior class advisor cannot be paid for chaperoning a junior class dance, but the other teachers volunteering to chaperone can be paid).
- Staff members participating in an event should not be considered to be chaperones (e.g. a staff member playing basketball for a student-faculty game or performing in a student-faculty talent show).
- Certain events are excluded from paying chaperones. These include:
  - Events where the sponsoring organization is paying the ticket cost for the chaperone’s attendance (e.g. senior prom).
  - School-based celebratory events that encourage staff participation but do not require active chaperoning (e.g. school graduations, elementary school ice cream socials).
  - Athletic event duties since these are paid for by the Athletic Department (e.g. varsity basketball game crowd control).
  - Events where parents have the primary responsibility for monitoring their own children.
7.13.1 As a possible incentive for early retirement, a sum of money will be paid to a teacher at the first pay period in September of the calendar year in which an eligible teacher retires or resigns effective at the close of the school year in the preceding June. The amount shall be calculated by multiplying the difference between the teacher’s last annual Schedule A salary and that for Step One on the bachelor’s level for that same year and the relevant multiplication factor set out below. This means that when calculating a teacher’s early retirement amount, the current Step One Bachelor’s amount will be subtracted from the individual’s base salary (including supermax) as determined by the Schedule A Base Annual Salary schedule. Compensation for extra duty activities (e.g. department chair, coaching stipends, etc.) and Experience Increments payments under Article 7.4b shall not be considered.

7.13.2 Although a teacher need not be eligible for benefits from the Retirement System or be receiving said benefits in order to qualify under Section 7.12, a teacher must have taught in the Acton or Boxborough or Acton/Boxborough School Systems for a minimum of fifteen (15) years including the year in which the payment is received in order to be eligible. Periods of paid or unpaid leave shall not count as time taught, except that time under Sections 8.2, 8.3, 8.4, 8.9.2, 8.19, and up to twenty-one (21) days per year under Section 8.1.1 shall count as time taught. Notwithstanding this limit on time under Section 8.1.1, sick time taken for work-related illness or injury shall count as time taught without limit. Work-related injury shall be defined as sick leave taken pursuant to filing for and receiving workers’ compensation benefits. Written notice of intent to retire must be received no later than December 15 of the teacher’s final year of employment. If unforeseen circumstances occur after this date which creates a hardship for a teacher, the Superintendent may permit on a non-precedent setting basis, waiving the notice date of December 15. If unforeseen circumstances exist which create a hardship for a teacher who has given notice to retire, the Superintendent may permit on a non-precedent setting basis waiving the irrevocability of the retirement. The Superintendent’s decision is final and shall not be subject to the grievance and arbitration provision of this agreement.

7.13.3 Multiplication factors shall be as follows:

<table>
<thead>
<tr>
<th>Teacher’s age on June 30 in the year of retirement or resignation</th>
<th>Multiplication Factor</th>
</tr>
</thead>
<tbody>
<tr>
<td>50-55</td>
<td>1.2</td>

<td>0.9</td>
</tr>
<tr>
<td>63-64</td>

</tr>
<tr>
<td>65</td>
<td>0.7</td>
</tr>
</tbody>
</table>
For 2020-2021 the BA level for this section shall be $50,670.

7.13.4 No teacher retiring subsequent to June 30, 2021 shall be eligible for benefits under any

7.13.5 Any amounts otherwise payable to a teacher under any provisions of this Article 7.12 shall be reduced, on a dollar for dollar basis, by the gross amounts payable to such teacher as Experience Increments under Article 7.4b, and such Experience Increments payments shall be deemed to have been paid as an advance against the amounts payable to such teacher under this Article.
